Cantrell's Ague Mixture, or Tonic

Medicamenta,

For the cure of all B.bous affections, if taken according to directions. It is a never failing remedy which no family ought to be without, especially in low marshy

countries. As this medicine is put up under the proprietor's immediate inspection on the most scientific principles, being Purely Vegetable, and having tried its efficacy on thousands, for upwards of 12 years, and to his knowledge when taken strictly according to deections, there has not been one failure. Under such circumstances I recommend it to the public, adding a certificate in support of my asser-

I, John Burns, do certify that I was in the ship Tub con Plant of Philadel his, Capt. Reed in June, 1827, bound to Liverpool; took the fever and ague and laid in Liverpool some time under the dector's hands, went from there to Baltimore, lay in the Lafirmary for four or five weeks-from thence to Philadelphis; was six months under Dr. Coats; from thence to New York—went to the Hospital, remained there about four weeks without any relief-tried every thing without any benefit for five years. Hearing of Cantrell's Ague Mixture from a friend, I went to his store, told him h w I was afflicted, and got a bottle of his mixture and used it according to directions. It made a perteet cure, and I have not had the least return since, I do with confidence recommend it to the public, JOHN BURNS.

SHUGERT'S PATENT WASHING MACHINE.

I than thirty families in this neighborhood, and has given entire satisfaction. It is so simple in its construction, that it cannot get out of order. It ecutarus no iron to rust, and no springs or rollers to get not of repair. It wilt do twice as much washing, with less than half the wear and tear of any of the late inventions, and what is of greater in perrance, it costs but little over balf as much as other

HERR'S HOTEL, (formerly Tremont House, No. 116 Ch-snut street,) Philadelphia, Septemb r 21st, 1814. I have used Shugert's Patent Washing Machine

in my house upwards of eight months, and do not hesitate to cay that I deem it one of the mo t uful and valuable labor-saving machines over invened. I formerly kept two women continually ocopied in washing, who naw do as much in ten bys as they then did in one week. There is no wear or tear in washing, and it requires not me-to than one-third the usual quantity of soop. These had a number of other m chines in my family, but cates received in relation to the success of this me this is so decidedly superior to every thing else, and so is the hable to get out of repor, that I would a t to without one if they should cost ten times the price they are sold for.
