A Hercules of the Days of the Revolution.

The editor of the Memphis Eagle has been examining a number of the Columbia Centinel, printed in Boston, July, 1801, being then in its 35th volume. Under the obituary head of the Centinel, says the editor, we find the following account of the exploits of a second Sampson :-

"Mr. William Dowst, who lately died at Salem, was a man of uncommon size and strength He was nearly 7 feet high, and weighed 300 weight. The following instances will prove his great degree of strength. He was on board a privateer in the last war, which got among the breakers off Cape Breton, when it became necessary immediately to cast anchor ; but there being none upon deck, as many hands laid hold ns could get at it, but could not start it; Dowst pushed them aside, seized it himself. brought it upon deck, carried it forward, and held it upon the timber heads while a cable was bent to it, when he threw it over, and saved the vessel and lives of the crew, as they were then upon the point of dashing upon the rocks ; the anchor weighed 700 weight.

At another time, S or 10 hands were sent to Becket's ship yard from the well known privateer ship Grand Turk, to bring up a fore yard for the ship ; Dowst was among them, but naturally dilatory, he did not at first take hold ; the others should red it, but began to stagger under it, and complained that there was not enough to carry it. Dowst laughed at them, told thom he would carry it alone ; on which they threw it down, and he took it up and carried it to the ship without assistance.

At another time, when he attended the fish stakes at Windmill Point, he was directed by his employer to go for a jackass which was in an adjoining field ; when Dowst got him to the partition fence, being in rather a lazy mood, to save himself the trouble of letting down the bars, he took up the beast and lifted him over. and then got upon his back, and rode him to the place where he was to be employed. He once raised from the ground the anchor of the prize ship Rochampton, which weighed 1700, and which four men had immediately endeavored in vaiu to lift upon a bet.

Beizg at Bilbon, in the late war, in a privateer, an English vessel came in, which had in its crew a professed bully, who was challenging every one to combat, and hearing of Dowst sent a particular challenge to him ; they met, and the Englishman, who was superior to our Samson in the art of boxing, knocked him down three times, and the last time twisted his fingers into his hair to gouge him, when Dowst gave him a blow on his arm, which broke it, and with another blow he broke in three of the bully's ribs, who, it is said, died of his wounds

Dowst, with his amazing strength, was remarkably good natured, and tender in his feelings, and rather of an indolent habit ; but when he was aroused to anger or exertion his efforts were irresistible. He enjoyed through life a large share of health. For three months previous to his death he had been afflicted with the dropsy, but appeared to have considerably Bank of Washington

WISTAR'S BALSAM OF WILD CHERRY,

Compound Balaamic Preparation from Wild Cherry Bark and Tar, The best remedy known to the world for the cure of coughs, colds. asthma. croup, bleeding of the fungs, whooping cough, bronchitis, mfla-enza, shortness of breath. pain and weakness in the breast or side, liver complaint, and the first stuges of

CONSUMPTION

We will not assert that this BALSAM will cure Consumption in ist worst form, but it has cured many after all other means of relief had been tried vain .- And why not !. It seems that the WILD CHERRY was destined by Nature to be our PA-NACEA for the vavaging diseases of this cold lastitude. Let not the despairing invalid waste his money and loose TIME, to him so all important. in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be pos-ible-a medicine that science approves, and many years of experience have demonstrated that it always relieves.

"There is no such thing as fail," in the history of this wonderful BALSAM. Evidence the mos convincing-eveder ce that no one can doubt, fully establi hes this fact. For the sake of brevity we se'ect the following from thousands.

Isaac Platt, Esq., Editor of the Pokeopsie Eagle, one of the most influential journals in the state of New Vork, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842. with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatmen and care she partially recovered during summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk and was troubled with couch, chills and fover every day, and appeared to be going rapidly with consumption ; at this time, when there was n sign of improvement, Mr. Platt procured a bottle of WISTAN'S BALSAN OF WILD CHERRY, which she took, and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightert symptom of her former dise an.

Mr. P att says "the cure c me under my own observation and I cannot be mistaken as to the facts." EXTRACT OF A LETTER FROM A POST

MASTER DATED

PEMBROKE, Washington co., Maine, Apr. 29, 1844. MR. ISAAC BUTTS .- Dear Sir: At the request of many of my friends in this place and vici-tity who are afflicted with consumption and liver complaints. I take the liberty of asking you to appoint some one in this county as agent to sell Wis-TAR'S BALSAN OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay.

My wife was attacked about six m oths since with what the physicians called the first singe of consumption-a complaint very prevalent in this section of country. Having seen the Ba'sam advertised in Augusta

200 MILES FROM HERE. -CO I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and the now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by setu n of mail whether you

onclude to send some, and if so to whom, in order that it may be known where it can be had 1 am with re-pect yours, etc.

a prescription congenial to our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endesporing to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixtute and s demnly asseverating that it is imported from a foreign country, which is not the case. OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Deputa-tive Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally. that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal bene ficial results from it, that it is recommended by them with the utmost confidence. Physicians o the highest standing in the profession, prescribe it to patients under their care ; containing nothing deliterious, but being composed of the most mild, yet efficacious vegetable materials, it is off-red with confidence, as the cheapest and most efficient pu rifier of the bloed now known. The use of a few bottles, especially in the spring months, will be sttended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body .- For the cure of Scrofula or Kings Evil, Rheumatism. Tetter, Pimples or cruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthma, &c. The numetous certificates in the possession of the subscriher and his agents, from physicians and others, are sufficient to convince the most skeptical of its su-

periority over all preparations of Sarsiparilla. Sold whole-ale and retail, by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following DETSONS :

