

MORSE'S ELECTRIC-MAGNETIC TELEGRAPH.—This wonderful machine is likely, ere long, to become a successful rival to all other modes of transmitting business and social communications from place to place. With a line of the telegraphic conductors extending from this city to New York, the merchants of either city would no longer send their letters by mail or express, and be subject to a delay of thirty-six hours for the answer. They would be compelled, by the natural course of events, to use the telegraphic conveyance, by which means they might get an answer to their communications in from half an hour to an hour and a half, according to the distance their correspondents might be from the telegraphic office. It would require no longer time to communicate with New Orleans, if the telegraphic conductors extended thus far, than it would with New York, or than it would between Eighth street and Court street in this city, where the telegraph is now in operation. The only time consumed is that required for striking the characters (the electric fluid travelling the circuit of the conductors at a velocity of 180,000 miles in a second) and Professor Morse has made 100 of the characters in a minute, through a long communication between Washington and Baltimore. It would, therefore, require but ten minutes to transmit a communication of 1,000 letters, which would be much larger than the majority of business letters. Professor Morse has a system, also, by which all communications through the telegraph are made private. The most private business letters, or the great glowing epistle of love may be communicated through the telegraph, without a word or sentence being intelligible to any one but the writer and his correspondent.—Boston Daily Advertiser.

IMPROVEMENT IN THE MANUFACTURE OF IRON.—The attention of the ironmasters has been attracted to a process of considerable importance recently introduced into their manufacture. The application of electricity, to supersede several of the expensive processes, has been tried in the Welsh and Derbyshire furnaces with satisfactory results. It appears that the costly fuel and labor required for the purification of the iron ore sulphur, phosphorus, and such subtle elements, create its high market value; and these being all electric negative, have introduced the new process, whereby the impure stream of metal, after flowing from the blast, is, in its moment of consolidation, subjected to a powerful electric battery, which so disengages the impure elements that in the process of puddling they are readily extracted. The London blacksmiths, it is stated, have tested this iron after a single heating, and pronounce it equal to the best metal in the market. By the same process an experiment was tried by Dr. Ure, by whom a dried iron was held in contact with a moderate red heat, and that gentleman is understood to have stated that in a few hours the metal was converted into steel. Should these facts prove what they seem, they are calculated to affect most of this seriously important branch of our trade.—English paper.

Some fellow describes woman as "a sign on which to hang dry goods." The ladies can remark by describing such slanders as blocks upon which tailors exhibit their skill.

BALTIMORE MARKET.
Office of the BALTIMORE AMERICAN, Nov. 11.
GRAIN.—The supply of Wheat today was light. The sales are steady at 85 a 90 cents for soft to strictly prime reds, and at 75 a 88 cents inferior to good.—Sales of Corn, old and new, 31 a 42 cents for white, and 41 a 45 cents for yellow. Sales of Oats at 25 a 26 cts.
WHISKEY.—The demand is very limited at 5 cents for bids. We quote bids at 25 a 27 cts.

PURIFY THE BLOOD.—As the blood is the life-giving course it is subject to continual waste, nature has provided for the supply of the exhausted system, by the conversion of our food into new food. But whilst such ample means are provided, the manufacture of new blood, nature has been less successful in providing for the expiation of it which is used and decayed. This important office is performed by the bowels, and when nature (who is always struggling to throw off offending matter) requires assistance in her benevolent intention, Brand's Vegetable Universal Pills will be found amply adapted to the purpose, because they remove through the stomach & bowels all corrupt humors from the body, in an easy, safe and efficient manner, producing no effect but what will finally conduce to the perfect purification of the blood, and thereby cure the disease, (by whatever name it may be called) and restore perfect health to the whole system.

EVAN LUTHERAN SYNOD OF East Pennsylvania,
MET at Reading in the preceding week, and among other important business, passed a resolution on account of the deplorable condition of the Church, to appoint the first Thursday in December next as a day of humiliation and prayer. It is hoped that Christians of all denominations will humble themselves, and pray with us for a revival of Religion, on said day. J. P. SHINDLER, Nov. 16. President of the Synod.

Assignees' Sale
OF
VALUABLE COAL LANDS,
Situate in Coal Township, Northumberland County, Pennsylvania.

