

From the Phila. Ledger.
The Song of the Plugged Sailer.
 Ye men of the shore, in kind mercy extend
 Your ear to the woes of the sons of the ocean.
 From the lash of the tyrant we pray you defend
 The tars who'd fight for you with fondest devotion.
 We fear not the storm
 In its mightiest form,
 We've nothing to dread from the voice of the wave,
 But the flesh-cutting lash
 Of the tyrant so rash,
 Gives grief and dismay to the heart of the brave.
 II.
 Ye sons of the free! shall we ask you in vain,
 To strike down a power accur'd in each fa-
 ture?
 Shall the poor outraged tar point to each bloody
 stain?
 And find no relief in your generous nature?
 Shall the sailor's sad wail,
 Swell the loud roaring gale,
 While his blood and his tears mark the deck of
 the brave?
 Ah, let it not be
 On the far distant sea,
 For there are none to protect or to save.
 III.
 All hail to Columbia! the Home of our choice,
 Where floats freedom's flag in the pride of its
 story,
 To fight her just battles her tars will rejoice,
 Or cheerfully die in defence of her glory.
 Then ne'er let it be
 On the far distant sea,
 Where honor and valor alone should prevail,
 That the voice of poor Jack,
 With a blood streaming back,
 Shall mournfully rise on the loud roaring gale.
 COGNAC.

From the Farmers' Cabinet.
POUDRETTE.
 To T. B. Wakeman, Esq., for the N. York
 Farmers' Club.
 DEAR SIR—In reply to your circular of the
 1st inst., I send you the following practical
 facts in relation to concentrated manures, a sub-
 ject which is now claiming very general atten-
 tion. I have selected these reports from dis-
 tant parts of the country, that it may be seen
 that their effects are alike beneficial in dif-
 ferent soils, and in somewhat different climates.
 The first statement is an extract from a letter
 written by Augustus Shriver, Esq., of Carroll
 county, Md., dated Nov. 23d, 1844, to the editor
 of the American Farmer, and is as follows:—
 "I received the Poudreite which you ordered
 for me too late for me to apply it to my corn in
 the hill, which mode of application I am satis-
 fied would be the most advantageous, I there-
 fore mixed it with an equal quantity of ashes
 and a little plaster, and when the corn was
 clearly up, applied about a gill to each hill,
 leaving twelve rows in the field to which I gave
 the same quantity of ashes and plaster alone,
 as has heretofore been my custom. The corn all
 grew finely, and there was no perceptible dif-
 ference in that on which the Poudreite had been
 applied, until the month of July, when we ex-
 perimented a severe drought lasting about
 six weeks, when the part dressed with ashes
 and plaster alone, suffered somewhat and 'fired'
 a little; but the balance, on which I put the
 Poudreite, held its own admirably, and did not
 'fire' a single blade, and looked flourishing and
 filled finely. I candidly believe that the Pou-
 dreite, though so small a quantity, increased
 the yield at least ten per cent. I am so well
 pleased with this small experiment, that I will
 go into it on a large scale next season."

The next report is from Mr. Floyd Howell,
 residing in the county of Onondaga, 17 miles
 south of Syracuse, in this State, to whom 19
 barrels, or 70 bushels, were sent late in No-
 vember, 1843, upon which a freight of \$1.37
 per barrel was charged, which increased its
 cost to \$2.57 a barrel on the farm. In reply
 to inquiries answer is given, viz:
 "We took five acres of wheat stubble, which
 we supposed would yield, without any manure,
 from 35 to 40 bushels of corn to the acre; but
 ploughed and harrowed it once the fore part of
 May—then marked it in rows about four feet
 apart, but owing to the cold weather, did not
 plant until about the 16th of the said month,
 when we dropped a handful of Poudreite in
 each hill, or 14 barrels to the 5 acres; then
 planted the corn upon it. After it came up,
 and before the first hoing, we put four barrels
 more upon about one half of the field. The
 corn was hoed three times, and was ready to
 harvest a little earlier than our neighbors; but
 we could not perceive any material difference
 between that part of the field where the four
 barrels were applied as a top dressing, and the
 part where it was applied only in the hill.
 There was no other manure used than the Pou-
 dreite. The average yield upon the five acres
 was 81 bushels to the acre—but from one acre
 selected we gathered 99 bushels and 18 pounds.
 The freight on the 40 bushels sent by you this
 year, will not exceed what was paid last year,
 \$3.50 on 19 barrels—owing to its having been
 shipped near the close of navigation."
 From this it will be seen that, by the use of
 15 barrels, or 70 bushels of Poudreite on the
 five acres, the yield was increased from 35 or
 40 bushels, to eighty bushels per acre, or over
 two hundred bushels on the field.

BANK NOTE LIST.

PENNSYLVANIA.

DR. J. C. WILKINSON'S
VEGETABLE COMPOUND,
FOR THE CURE OF
DYSPEPSIA.

