Latest from Texas.

The Texan papers are to the 13th inst. On the 14th, the day following, the national vessels were to be sold at public auction. Some of the papers seemed violently opposed to the proceeding. and earnestly called on the citizens of Galveston to oppose it. General Murphy, United States Charge to Texas, has left the seat of Government, (Washington,) and is now in Galveston. Strange rumors are affoat, about the cause of his removal from thence, and other matters in connection therewith. A correspondent, writing from Galveston, pretends to give the reasons :- Philadelphia Ledger.

"General Murphy suspected some secret machinations between the British and Texas Gavernments, highly detrimental to the United States interests, and forthwith set about discovering the nature of the mystery. This he was enabled to do during President Houston's absence at the Indian Treaty Ground-he being furnished with well authenticated and undoubted copies of the entire treasonable correspondence held by the President with the representatives of the British and Mexican Governments-binding himself to send commissions to recognize the nominal sovereignty of Mexico, provided that Government will thereupon cede Texas to Great Britain, for a consideration ! Texas will then be a British Province, by cession from Mexico, and consent of the Executive of the Republic !- the confirmation of the Senate and sanction of the people can be relied on-it is supposed -after sustaining the ordeal which the President has led them through. Once a province of Great Britain, and the immediate abolition of slavery follows, as a matter of course-but a "consideration" is secured for the slave-holder. Free ports, cheap goods, &c. &., and the consequent influx of European population, will soon compensate the people for the empty name of a Republic, which has mocked their ears during Houston's arbitrary reign! But what, you ask, is to be the Traitor's reward ! I Plough, GOVERNOR GENERAL FOR LIFE, WITH A LARGE SALARY AND A RIGH-SOUNDING TITLE, WILL BRIBE | 2 Setts of harness, HOUSTON TO SELL HIS COUNTRY! The correst 1 Cow, pondence which I allude to fully explains the mys- 1 Heiffer, tery of the President's war against the Navy, The vessels were to be sold in New Orleans last spring -after which the Mexican Navy were to take 1 Of 21 acres more or less of wheat in the Galveston and control the coast-to be secured by a formidable inland invasion. The cession to England was then to follow, by agreement; and the poeple of Texas would look upon their new masters as very saviours, and adopt any form of government that their deliverers might prescribe."

Mr. McDurrie,-The Washington (Georgia) News of the 14th ult. says:-"Mr. McDuffie asristed at a political discussion fast week, in Elbert county, when he was met by nine of the Georgia Whigs, in which, somewhat to the astonishment of the Democrats, he confessed that his opinions relative to the constitutionality of a United States Bank were unchanged, he still believed it to be constitutional. Though his health was very much improved, be contemplates retiring from the U.S. Senate next year.

R mling, March 14, 1843. Mu. Oakter:-I believe it the duty of every ne to do whatever in their power lies, for the benfit of their fellow man, and having had positive proof in my own family, of the wenderful properties of your Deparative Syrop of Sassapariila, I mest conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them, and had tried all the known remedies, including Swaims Panacca, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so flensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the olcors commenced healing immediately, a few bottler entirely restored her to ever since. As a purifier of the blood, I verily believe it has not its equal.
