

HORRIBLE MURDER—ESCAPE OF THE MURDERER.—We learn from indubitable authority that Mrs. Holloway, wife of Mr. Holloway, of Person county, (who was once a member of our Legislature) having prevailed on her husband, one day last week, to tie the hands of one of their negro women, beat and tortured her to death. It is said that she heated a pan handle red hot and ran it down the negro's throat, besides burning her lips to a crisp. The horrid tale about the burning seems too incredible to be believed, and we mention it on the authority of rumor, without vouching for its accuracy. The negro was privately buried eight feet deep, in an obscure place, and Mr. and Mrs. H. made their escape to parts unknown to their neighbors, doubtless to Texas. Whether Mr. H. was accessory to the murder, further than to tie the negro, we are not apprized.—*Richmond Star*, April 24.

A New York letter says:—
The executor of the late **JOSEPH BONAPARTE, Mons MAILLARD**, who arrived here in the Great Western, has come to carry into effect the will of the testator in regard to American property. Among his bequests are a half-reserve in marble, representing Napoleon as First Consul, to **JOSEPH HOKINSON**, of Philadelphia; an edition of Voltaire to **Dr. CHAPMAN**; a bas-relief in marble of **Pauline Bonaparte** to **Mr. SHURT**; a statue in bronze of **Napoleon** when General in Chief of the army in Italy to **Mr. C. F. ISBORN**. His real estates in this country are left to his grandson **Joseph**.

REPUBLICANISM IN DEMAND.—The autograph of General Washington brought more at public auction in England than those of the crowned heads of Europe.

A NEW KIND OF INK.—An English Lord has discovered a new ink which is colorless unless used upon paper expressly prepared for its reception. It spilled over linen, furniture or any thing else, it leaves no trace behind. It is called "the Queen's Ink," and is much used.

Yorkminster has been completely restored, at a cost of \$90,000. The great bell, with its stock, weighs sixteen tons, and will require twelve men to ring it.

WHAT'S IN A NAME.—The newly born fourth daughter of the Queen of Portugal was baptized on the 22d ult., in the chapel of the palace at Belem, by the Cardinal Patriarch of Lisbon. The little princess received the names of **Antonia Maria Fernanda Micella Gabriela Rafaela de Asis Gonzaga Silveria Julia Augusta de Braganza** Bourbon-Sajonia-Coburg-Gotha.

Some time ago, at Munich, a girl, six years of age, was placed as dead in an open coffin, in what is called in that country the hall of death, preparatory to interment. On the following day she was found playing with the white roses which had been strewn over her. The keeper of the hall took her in his arms, and carried her to her mother. In France, says the *Press*, which mentions this fact, where there is no precautionary measure of this kind, the child would have been buried alive.

BALTIMORE MARKET.

Office of the *BALTIMORE AMERICAN*, April 24.

WHEAT.—The receipts of Md. Wheats were very small this week. The few parcels which reached the market sold at 100 a 103 cents for prime lots, and one very superior parcel at 108 cents. Several lots of Penn'a reds sold at 95 a 102 cents, and inferior parcels at 85 a 90 cents. A lot of very superior Md. family flour white sold at 120 cents. A lot of Penn'a white, quality not prime, sold at 106 cents, and a lot of very prime ditto on terms not transpired.

WHISKEY—In barrels, 22 cts. per gallon.

MERCURY, whether in the shape of Blue Pill, Calomel, Corrosive Sublimate, or any other form, never can effect a permanent cure of any disease, because, being a mineral, it cannot be digested, and consequently cannot purify the blood. The only curative properties it possesses is to change the present development of the disease and substitute another in its place. Breadth's Vegetable Universal Pills stand pre-eminent in the cure of disease, because their effects are as certain as vegetables, and being composed entirely of vegetable, they cannot possibly injure; therefore a trial of them is always safe.

WISTAR'S BALSAM OF WILD CHERRY.

