Useful Directions.

Brittania ware should be first rubbed gently with a woolen cloth and sweet oil, then washed in warm suds and rubbed with soft leather and whiting. Thus treated it will retain its beauty to the last.

New iron should be very gradually heated at first; after it has become inured to the heat, it is not as likely to crack.

It is a good plan to put new earthen ware into cold water, and let it heat gridually until it boils, then cool again. Brown earthern ware, particularly, may be toughed in this way. A handful of rye and wheat bran thrown in while it is boiling will preserve the glazing, so that it will not be destroyed by acid or salt.

The oftener carpets are shaken the longer they will wear; the dirt that collects under them grinds out the threads.

If you wish to preserve fine teeth, always clean them thoroughly after you have eaten your last meal at night.

Woollens should be washed in very hot suds and not riused. Lukewarm water shrinks

It is easy to have a supply of horseradish all winter. Have a quantity grated while the root is in perfection, put it in bottles, fill with vinegar and tightly cork them.

FLOURISHING A HANDKERCHIEF FOR A WIFE. -In some parts of Europe it is not uncommon to bring about a matrimonial engagement by means of advertisements. Some years ago it was agreed in a gay party of young ladies and gentlemen, in London, that an advertisement should be inserted in a morning paper, as from a young lady, rich and beautiful, who felt inclined to enter into a state of matrimony. In the course of the day letters were received from between fifty and sixty swains of all descrip- City Bank tions, in reply to each of whom an answer was addressed, stating that so far the writer was not objected to, but that the lady wished, previous to his being introduced to her to see him, at the same time requesting each to be in the pit of the Drury Lane Theatre on the following evening, dressed in a blue coat, white pantaloons and scarlet vest, and immediately on the conclusion of the first act to stand on the benches, flourish a white handkerehief in one hand and apply a glass to the right eye with the other. Every thing succeeded so well that as soon as the curtain fell, above fifty individuals, of all ages, forthwith mounted the benches, from the smooth chinned Adonis of 18, to the sleek, partly self confident widower of 50, and the emaciated bachelor of 60, all dressed in uniform, according to orders, in the gayest style and with the utmost nicety to make the deepest impression on the heart of the fair prize. High swelled their bosoms with hope, as with studied action, the handkerchief was flourished and the glass was raised to the eye. But who shall paint the astonishment, dismay and rage, which was alternately depicted in every countenance as they gazed upon each other, and discovered the sudden failure of all their hopes. With almost incredible velocity they descended from their unenviable attitudes to "hide their diminished heads" among the crowd.

A QUACK'S EXPEDIENT .- A quack doctor was once called in to see a sick child. He looked at the patient, felt his pulse, shook his head, bemmed thrice, and took a seat, rose again, hemmed, shook his noddle ominously, felt the patient's pulse, and cast his eyes upon the pamat.

"What ails my child !" asked the father.

'I don't know replied the saddle-bags. "Can you do nothing for him?" breathed the anxious sire.

'Nothing,' was the response,-But added the distiller of roots and yarbs, I have some medicine with me that will throw him into fits, and then I can cure him, for I'm a perfect tiger on tits !"

A teacher had been explaining to his class the points of compass, and all were drawn up front to the north. "Now, what is before you, John !" "The North, Sir." "And what is behand you, Tommy !" "My coat tail, Sir," trying to get a g'impse of the same.

WISTAR'S

BALSAM OF WILD CHERRY. Compound Balannic Preparation from Wild Cherry Bark and Tar,

The best remedy known to the world for the cure of coughs, colds. asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of

CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in ist worst form, but it has cured many after all other means of relief had been tried in vain .- And why not ! It seems that the WILD CHERRY was destined by Nature to be our PA-NACEA for the ravaging diseases of this c ld la titude. Let not the despairing invalid waste his money and loose TIME, to him so all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, If a and many years of experience have demonstrated that it always relieves.