WILL be sold at public auction, at the Exchange, in the city of Philadelphia, on **THURSDAY, the 28th inst.**
the following tracts of Anthracite Coal Lands, to-wit:
No. 1, Containing 212 acres, strict measure, it being the equal undivided one-fourth part of **BUCK RIDGE TRACT,** which contains, by estimate, in all 848 acres, strict measure.
Upon this tract there are several mines opened; some of them are now being worked. Thereon are also erected four two-story **DOUBLE FRAME Dwelling Houses,** built to accommodate eight families; a Frame Stable, Smith Shop, a branch Rail Road, about a quarter of a mile in length, leading from the Sunbury and Danville and Pottsville Rail Road to the coal mines; and other improvements suitable for a coal-mining colony.
Buck Run passes through the middle of this tract.
No. 2, Containing 373 acres 434 perches, strict measure, it being the equal undivided one half part of **GREEN RIDGE TRACT,** which contains, by estimate, in all, 1874 acres 87 perches, strict measure. The Sunbury and Danville and Pottsville Rail Road passes through it, (over the middle) and also the Shamokin creek. Valuable mines of Iron Ore, and a great number of Coal Veins, have been discovered and opened upon this tract; but none of the coal veins have yet been worked for market.
The above one half of the tract will be sold together, or in two equal one fourth parts, of 468 acres 1014 perches each, to suit purchasers.
No. 3, Containing 226 acres, strict measure, it being the undivided one half part of the **ESTHER CREAMOR TRACT,** containing, by estimate, in all, 452 acres strict measure. Valuable Iron Ore has been found upon this tract. Thereon are also erected a **SMALL DWELLING HOUSE** and a **Saw-Mill**, upon a branch of Shamokin creek, which passes through it. A Large Anthracite Furnace, now in blast, is situated within a quarter of a mile of Buck Ridge, and within a mile of Green Ridge and Esther Creamor tracts.
The whole of the above described Lands are situated in the **Shamokin Coal Region,** near the town of Shamokin, which is 19 miles by rail road to Sunbury, and 30 miles by the proposed improved route, without inclined planes, to Pottsville. They are all well timbered, and are all **Coal Land** except about 20 acres of Buck Ridge, running into the adjoining red shell. And in quantity and quality of Coal, together with convenient adaptation by railways, for numerous openings for mines above water level, they are not inferior to any Land in this region, or perhaps in Pennsylvania.
Persons wishing to view the Lands are respectfully referred to Mr. John Bull, of Sunbury; and for further particulars respecting them, and the region generally, to the subscriber, at Lancaster, or Buck Paterson, Esq., at Pottsville.
Specimens of the Coal and Iron Ore, and a map of the Lands, together with a more particular description of the region, will be left at the Exchange in Philadelphia for inspection.
Sale will commence at 7 o'clock, P. M., when conditions will be made known, and attendance given, by
JAMES B. LANE,
Assignee of George Heckert.

Observe, none are genuine without the signature of **JOHN A. CANTRELL.**

Cantrell's Ague Mixture, or Tonic Medicament.
For the cure of all Bilious affections, if taken according to directions.
It is a never failing remedy which no family ought to be without, especially in low marshy countries.
As this medicine is put up under the proprietor's immediate inspection on the most scientific principles, being Purely Vegetable, and having tried its efficacy on thousands, for upwards of 12 years, and to his knowledge when taken strictly according to directions, there has not been a failure. Under such circumstances I recommend it to the public, adding a certificate in support of my assertion.
I, John Burns, do certify that I was in the ship Tobacco Plant of Philadelphia, Capt. Reed, in June, 1827, bound to Liverpool; took the fever and ague and laid in Liverpool some time under the doctor's hands, went from there to Baltimore, lay in the Infirmary for four or five weeks—from thence to Philadelphia; was six months under Dr. Coats; and from thence to New York, went to the Hospital, remained there about four weeks without any relief—tried every thing without any benefit for five years. Hearing of Cantrell's Ague Mixture from a friend, I went to his store, told him how I was afflicted, and got a bottle of his mixture and used it according to directions. It made a perfect cure, and I have not had the least return since. I do with confidence recommend it to the public.
JOHN BURNS.

Medicated Syrup of Sarsaparilla.
Philadelphia, April 10th, 1844.
Dear Sir,—Having been afflicted for upwards of two years with ulceration of the throat, destroying the whole of the soft palate, then through the upper part of my mouth into my nose, from which several pieces of bone came out, which partially destroyed my speech, through a kind Providence and your Medicated Syrup of Sarsaparilla, I am now restored to perfect health, and my sight, which was so much impaired, is as strong as when a boy.
I thought it a duty I owed to you and those similarly affected, to make it public.
Yours, R. Spee fully,
SAMUEL KIRK,
Corner of Teuth and Coates Streets.

