Traits of Moral Courage in Every Day Life

Have the courage to discharge a debt while you have got the money in your pocket. Have the courage to do without that which you do not need, however much you may admire it. Have the courage to speak your mind when it is necessary that you should do so, and to hold your tongue when it is better that you should be silent. Have the courage to speak to a friend in a "seedy" coat, even 'in the street, and when a rich one is nigh; the effort is less than many people take it to be, and the act is worthy a king. Have the courage to set down every Kensington Bank penny you spend, and add it up weekly. Have Philadelphia Bank* the courage to pass your host's lackey at the door, without giving him a shilling, when you know you cannot afford it-and, what is more. that the man has not earned it. Have the courage to own that you are poor, and you disarm poverty of her sharpest sting. Have the courage to laugh at your personal defects, and the world will be deprived of that pleasure, by being reminded of their own. Have the courage to admit that you have been in the wrong, and you will remove the fact from the mind of others, putting a desirable impression in the place of an unfavorable one. Have the courage to adhere to a first resolution when you cannot change it for a better, and to abandon it at the eleventh hour, upon conviction. Have the conrage to acknowledge your age to a day, and to compare it with the average life of man. Have the courage to mrke a will, and, what is more, a just one. Have the courage to face a difficulty, lest it kick you harder than you bargain for : difficulties, like thieves, often disappear at a glance. Have the courage to avoid accommodation bills, however badly you want money: and to decline pecuniary assistance from your dearest friend. Have the courage to shut your eyes at the prospect of large profits, and to be content with small ones. Have the courage to tell a man why you will not lend him your money; he will respect you more than it you tell him you can't. Have the courage to "cut" the most agreeable acquaintnnce you possess, when he convinces you that he lacks principle: "a friend should bear with a friend's infirmities"-not his vices. Have the courage to show your preference for honesty, in whatever guise it appears; and your contempt for vice, surrounded by attractions. Have the courage to give, occasionally, that which you can ill afford to spare; giving what you do not want nor value, neither brings nor deserves thanks, in return; who is grateful for a drink of water from another's overflowing well, however delicious the draught! Have the courage to wear your old garments till you can pay for new ones. Have the courage to obey your Maker, at the risk of being ridiculed by man. Have the courage to wear thick boots in winter, and to insist upon your wife and daughters doing the like. Have the courage to acknowledge ignorance of any kind; every body will immediately doubt you, and give you more credit than any false pretensions could secure. Have the courage to prefer propriety to fashion-one is but the abuse of the other. Have the courage to listen to your wife, when you should do so, and not to listen when you should not. [This applies to husband-1 Have the courage to provide a frugal dinner for a friend, whom you 'delight to honor,' when you cannot afford wine, offer him porter; the importance of most things is that which we ourselves attach to them. Have the courage to ask a visiter to excuse you when his presence interferes with your convenience. Have the courage to throw your snuff box into the fire or the melting pot, to pass a tobacconist's shop, and to decline the use of a friend's box, or even one pinch. Have the courage to be independent if you can, and act independently when you may .- English Gentleman.

A writer in the Utica Gazette thinks the following variation of these directions applicable to shopping ladies:

If one comes she'll buy, If two come, they'll try, If three come, they'll deny. It four come, you may suppose They'll only look at goods, and off they goes

A young aspirant for admission to the bar being questioned yesterday by the Examining Committee, with a view to discover his fitness, made the subjoined reply to the following interrogatory :

A farmer sowing his ground, some dandies came riding along that way, when one of them called to him with an insolent air:

'Well, honest fellow,' said he, 'it is your business to sow but we reap the fruits of your labor.' To which the countryman replied, 'It is very likely you may, for I am sowing hemp."

A gallant was was lately sitting by the side of his beloved and being unable to think of any thing else to say, turned and asked her why she was like a tailor. WISTAR'S BALSAM OF WILD CHERRY.

Compound Balsamic Preparation from Wild Cherry Back and Tar, The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influ-enza, shortness of breath, pain and weakness in the breast or side,

liver complaint, and the first stages of

CONSUMPTION. We will not assert that this BALSAM will cure Consumption in ist worst form, but it has cured many after all other means of relief had been tried in vain .- And why not ! It seems that the WILD CHERRY was destined by Nature to be our PA NACEA for the ravaging discuses of this cold latitude. Let not the despairing invalid waste his money and loose TIME, to him so all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible-a medicine that science approves, and many years of experience have demonstrated

that it always relieves. There is no such thing as fail," in the history of this wonderful BALSAM. Evidence the most convincing-evederce that no one can doubt, fully e-tabli hes this fact. For the sake of brevity we select the fellowing from thousands.

Isaac Platt, Esq., Editor of the Pokeepsie Eagle. one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842. with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAN OF WILD CHERRY, which she took, and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightert symptom of her former disease.

Mr. Platt says "the cure came under my own observation and I cannot be mistaken as to the facts."