This Medicine is offered to the public generally, from a full conviction that it is superior to any other medicine now in use, for the cure of Dyspepsia, Liver Complaint, Nervous Debility or Bilious Weakness, &c.
 Its effects have been tested in a private practice of over eight years, and it is now more extensively circulated, at the solicitation of many who have received the most signal benefit from the use of it.
 The following is one among a number of certificates received in relation to the success of this medicine:
 LANCASTER Co., March 18,
 DR. GEORGE W. ALLEN,
 Dear Sir—It is with great pleasure that I inform you of the success attending your Dyspeptic Medicine, which employed in my practice. From past experience, I firmly believe that in eight cases out of ten, the Dyspeptic, by the use of your medicine, may entirely rid himself of the thorn in the pathway of his health, and in dyspeptic cases, but in all cases of constipation, and dyspepsia depending on a debilitated state of the nervous system, together with a torpid state of the bowels, will your medicine be found of inestimable value. Numerous instances where in the usefulness of the medicine has been realized, may be forwarded, if required. I wish you great success, and recommend the medicine to the suffering part of mankind.
 Yours, with great respect,
 ROBERT AGNEW, M. D.
 For sale at the store of H. B. Masser, agent for the proprietor, Sudbury, Pa., October 26th, 1844.—ly

SHUGERT'S PATENT
WASHING MACHINE.

This Machine has now been tested by more than thirty families in this neighborhood, and has given entire satisfaction. It is so simple in its construction, that it cannot get out of order. It requires no iron to rust, and no springs or rollers to get out of repair. It will do twice as much washing, with less than half the wear and tear of any other machine, and what is of greater importance, it costs but little over half as much as other washing machines.
 The subscriber has the exclusive right for Northumberland, Union, Leaning, Columbia, Lancaster and Chester Counties. Price of single machine \$8.
 H. B. MASSER, Jr.
 The following certificate is from a few of those who have these machines in use.
 Sunday, Aug. 24, 1844.
 We, the subscribers, certify that we have now in use, in our families, "Shugert's" Patent Washing Machine, and do so to the satisfaction, saying that it is an excellent invention. That in washing it will save more than one half the usual labor—that it does not require more than one third the usual quantity of soap and water; and that there is no rubbing and consequently little or no wearing of the fabric—that it knocks off all buttons, and that the finest clothes, such as collars, hives, tucks, &c., may be washed in a very short time without the least injury, and in fact without any apparent wear and tear, whatever. We therefore cheerfully recommend it to our friends and to the public, as a most useful and labor saving machine.

 Madison House),
 PHILADELPHIA.

WHERE will be found a general assortment of Florence Brills, Alberts, Rutlands, Peddles, Willow Plait, Rice Straw, and the much admired Neapolitan Lace, and Fancy Bonnets, manufactured by us, and for sale at the lowest manufacturing prices. Merchants and Milliners are invited to give us a call upon visiting the City.
 N. B. We have also constantly making up superior hats and collars, edgings, all of which will be sold cheap, for cash.
 Philadelphia, May 25, 1844.—ly

OAKLEY'S
DEPURATIVE SYRUP.

The valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, has derived so signal beneficial results from it, that it is recommended by the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, confidence giving vegetable material, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scrofula or Kings Evil, Rheumatism, Tetters, Pimples or eruptions of the Skin, White Swelling, Psoriasis, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.
 Sold wholesale and retail, by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following persons:
 In Northumberland County.—H. B. Masser, Sudbury; Ireland & Moxel, McEvensville; D. Krauser, Milton.
 In Union County.—J. Garhart, Selingsgrove; A. Gutelius, Millburg.
 In Columbia County.—R. W. McCay, Washington.
 Reading, March 14, 1843.

MR. OAKLEY—I believe it the duty of every one to do whatever is in their power, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I must and do recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcers on their faces, the most scientific physicians attended them, and had tried all the known remedies, including Swain's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed unintermittently ever since. As a purifier of the blood, I verily believe it has not its equal.

JOHN MOYER, Taylor,
 Walnut street, near Fourth, Reading.
 Donegussville, April 19th, 1843.

MR. OAKLEY—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Hunter, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the same healed up, and the child was restored to perfect health, which he has enjoyed unintermittently ever since, to the astonishment of many persons who see him during his affliction. I have thought it my duty, and send you this certificate that others who have the affliction in the family may know where to obtain so valuable a medicine.
 Yours truly,
 AMELIA D. LEAF.

COUNTERFEITERS'
DEATH BLOW.

The public will please observe that no Brandreth Pills are genuine, unless the box has three labels upon it. (The top, the side and the bottom) each containing a fac-simile signature of my handwriting, THOMAS B. BRANDRETH, M. D.—These labels are engraved on steel, beautifully designed, and done at an expense of over \$2,000.—Therefore it will be seen that the only thing necessary to procure the medicine in its purity, is to observe these labels.
 Remember the top, the side, and the bottom. The following respective persons are duly authorized, and hold
 CERTIFICATES OF AGENCY
 For the sale of Brandreth's Vegetable Universal Pills.
 Northumberland county: Milton—Mackey & Chambers; Sudbury—H. B. Masser, McEvensville—Ireland & Moxel, Northumberland—Wm. Forsyth, Georgetown—J. & J. Wells.
 Union County: New Berlin—Bugar & Winter, Selingsgrove—George Gundrum, Middleburg—Isaac Smith, Beavertown—David Hubler, Adamsburg—Wm. J. May, Millburg—Mensch & Ray, Hatfield—Daniel Long, Freeburg—G. & F. C. Moyer, Lewisburg—Walls & Green, Columbia county: Danville—E. B. Reynolds & Co., Berwick—Shuman & Rittenhouse, Castwissa—C. G. Bolts, Bloomsburg—John R. Meyer, Jersey Town—Levi Basel, Washington Rolt, Mt. Cay, Limestone—Ballo & Moxel, &c.
 Observe that each Agent has an Engraved Certificate of Agency, containing a representation of DR. BRANDRETH'S Manufactory at Stag Sing, and upon which will also be seen exact copies of the new labels now used upon the Brandreth Pills Boxes.
 Philadelphia, office No. 8, North 5th street, June 24th, 1843.