Dr. GEORGE W. ALLEN,
Dear Sir—It is with great pleasure that I inform you of the success attending your Dyspeptic Medicine, which employed in my practice. From past experience, I firmly believe that in eight cases out of ten, the Dyspeptic, by the use of your medicine, may cure by himself of the morbid in the pathway of life; not only in dyspeptic cases, but in all cases of constipation, and diseases depending on a debilitated state of the nervous system, together with a torpid state of the bowels, will your Elixir befriend of inestimable value. Numerous instances wherein the usefulness of the medicine has been realized, may be forwarded, if required. I wish you great success, and recommend the medicine to the suffering part of mankind.
Yours, with great respect,

SHUGERT'S PATENT WASHING MACHINE.
THIS Machine has now been tested by more than thirty families in this neighborhood, and has given entire satisfaction. It is so simple in its construction, that it cannot get out of order. It contains no iron to rust, and no springs or rollers to get out of repair. It will do twice as much washing, with less than half the wear and tear of any of the late inventions, and what is of greater importance, it costs but little over half as much as other washing machines.
The subscriber has the exclusive right for Northumberland, Union, Lycoming, Columbia, Luzerne and Clinton counties. Price of single machine \$5.
H. B. MASSER.
The following certificate is from a few of those who have these machines in use.
Sunbury, Aug. 24, 1844.
We, the subscribers, certify that we have now in use, in our families, Shugert's Patent Washing Machine, and do not hesitate saying that it is a most excellent invention. That, in washing, it will save more than one half the usual labor.—That it does not require more than one third the usual quantity of soap and water; and that there is no rubbing, and consequently, little or no wearing or tearing.—That it knocks off all buttons, and that the finest clothes, such as collars, hems, towels, table, &c., may be washed in a very short time without the least injury, a 3 or 4 feet without any apparent wear and tear, whatever. We therefore cheerfully recommend it to our friends and to the public, as a most useful and labor saving machine.

HERB HOTEL, (formerly Tremont House, No. 116 Chestnut street) Philadelphia, September 21st, 1844.
I have used Shugert's Patent Washing Machine in my house a great number of months, and do not hesitate to say that I deem it one of the most useful and valuable labor-saving machines ever invented. I formerly kept two women continually occupied in washing, who now do as much in two days as they then did in one week. There is no wear or tear in washing, and it requires not more than one-third the usual quantity of soap. I have had a number of other machines in my family, but this is so decidedly superior to every thing else, and so little liable to get out of repair, that I would not do without one if they should cost ten times the price they are sold for.

