**SUGAR COATED PILLS.**

DR. G. BENZ, "SMITH'S" Sugar Coated Indian Vegetable Pills, are now the favorite medicine of this country. Many new remedies have been discovered and puffed into brief notoriety, but we have no knowledge of a medicine combined so much with efficacious and pleasant as these Pills. The idea of taking Pills heretofore has been nauseating in the highest degree. Much credit is due Dr. Smith for bringing out this valuable medicine. We know of more than twenty cases of disease considered by other doctors as dangerous; one case of confirmed Dyspepsia in particular, which came under my immediate knowledge.

We have tried them ourselves and in our family, for headache, colds and pains in the side and breast, and we can say, we never saw their equal, both for pleasantness and efficacy.

One word in reference to those wholesale merchants, who, not having honesty enough to work for an independent livelihood, counterfeit or imitate such valuable remedies as Dr. Smith's Pills, "Sugar Coated" Pills originated with Dr. G. Benz, Smith who applied for a Patent long before any body else ever heard of them, therefore it will be seen that all other Pills claiming to be "Sugar Coated" are spurious and dangerous, and we advise those who buy to examine carefully the box for themselves, and see that Dr. Smith's name is on it.

**A CARD.**

HAVING had the pleasure of trying the excellent Piano Fortes manufactured by Mr. Meyer, and exhibited at the late Exhibition of the Franklin Institute, I feel it due to the true merit of the maker to declare that these instruments are quite equal, and in some respects even superior, to all the Piano Fortes I saw at the capitals of Europe, and during a sojourn of two years at Paris.

**THE MOST REMARKABLE CURE EVER RECORDED.**

HARDENFIELD, N. J., April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess internally, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but little for me except give me some Mercury Pills, which I refused to take, fearing it would do me no good; many other remedies were then prescribed by my wife and friends, but none did me any good—and the discharge of blood and corruption still continued every few days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSA M OF WILD CHERRY, and got a bottle of the same, and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health.

THOMAS COZENS.

GLOUCESTER COUNTY, N. J.

Personally came before me, the subscriber, one of

**WISTAR'S BALSAM OF WILD CHERRY.**

A Compound Balsamic Preparation from the Wild Cherry Bark and Fruit. The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in its worst form, but it has cured many after all other means of relief had been tried in vain.—And why not? It seems that the WILD CHERRY was destined by Nature to be our PANACEA for the ravaging diseases of this cold latitude. Let not the despairing invalid waste his money and lose TIME, to him so all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always relieves.

"There is no such thing as a free lunch" in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one can doubt, fully establish this fact. For the sake of brevity we select the following from thousands.

Isaac Platt, Esq., Editor of the Pokespie Eagle, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842, with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more severely than at first, she became acutely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSA M OF WILD CHERRY, which she took, and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease.

Mr. P. attests "the cure came under my own observation and I cannot be mistaken as to the fact."

**EXTRACT OF A LETTER FROM POSTMASTER DATED**

PENNSYLVANIA, Washington Co., Meigs, Apr. 29, 1844. MR. ISAAC BUTTS.—Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints, I take the liberty of asking you to appoint some one in this county as agent to sell WISTAR'S BALSA M OF WILD CHERRY, and to send him a few dozen as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay.

My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the Balsam advertised in Augusta,

**200 MILES FROM HERE,**

I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and the now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for themselves, which is the cause of my writing you. Please inform me by return of mail whether you conclude to send some, and if so to whom, in order that it may be known where it can be had.

I am with respect yours, etc.

P. G. FARNSWORTH, P. M.

The whole country is fast learning that no medicine—no phreanum—no preparation of any kind whatever—can equal DR. WISTAR'S BALSA M OF WILD CHERRY.

**A TRULY WONDERFUL CURE.**

WATERVILLE, OREGON CO., N. Y., Sept. 15, 1843. Dear Sir—I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was a complaint by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical aid in my village, but after exhausting all their skill in no avail, they pronounced my disease CONSUMED CONSUMPTION, and they one and