EXTRACT OF A LETTER FROM A POST MASTER, DATED

PEMBRORE, Washington co., Maine, Apr. 29, 1844. MR. ISAAC BUTTS .- Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints, I take the liberty of asking you to appoint some one in this county as agent to sell Wis-TAR'S BALSAM OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay.

My wife was attacked about six months since with what the physicians called the first stage of never be without it. consumption—a complaint very prevalent in this section of country. Having seen the Balsam ad-

vertised in Augusta. 200 MILES FROM HERE, -20 I took the pains to send there for a bottle of it,

which she took, and which helped her so much that I sent for two bottles more, which she has also ta ken, and the now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by retuen of mail whether you conclude to send some, and if so to whom, in order that it may be known where it can be had, I am with respect yours, etc.

P. G. FARNSWORTH, P. M. The whole country is fast learning that no medino preparation of any kind cine-no physician whatever-can equal Da, Wistan's Balsam or WILD CHERRY.

A TRULY WONDERFUL CURE.

WATERVILLE, Oncida co., N. Y. Sept. 15, 1843. Dear Sir-I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical aid in our village; but after exhausting all their skill to no avail, they pronounced my disease a CONFIRMED CONSUMPTION, and they one and ali gave me up to die. After much persuasion I got the consent of my physician to use the Balson of WILD CHERRY prepared by Du. WISTAR. I purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better and my symptoms in every way improving. I have now used three bottles, and am restored to perfect health. This result is alone owing to the use of DR. WISTAR'S BALSAM OF WILD CHER-RY; and I take this method of giving you the in formation, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted

may know where to apply for relief.

Very truly yours, JAMES SAGE.

Mn. Palmen. Druggist, under date of Waterville,

Sept. 24th, 1843, writes; The statement given you by Mr. James Sage is well known to be true by this whole community It certainly was a most remarkat le cure. The sale of the Balsam is very good, and its success in cures truty flattering. Yours respectfully. D. D. PALMER.

THE MOST REMARKABLE

CURE EVER RECORDED. HADDONFIELD, N. J. April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of au ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but little for me except give me some Mercury Pills, which I refused to take, feeling satisfied that they could do me no good; many ather remedies were then procured by my wife and friends, but none did me any good-and the dis-charge of blood and corruption still continued every few days, and at last become so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before-and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friesds all thought I would die of a Galloring Consumption. At this moment, when my life was apparently drawing near its close I heard of DR. WISTAR'S BALSAM OF WILD CHELRY, and got a bottle which nu-LIEVED ME IMMEDIATELY; and by the use of only three bottles of this med cine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health. OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the utmost confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapent and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seedof disease that may have been generated, besides giving health and vigor to the body.-For the cure of Scrofula or Kings Evil, Rheumatism. Tetter, Pimples or cruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthms, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its su-

periority over all preparations of Sarsaparilla. Sold wholesale and retail, by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following

Mn. OAKLEY :- I believe it the uty of every one to do whatever in their power ites, for the bone fit of their fellow man, and having tad positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I mest conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them and had tried all the known remedies, including Swaim's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we desnaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the u'cers commenced healing mmediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Symp. of Sarsaparilla, of which I obtained several bottles. the use of which drove the disease entirely out of his system, the sore healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. I have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a Yours truly. medicine.

ROSE OINTMENT FOR TETTER.

RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS. The fallowing certificate describes one of the most extraordinary oures ever effected by any application.

PHILADELPHIA, February 10, 1838. FOR twenty years I was severely afflicted with TETTER on the Face and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the cruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst-the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many at plications, (among them several celebrated preparations) as well as taking inward remedies, luding a number of bottles of Swaim's Panacea, Extract of Sarvaparilla, &c., In fact, it would be impossible to enumerate all the medicines I used. I was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the cruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a balf since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons,

Rose Cintment, for Tetter. A PROOF OF IT'S EFFICACY. PHILADELPHIA, May 27th, 1839.

HIS is to certify that I was severely afflicied with Tetter in the hands and feet for upwards of forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applicarrons without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. MEDICAL APPROBATION Of the ROSE OINTMENT, for Tetter. A LTHOUGH the superiority of the preparation over all others is fully established, the proprietors take pleasure in laving before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania. Dr. Baugh, having found in this remedy that relief for a tedious and disagreeable affection which the means within the range of his profession failed to afford, has not hesitated to give it his approbation, although the prejudices and interests of that profession are opposed to secret Remedies.

 Ризданенных, Sept. 19, 1836. I was recently troubled with a tedious herpetic ruption, which covered pearly one side of my face, and extended over the car. Mr. Vaughan, preprietot of the Rose Ointment, observing my face, insteted on my trying his preparation, of which he handed me a jar. Although in common with the meanbers of my profession, I discountenance and disapprove of the numerous nostrums palmed upon the public by ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entire-

ly cured the eruption, although it had resisted the usual applications. DANL BAUGH, M. D. C. The Rose Ointment is prepared by E. B. Vaughan, South East corper of Third and Race Streets, Philadelphia, and sold on agency in Sun-H. B. MASSER, bury, by May 14th, 1843,