No. 6, A lot of ground adjoining Selinsgrove and Penns creek, and fronting on Walnut street, containing about half an acre of ground.—Price, \$200.
CANAL PROPERTY & WARE & STORE HOUSES.
No. 7, A very valuable property on the Pennsylvania Canal, on the Isle of Que, adjoining Selinsgrove. The improvements are such as to facilitate mercantile and trading business to a great extent, and consist of a large two story frame house, and a dry goods store; a large and commodious warehouse, 40 by 80 feet; a long range of stabling; and an extensive wharf, 400 feet long, with hoisting crane, &c. It is situated on the bank side of the canal, and in every respect calculated for an extensive business.—Price, 5,000.
BOAT YARD AND DRY DOCK.
No. 8, A large and convenient Boat Yard on the Pennsylvania Canal, and laying south of and adjoining No. 7. On this property is erected a one and a half story frame dwelling house, well finished; a large shed and office for the accommodation of boat-builders, and also a very complete dry dock, into which boats for repair are floated out of the canal, and into which new boats erected on the yard are also launched. A very desirable property.—Price \$2,000.
FARM OF 200 ACRES.
No. 9, A large and exceedingly valuable farm, containing about 200 acres of choice limestone land, in a highly improved state. On this farm there are about 140 acres under culture, divided by good fences into fields of ten acres; a large two story house with kitchen attached; a well and pump of excellent water at the kitchen door; a large and convenient bank barn with wagon house, sheds and corn crib attached; a large pease house with every convenience for making cider, at the foot of the orchard, which consists of ten acres of choice grafted apple trees and pear trees. Limestone is quarried in any quantity within 100 yards of the farm buildings, where lime is burned. It lays within one mile of the Pennsylvania Canal and Selinsgrove. A very desirable farm.—Price, \$12,000.
FARM OF 220 ACRES.
No. 10, One other large and valuable farm of about 220 acres of limestone land, and also situated within one mile of the canal at Selinsgrove. It is well improved, there being about 130 acres well fenced and under culture, the balance being well timbered with oak, pine, walnut and chestnut timber. The buildings consist of a large and well finished two story frame house with kitchen; a large barn with wagon shed and corn crib, &c. attached; a spring house and never failing spring near the house; a smith shop, and two lime kilns, capable of burning one hundred bushels lime per day, built adjoining an exhaustless lime-tone quarry. There are also three orchards of bearing apple trees on this farm.—Price, \$10,000.
FARM OF 250 ACRES.
No. 11, A farm on Penns Creek, about 3 1/2 miles from the canal at Selinsgrove, with the public road leading from Selinsgrove to New Berlin, the seat of justice of Union county, running through it. It contains about 250 acres, of which there are about 30 acres of first rate meadow land, the balance upland and principally red shale. About one hundred acres are cleared, the balance being well covered with oak, hickory and white pine timber. The buildings consist of a well finished two story frame house with several fine springs of water close at hand, a large log barn, corn crib, spring house, &c. On this farm there is a mill site with 20 feet fall, on a stream of water tributary to Penns creek. This farm might be advantageously divided into two farms, and will be so divided if purchasers desire it.—Price, \$5,000 WATER POWER.
No. 12, A water power on Penns Creek, of 63 feet fall, unimproved. It is situated between the two tracts of Land, Nos. 11 and 13, and within 3 1/2 miles of the Pennsylvania Canal, at Selinsgrove. A public road leads through this tract, along the east bank of Penns creek.—Price, \$500.
WATER POWERS & WOODLAND.
No. 13, A tract of woodland containing about 75 acres, situated on Penns creek, immediately opposite No. 11. This tract is well covered with white oak and pine timber, with Wolf run flowing through it and emptying into Penns creek, affording an excellent site for a saw mill with from twelve to twenty feet fall.—Price, \$1,500.
No. 14, A tract of woodland, unimproved, situated on the east side of Penns creek, adjoining No. 13, containing about 200 acres of excellent red shale upland. Wolf run tributary to Penns creek, runs through this tract, and affords a superior site for a saw mill. The land is heavily set with white oak and pine timber, and is susceptible of being converted into an excellent farm.—Price, \$2,800.
No. 15, One other tract of woodland, unimproved, situated in Penns township, about 3 miles from Selinsgrove, adjoining lands of John Baily, G. Smith and other, containing 187 acres and 125 perches of excellent red shale upland. Wolf run also passes through this tract, affording fine water power. The land is well covered with white oak and pine timber, and is susceptible of being converted into an excellent farm.—Price, \$2,800.
No. 16, A tract of woodland, unimproved, situated in Union township, adjoining lands of Michael Sanders and others, and not more than one mile from Sunbury, on the opposite side of the river Susquehanna, containing about 145 acres. This land is very good red shale soil, capable of being converted into an excellent farm. A stream of water, tributary to the river, flows through this land sufficiently strong for a saw mill. The land is well covered with white oak and pine timber.—Price, \$2,100.
No. 17, A tract of unimproved woodland, situated in Onondago township, Union county, containing 109 acres, adjoining lands of J. Wainmeyer and others. Middleburg is within three miles, and

Middle creek within one mile. There is a saw mill on the tract of land adjoining, at which the timber of this tract can be wrought into boards and other sawed stuff.—Price \$300.
In consideration of the scarcity of money at this time, I will sell any or all the above property on terms to suit the times; and in case cash be offered, a reasonable deduction will be made. Further particulars may be obtained by addressing the subscriber at Selinsgrove, Union county, Pa.

Country Merchants.
THE Subscribers respectfully invite Country Merchants who are about to purchase Fall and Winter Supplies, to an examination of their respective Stocks, believing that their several assortments are as complete as have ever been offered in the Philadelphia Market.
With stocks of Goods in their several Departments of the choicest kinds—a determination to sell on terms which cannot fail to prove satisfactory—and a disposition to please old and new customers, will, we hope, be a sufficient inducement to purchasers to call at our respective establishments,
