

The viscera of both the chest and abdomen were perfectly sound, showing that the individual had but recently died and without the evidence of disease. I am, &c., ALEXANDER E. ROSACK.

SPECIES.—On the 28th ult, the ship Troy arrived at New Orleans from New York with \$98,500; the brig Wagram from Boston, with \$2,000 and the ship Edouard from Havre with \$42,000.

The ship Algonquin from Philadelphia arrived at Mobile with \$90,000.

SUDDEN DEATH.—The Hon. J. W. Williams, member of Congress from Maryland, died lately, while on his way to Washington in his private carriage.

IMPORTANT.—THE WEATHER AND ITS EFFECTS.—The sudden changes of the weather will be productive of much sickness, unless people are careful to attend to the state of the stomach and bowels. If this is done no danger will arise; but on the first feeling of headache, pain in the side, back or bowels, have recourse to *Brandt's Vegetable Universal Pills*. Six or eight of these pills will in most cases be sufficient. And one dose of this kind, it is not improbable, may prevent months of sickness, perhaps death.

They will, if used during the prevalence of any cause for disease, entirely prevent fatal results; because they remove from the stomach and bowels all morbid matters that may have accumulated in the system, by inhaling impure air, or from eating unwholesome food.

It is at all times easier to prevent than to cure disease, because by taking a preventive course we do not debilitate the natural functions of the body, but rather strengthen and assist them; the peculiar action of *Brandt's Vegetable Universal Pills* is to cleanse the blood from all impurities, remove every cause of pain or weakness, and preserve the constitution in such a state of health and vigor as cannot be easily affected.

Hathaway's COOKING STOVE.

I HAVE now in my kitchen one of HATHAWAY'S PATENT HOT AIR COOKING STOVES, and take pleasure in recommending it to the public as superior to the best apparatus for cooking that I have any knowledge of. The oven is at least twice as large as any other, in proportion to the size of the stove, and is superior to any oven for roasting, and baking bread, pies, biscuits, &c., and I do not hesitate to give my opinion, that Mr. Hathaway's Stove will do three times the amount of cooking, do it better and in less time, and with less fuel and labor, than any other stove of equal dimensions. JOHN HAUS, December 3d, 1842.
