Consumption can be Cured! RS. MARY BOWERS, wife of Henry Bowers, was for a length of time afflicted with a "Pulmonary Complaint," which defied the united skill of several emment physicians. Dyspepsia.

WE have frequently witnessed the ravages of this disease, and have heard and read of many remedies, but far oftener saw them fail than re--ult in success. The writer, however, of the letter to the agent of Dr. Harlich's Compound Strengthening and German Aperient Pills, has long been known to us, and fr m an invalid, as he is delineated, we now know and meet him daily as a hale hearty man. Though no advocate of nostrums of any kind, we cannot withhold a notice of what we consider the efficacies and virtues of Harlich's Compound Strengthering and German Aperient Pills, the case before us is a living monument to both .-

They are said to be a very safe and ets feetual remody, for many of the distressing diseases of the present day. A fair trial will convince the

Colds. Coughs, and Consumption. FIRESE universal complaints we find in almost every family, attended with more or less severity, at the same time regarded by some with very little attention, until they begin to assume a serious character. Why are patients so neglectful of themselves, when they know that their health is all in all ! Are they not aware that it requires a much longer time to arrest a disease when suffered to knit its threads upon the vitals? Will those who desire health take good advice, and always be provided with a few bottles of "Dr. Duncan's Expectorant Remedy," whereby they can immediately arrest the

Dr. Hariich's medicines are daily increasing in public favor, and want from any but a fair trial to establish their worth. We have a communication in our columns to-day from a person long afflicted, which is but one of many vouchers for this mediome .- Spirit of the Times,
