

Letter from Gen. Jackson.

Below we give another letter from the old Hero of the Hermitage. It speaks for itself:—

"HERMITAGE, July 12, 1844. Sir—I have just received your letter of the 20th ult. informing me that— recently declared 'that he travelled through Tennessee at the time Mr. Polk was for the first time a candidate for Governor, and that his opponents, the Whigs, then brought the charge of his grandfather's being a Tory, against him, and that the democrats of Tennessee met the charge by throwing it upon the North Carolina branch of the Polk family, that is, Col. Thomas Polk; and you desire me to state, for your information and that of the people, what I know of the facts.

In reply, I state with pleasure, that I know all the old stock of the Polks, Col. Thomas Polk, father of Col. William Polk, and Ezekiel Polk, grandfather of Col. James K. Polk. They were all good '76 Whigs. Old Col. Thomas Polk was the first mover of independence in Mecklenburg county. All the Polks then grown were good '76 Whigs, and Col. William Polk, son of Thomas, was twice wounded in the war of the revolution, and I think he had a brother killed in battle. I never knew one branch of the family to be charged with Toryism before. If such a rumor was circulated during the canvass referred to, I never heard of it.

I am gratified thus to be able to give my testimony to the revolutionary services and patriotism of the Polk family, with many of whose members I have been intimate the greater part of my life.

It seems that in these times no character is safe against the slanderer, for there never was less excuse for it than in the case of Col. Polk. I have known him since he was a boy. A citizen more exemplary in his moral department, more punctual and exact in business, more energetic and manly in the expression of his opinion, and more patriotic, does not live.

I am, respectfully, Your obedient servant, ANDREW JACKSON.

The Presidential Election.

The following is the best and fairest calculation we can hit upon in relation to the chances of Messrs. Clay and Polk. Its only error is in conceding to Mr. Clay several States that will probably go for his opponent.—Phil. Times. States claimed by Mr. Clay: Vermont, 12; New Hampshire, 9; Rhode Island, 4; New York, 36; Connecticut, 6; New Jersey, 7; Pennsylvania, 29; Maryland, 8; South Carolina, 9; North Carolina, 11; Alabama, 6; Georgia, 10; Mississippi, 6; Louisiana, 6; Arkansas, 3; Tennessee, 13; Michigan, 5; Indiana, 12; Illinois, 9; Ohio, 23; Missouri, 6; Kentucky, 12; Virginia, 17.

CONVENTION OF THE PROTESTANT EPISCOPAL CHURCH.—THE BISHOP STATED.—At the Annual Convention of Protestant Episcopal Church, held in New York, on Thursday, the principal topic of discussion related to the powers of the President of the Convention and the privileges of members. It being proposed to modify the rules so as to allow freedom of discussion, and restricting the powers of the President to such as are usually exercised by chairmen of deliberative bodies. The President considered that the rules of the Convention, passed in 1832, were intended to be perpetual, and held them to be binding upon the chair; therefore he decided that the proposition was out of order. Mr. Duer appealed from the decision. The Convention sustained the Bishop's decision by a vote of 170 to 60.

A lot of Pennsylvania yellow sold at 48 cts. Oats were worth 22 a 23 cts. We quote Rye at 88 a 89 cts. for Md.

DR. BRANDBRETH wishes mankind to consider this truth, that health solely depends on the state of purity in which the blood is kept, every part of the body being supplied daily with new blood from the food consumed; consequently, according to the pureness of that blood, so must the state of the body be more or less healthy. To obtain, therefore, the most direct purifier of the blood, is a question of no little importance to every individual. It is a well known fact that Brandreth's Vegetable Universal Pills are the most direct purifier of the blood. There will be no doubt of this when it is considered that they have gained their present very extensive sale by their own intrinsic merit, proved by the numerous cures which they have accomplished in every variety of disease.

Purchase of H. B. Masser, Sunbury, or of the agents, published in another part of this paper.

THE POTATO DISEASE.—A farmer who has examined into this disease of a valuable vegetable, says, he finds that the vines of those potatoes which are rotten, are hollow for 4 or 5 inches above the surface of the ground and bear the appearance of having been eaten by an insect. In many cases he discovered a small green colored maggot in the cavity. That's the cause.

SHUGERT'S PATENT WASHING MACHINE.

THIS Machine has now been tested by more than thirty families in this neighborhood, and has given entire satisfaction. It is so simple in its construction, that it cannot get out of order. It contains no iron to rust, and no springs or rollers to get out of repair. It will do twice as much washing, with less than half the wear and tear of any of the late inventions, and what is of greater importance, it costs but little over half as much as other washing machines. The subscriber has the exclusive right for Northumberland, Union, Leaning, Columbia, Luzerne and Clinton counties. Price of single machine \$6. H. B. MASSER. The following certificate is from a few of those who have used these machines in use.

We, the subscribers, certify that we have now in use, in our families, Shugert's Patent Washing Machine, and do not hesitate saying that it is a most excellent invention. That, in washing, it will save more than one half the usual labor. That it does not require more than one third the usual quantity of soap and water; and that there is no rubbing, and consequently little or no wearing or tearing.—That it knocks off no buttons, and that the finest clothes, such as collars, laces, tucks, trills, &c., may be washed in a very short time without the least injury, and in fact without any apparent wear and tear, whatever. We therefore cheerfully recommend it to our friends and to the public, as a most useful and labor saving machine. CHARLES W. HEGINS, A. JORDAN, CHS. WEAVER, CHS. PLEASANTS, GIDEON MARKLE, Hon. GEO. C. WELKER, BENJ. HENDRICKS, GIDEON LEISENBERG.

HERR'S HOTEL, (formerly Tremont House, No. 116 Chestnut street,) Philadelphia, September 21st, 1844.

I have used Shugert's Patent Washing Machine in my house upwards of eight months, and do not hesitate to say that I deem it one of the most useful and valuable labor-saving machines ever invented. I formerly kept two women continually occupied in washing, who now do as much in two days as they then did in one week. There is no wear or tear in washing, and it requires not more than one-third the usual quantity of soap. I have had a number of other machines in my family, but this is so decidedly superior to every thing else, and so little liable to get out of repair, that I would not do without one if they should cost ten times the price they are sold for.