MR. OARLEY :- I believe it the uty of every one to do whatever in their power lies, for the honefit of their fellow man, and having had positive roof in my own family of the wonderful properties of your Depurative Syrup of Savsaparilla, I most conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and seck, although we had some of the most scientific physicians to attend them and had tried all the known temedies, including Swaim's Pannera, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Deparative Syrup of Sanaparilla, we were indoced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced heating immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily be-

tieve it has not its equal. JOHN MOYER, Tailor, Walnut street, near Fourth, Reading,

Douglossville, April 19th, 1843. MR. OARLEY :- My son Edmund Leaf, had the scrofula in the most dreadful and distressing manper for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers We tried all the different remedies, but to no effect, until recommended y Dr. Johnson of Nor istown, and also Dr. Isaac

Hister, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles the use of which drove the disease entirely out of his system, the sore healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons, who seen him duing his affliction, I have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a medicine. Yours truly. AMELIA D. LEAF.

FOCH PERSONS KILLED .- Awful deeds of Juniata Bank blood .-- A gentleman who arrived in Cincinnati on Monday last, gives the editor of the Commercial the following particulars of dreadful deeds of blood committed on the Wachita river, in Lonisiana, a few days since. He stated that two planters living on adjoining plantations had a difficulty. An unruly horse belonging to one, jumped into the lot belonging to the other, which was shot. Soon after, a slave, belonging to the owner of the horse went over to the said plantation ; he, too, was shot. The same evening, the planter who owned the horse and the slave, took his gun and went over to the planter's house who had shot his horse and slave, and, as he stood in his yard, deliberately shot him dead. The son of the dead planter hearing the report of the gun, came out of the house, when he was commanded to stand. As soon as the gun was re-loaded the son was shot and immediately expired. The daughter of the planter then came to the door, when the monster drew his bowie knife and cut her throat from ear to ear, and fled. The slaves on the plantation raised the alarm, and the fiend was pursued and taken, and committed to the nearest juil, to await a trial. These awful terrific details are from a reliable source and we can vouch for their correctness, says the Commer- Newark Bkg & Ins Co* cial, although no names are given.

THOMAS HOOD .- The punning propensity of the late Thomas Hood was well known. A friend of his, afflicted with the same mania, said, with tears standing in his eyes : 'Ah poor fellow ! he died from motives of generositywanted to enable the undertaker to urn a live-4-Hood.

A Scotch paper mentions the accidental cure of a sheep, left to die of water in the head, by a boy boring a gimlet into the skull of the animal and thus letting out the fluid.

We do not generally put much faith in the thousand receipts that are floating about-but the following, we think, may be depended on :-'To keep good apples from rotting-place them in a dry cellar with fourteen children.

A TRULY WONDERFUL CURE.

WATERVILLE, Oneida co., N. Y. Sept. 15, 1843. Dear Sir-1 owe it to the afflicted to inform y u that in January last I was attacked by a very vio lent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a istressing cough. I had in attendance all the test medical aid in our village ; but after exhausting all their skill to no av ill, they pronounced my di case a CONFIRMED CONSUMPTION, and they one and all gave me up to die. After much persussion I got the consent of my physician to use the BALSAN OF WILD CREART prepared by DR. WISTAR. 1 purchased of the Agent in our place one bottle, before using half of which I tegan to gain streng h, and it was very evident my cough was much better and my symptoms in every way improving. I have now used three bottles, and am restored to perfect health. This result is alone owing to the use of DR. WISTAR'S BALSAM OF WILD CHER-RY; and I take this method of giving you the in formation, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief.

JAMES SAGE. Very truly yours, Mn. PALNAR. Druggist, under date of Waterville, Sent 24th, 1843, writes:

The statement given you by Mr. James Sage Is well known to be true by this whole community

It certainly was a most remarkat le cure. The sale of the Balsam is very good, and its success in cures truty flattering. Yours respectfully. D. D. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.

HADDONFIELD, N. J. April 20, 1843. On or about the 13th day of October, 1841, I was | larly affect.d, to make it public. taken with a violent pain in the side near the liver. which continued for about five days, and was followed by the breaking of an uleir, or abscess, in wardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but li the for me except give me some Mercury Pills, which I refused to take, feeling satisfied that they could do me no good ; many other r. m dies were then procured by my wife and friends, but none did me any good-and the discharge of blood and corruption still continued every few days, and at last become so offensive that I could scarcely breathe I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before-and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would dis of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, heard of DR. WISTAR'S BALSAM OF WILD CHELRY, and got a bottle which an LIEVED ME IMMEDIATELY ; and by the use of only three bottles of this med cine, all my pains were removed-my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this une I have enjoyed good health THOMAS COZENS.

Hearing of Cantrell's Ague Mixture from a friend, I went to his store, told him w I was afflicted, and got a bottle of his mixture and used it according to directions.
