

POLK, DALLAS AND MUHLENBERG.

Grand Democratic Mass Meeting,
AT NORTUMBERLAND,
On Friday, the 20th day of July.

The facility afforded of easy and convenient conveyance by the North and West Branch and Susquehanna Division of the Pennsylvania Canal, makes this a central and desirable point for a grand demonstration to "YOUNG HICKORY," DALLAS, MUHLENBERG AND VICTORY.

We most cordially invite the Democracy of neighboring districts to unite with us, and send greeting to the several districts, in adjoining counties, with the assurance that the indomitable spirit of enthusiasm, every where animating the yeomanry with a determination to avert the calamity of Federal ascendancy, (and its attendant train of evils of misrule—a National Bank, the \$200,000,000 debt scheme—creating and perpetuating odious and aristocratic distinction and privileges), gives earnest that the 26th of July will be a proud day for Democracy.

RALLY FREEMEN! Let the Farmer, the Mechanic and Working men rest from their labors, and devote a day to the glorious cause, their rights and liberties—TO JEFFERSON AND OLD HICKORY DEMOCRACY.

A number of the most eloquent and distinguished Speakers have been invited and it is expected will be present on the great occasion. The names of the distinguished Speakers will be announced in due time, as their answers of acceptance shall be received.

James Deffenbacher, Jacob Leisenring, William Wilson, John Youngman, Jacob Reiter, John Vandling, John Coker, Robert Lesher, Joseph Meist, John Peters, Joseph Hoppolter, J. W. Stamm.

THE PIN FACTORY OF MESSRS. SLOCUM, JILSON & CO., at Poughkeepsie, manufactures 1,300 lbs. of pins per day, of various sizes, and they are getting additional machinery ready, by which they can soon manufacture 2,500 lbs. daily.

BALTIMORE MARKET.
Office of the BALTIMORE AMERICAN, July 1.
WHEAT—Several parcels of new Wheat from the Eastern Shore of Md. and Virginia have reached the market and been sold at \$7.90 cts. for prime reds. A very superior parcel of red from Talbot county was sold at 94 cts. One or two lots of Md. white Wheat sold at 92 cts. A parcel of 1500 bushels Pennsylvania old red sold at 92 cts. Corn is dull at 35 cts for Md. white, and 41 and 42 cts. for yellow. A sale of Penn. Rye at 56 cts. We quote Oats at 28 and 30 cts.

WHISKEY—The market continues dull at 21 cts. for hhds, and 22 and 23 cts. for blbls.

FOR THE AMERICAN.
Mr. Editor:—Myself and neighbors are decidedly in favor of again nominating EDWARD V. BRIGHT, as the Democratic candidate for the Assembly. Mr. Bright made a very good member—he was active and industrious—always at his post, and did his duty faithfully. He was chairman of a very important Committee, and one that required a great deal of attention and labor. His appointment to this station shows that he had the respect and confidence of his fellow members, and he says that we never sent a more industrious and attentive member.

Mr. Bright took an active and leading part in attending the expenses of the Legislature, and in introducing principles of economy into every branch of the Government. He was on the Committee of Accounts, through whose exertions the reform which distinguished the last Legislature was brought about. He went about saving the people's money in earnest. A few days after the opening of the session, he offered the resolution which became a law, giving the Public Printing and Binding to the lowest bidder. This measure one will save about TEN THOUSAND DOLLARS annually.

It was suspected that great frauds had been committed by the printers under former laws. The committee on Accounts set about the investigation of these accounts, with a determination to root out the frauds. Mr. Bright was one of the most industrious and persevering members of that committee. The result was that overcharges of a printer, to the amount of thirteen thousand dollars, were discovered and suits directed to be ought to recover that sum back into the Treasury. The contingent expenses of the last Legislature are not one fifth of the expenses of the preceding. Some \$15 or \$20,000 were saved to the Commonwealth in this matter alone, by the care of economy of the Committee of Accounts.

Mr. Bright then has done his duty faithfully and nestly. He has carried out the wishes of the people, and ought to be re-elected unanimously, and to whom honor is due. Let the faithful public servant be rewarded, and the best interests the people will be faithfully represented.

