Liverwort and several other vegetable substances. Prepared only by J. M. Wissiow, Rochester, New

The innocence and universally admitted pectoral virtues of the Herbs from which the Balsam of Herehound is made, are too generally known to require recommendation; it is therefore only necessary to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated and so happily combined with several other vegetable substances, as to render it the most speedy mild and certain remedy, now in use, for the com plaints shove mentioned.

The Balsam removes all imflammation and sore ness of the Lungs, loosens tough visid phlegm, enabling the patient to expectorate with ease and freedom, assuages cough, relieves athmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a speedy and tasting cure.