A Compound Balsamic Preparation from Wild Cherry Bark and other Remedial Agents. The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in its worst form, but it has cured many after all other means of relief had been tried in vain.—And why not? It seems that the WILD CHERRY was destined by Nature to be our PATRONAGE for the ravaging diseases of this cold climate. Let not the despairing invalid waste his money and lose TIME, to him as all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always relieves.

"There is no such thing as a free lunch" in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one can doubt, fully establish the fact. For the sake of brevity we select the following from thousands.

LEASE PLATT, Esq., Editor of the **Pikespeak Eagle**, one of the most influential journals in the State of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842 with severe cold which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease.

Mr. Platt says "the cure came under my own observation and I cannot be mistaken as to the fact."

EXTRACT OF A LETTER FROM POSTMASTER DATED PENNSYLVANIA, Washington Co., Maine, Apr. 29, 1844.

MR. ISAAC BUTTS.—Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints, I take the liberty of asking you to appoint some one in this county as agent to sell WISTAR'S BALSAM OF WILD CHERRY, and to send him a few dozen as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay.

My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the BALSAM advertised in *Augusta*

I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and the new ones she has not felt so well for six weeks as she does at this time. All those who have inquired of me and ascertained that I sold the BALSAM had, or were about to have some for sale in this vicinity, which is the cause of my writing you.

I please inform me by return of mail whether you conclude to send some, and if so to whom, in order that it may be known where it can be had. I am with respect yours, etc.

P. G. FARNSWORTH, P. M.
The whole country is fast learning that no medicine so efficacious as the preparation of any kind of Wild Cherry—can equal **DR. WISTAR'S BALSAM OF WILD CHERRY.**

A TRULY WONDERFUL CURE.

WATERVILLE, October 20, N. Y., Sept. 15, 1843. Dear Sir:—I would like to afford you information in that I have been cured of a disease which has afflicted me for years, and which was attended by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical skill in our village; but after exhausting all their skill in vain, they pronounced my disease a confirmed consumption, and they one and all gave me up to die. After much persuasion I got the consent of my physician to use the **BALSAM OF WILD CHERRY** prepared by **DR. WISTAR**. I procured of the Agent in our place one bottle, before using a half of which I began to gain strength, and it very evident my cough was much better and my symptoms in every way improving. I have now used three bottles, and am restored to perfect health. This result is due to the use of **DR. WISTAR'S BALSAM OF WILD CHERRY**, and I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief.

Very truly yours, **JAMES SAGE**
Mr. PALMER, Druggist, under date of Waterville, Sept. 24th, 1843, writes:

The statement given you by Mr. James Sage is well known to be true by this whole community. I can truly say that it was a most remarkable cure. The sale of the Balsam is very good, and its success in curing many is daily proving. Yours respectfully, **D. D. PALMER.**

THE MOST REMARKABLE CURE EVER RECORDED.

HANDSCOME, N. J., April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but little for me, except give me some **Mercury Pills**, which I refused to take, feeling assured that they could do me no good; many of my friends, but none did me any good—and the discharge of blood and corruption still continued every five days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until I became, with all hope of my recovery was gone, and my friends all thought I would die at **GALLIEN**, **CONSUMPTION**. At this moment, when my life was expiring by drawing near its close, I heard of **DR. WISTAR'S BALSAM OF WILD CHERRY** and got a bottle which I began to use immediately, and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter's) and up to this time I have enjoyed good health. **THOMAS COZENS.**

Such is the unprecedented success of this BALSAM.

"NATURE'S FAVORITE PRESCRIPTION," a prescription congenial to our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our own food for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, which is not the case. All these deceptive arts go to show that **WISTAR'S BALSAM** is known to the world to be "THE GREAT REMEDY" and that to sell any mixture it must be like it in name, or in appearance, or in substance.

Believe not the cunningly wrought fabrications—and take only the original and genuine WISTAR'S BALSAM OF WILD CHERRY.

NO OTHER CAN BE LIKE IT. Address all orders to **ISAAC BUTTS**, No. 53 Ann St., New York. Agents, **JOHN W. FRILING**, Sunbury, D. BRAUTIG