IMPORTANT.—The weather and its effects.—The sudden changes of the weather will be productive of much sickness, unless people are careful to attend to the state of the stomach and bowels. If this is done no danger will arise; but on the first feeling of headache, pain in the side, back or bowels, have recourse to Brandreth's Vegetable Universal Pills. Six or eight of these Pills will in most cases be sufficient. And one dose of this kind, it is not improvable, may prevent months of sickness, perhaps death. They will, if used during the prevalence of any cause for disease, entirely prevent fatal results; because they remove from the stomach and bowels any morbid matters that may have accumulated in the system by inhaling impure air, or from eating unwholesome food.

The Philosophical WASHING MACHINE.
THIS WASHING MACHINE, plain and simple in its construction, cannot fail to find its way into every family when its real value becomes known. The price (six dollars) is fixed at the lowest rate, in order to enable every family to obtain one. The inventor guarantees that it will not require more than one fourth the usual quantity of soap—that it will wash in one-third the usual time, and what is a matter of great importance, the wear and tear is so small, or at least so little, that it is not perceptible, so that finest black worsted and woollen can be washed, if necessary, in the same suds with linen and cotton. This may seem strange to those who do not know the principle upon which it works. It is the only machine ever invented that washes upon the principle of the friction of wet clothes. All others wash upon the principle of friction or rubbing, by bringing the clothes in contact with some part of the machine. Independent of the great saving of labor, economy should bring it into general use. The poor man cannot afford to do without it, while the rich man will use it for convenience, if nothing else. Large families will save from five to fifteen dollars a year in soap alone, and not less than 50 per cent. in the wear and tear of clothes, besides the great saving of labor and expense in washing. The subscriber will guarantee that it will perform all that he has stated, if properly used. He has secured from the patentee, the right to Northumberland, Union, Lycoming, Columbia, Luzerne and Clinton counties.

COMMISSIONER.
I HEREBY offer myself to the Electors of Northumberland County, as a candidate for the office of COUNTY COMMISSIONER.

THE LIVING AGE,
PUBLISHED EVERY SATURDAY,
AT 12 1/2 CENTS A NUMBER.

ON the 11th of May, 1844, we propose to issue the first number of a work to be composed chiefly of choice articles from the Periodical Literature of Europe.

Boston having become the point of communication with the Old World, and the intercourse being now so frequent, we think it the best location for our office, and believe that such a compilation may be issued once a week, from this city, as will be read with pleasure and profit in all parts of the United States.

THE LIVING AGE will be conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public, for the past 20 years,) but as it will be twice as large, and will appear so often, we shall not only give spirit and freshness to it by many things which were excluded by a month's delay, but shall also, while thus extending our scope and gathering a greater and more attractive variety,—be able so to increase the solid and substantial part of our literary, historical and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and costly Essays of the Edinburgh Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain scenery; and the contributions to Literature, History and common life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenaeum, the busy and industrious British Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these shall be intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tatler's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. We shall not consider it beneath our dignity to borrow wit and wisdom from Punch; and, when we think it good enough, shall use the thunder of The Times. We shall increase our variety by importations from the continent of Europe, and from the new growth of the British Colonies.

Geographical discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, will be favorite matter for our selections; and in general, we shall systematically and very fully acquaint our readers with the great department of Foreign affairs.

While we aspire to make the LIVING AGE desirable to all who wish to keep themselves informed of the rapid progress of the movement,—to Statesmen, Divines, Lawyers and Physicians—to men of business, and to men of leisure—it is a still stronger object of our ambition to make it attractive and useful to their Wives and Children. We believe that we can thus do some good in our day and generation; and hope to make the work indispensable in every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

We hope, that by "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biographies, Voyages and Travels, History, and more solid matter, we may produce a work which shall be popular, while at the same time it will aspire to raise the standard of public taste.

The Living Age will be a large pamphlet, handsomely printed, and stitched in a cover, containing as much matter as an ordinary duodecimo volume, and upon good type and paper.

Each number sold separately, and with the usual discount to wholesale dealers. Persons at a distance will be supplied by mail, on their remitting to us any sum of money