"There is no such thing as fail." in the history of this wonderful BALSAM. Evidence the mo convincing -evelence that no one can doubt, fully establi hes this fact. For the sake of brevity we

select the following from thousands. Isaac Platt, Esq., Editor of the Pokeepsie Eagle, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842. with severe cold, which immediately produced spit ting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she partially received during summer But on the return of winter she was attacked more violently than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption: at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAN OF WILD CHERRY, which she took, and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightert symptom of her for-

Mr. Platt says "the cure came under my own ob servation and I cannot be mistaken as to the facts." EXTRACT OF A LETTER FROM A POST

MASTER, DATED PEMBROKE, Washington co., Maine, Apr. 29, 1844 MR. ISAAC BUTTS .- Dear Sir: At the re quest of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints, I take the liberry of asking you to appoint some one in this county as agent to sell Wis TAR'S BALSAN OF WILD CHERRY, and to send him few dozen, as there is none of it for sale within 200 miles from this I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay. My wife was attacked about six menths since with what the physicians called the first stage of consumption-a complaint very prevalent in this

section of country. Having seen the Balsam advertised in Augusta. 27 200 MILES FROM HERE, 20 I took the pains to send there for a bottle of it which she took, and which helped her so much that sent for two bottles more, which she has also taken, and he now says she has not felt so well for six years as she does at this time. All those who

have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by setuen of mail whether you conclude to send some, and if so to whom, in order that it may be known where it can be had.

I am with respect yours, etc. P. G. FARNSWORTH, P. M. The whole country is fast learning that no medicine-no physician-no preparation of any kind whatever-can equal Da. WINTAR'S BALSAN OF WILD CHERRY.

A TRULY WONDERFUL CURE. WATERVILLE, Oneida co., N. Y. Sept. 15, 1843. Dear Sir-I owe it to the afflicted to inform y that in January last I was attacked by a very vio lent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the test medical aid in our village; but after exhausting all their skill to no avail, they pronounced my disease a CONFIRMED CONSUMPTION, and they one and all gave me up to die. After much persuasion I got the consent of my physician to use the Balses of WILD CHERRY prepared by DR. WISTAR. 1 purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better and my symptoms in every way improving. I have now used three bottles, and am restored to perfect health. This result is alone owing to the use of DR WISTAR'S BALSAM OF WILD CHER-RY; and I take this method of giving you the in formation, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief. JAMES SAGE.

Very truly yours, Mn. PALMER. Druggist, under date of Waterville.

Sept. 24th, 1843, writes; The statement given you by Mr. James Sage is well known to be true by this whole community It certainly was a most remarka le cure. The sale of the Balsam is very good, and its success in cures truty flattering. Yours respectfully. D. D. PALMER.

THE MOST REMARKABLE

CURE EVER RECORDED. HADDONFIELD, N. J. April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or at seess, in wardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thoug! t he could do but little for me except give me some Mercury Pills, which I refused to take, feeling satisfied that they could do me no good; many o ther remedies were then procured by my wife and friends, but none did me any good-and the discharge of blood and corruption still continued every f. w days, and at last become so offensive that could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its class I heard of DR. WISTAR'S BALSAM OF WILD CHELRY, and git a bottle which are LIEVED ME IMMEDIATELY; and by the use of only three battles of this medicine, all my pains were removed-my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health. a prescription congenial to our wants, as It is prepared from chemical extracts from substances which the author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asseverating that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that WISTAR's BALSAN is known to the world to be "THE GREAT REMEDY." and that to sell any mixture it must be like this in name, or pur-

port to be like it in substance. T Believe not the cunningly wrought fabrications-and take only the original and genuine WISTAR'S BALSAN OF WILD CHERRY.

OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depura-tive Syrup of Sarsaparills, as a purifier of the blood, is so well known to the public generally. that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the u most confidence. Physicians of the highest standing in the profession, prescribe it patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be at-tended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body.- For the cure of Scrofula or Kings Evil, Rheumatism, Tetter, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

MR. OAKLEY :- I believe it the uty of every ne to do whatever in their power lies, for the bine fit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I m st conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous soces that covered the face, head and neck, although we had some of the most scientific physicians to attend them and had tried all the known remedies, including Swaim's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Deparative Syrup of Sarsaparida, we were induced to make trial of it, as the last resert; it acted like a charm; the u'cers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruitedly ever since. As a purifier of the blood, I verily believe it has not its equal.

ROSE OINTMENT FOR TETTER.

RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS.

Of The following certificate describes one of the most extraordinary cures ever effected by any application. PRILADELPHIA, February 10, 1838.

OR twenty years I was severely afflicted with TETTER on the Face and Head: the disease mmenced when I was seventeen years old, and continued until the Fall of 1836, varying in viclence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst—the swelling was so great, that I could -rarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many at plications, (among them several celebrated preparation-) as well as taking inward remedies, actuding a number of bottles of Siegim's Panacea. Extract of Sarsaparilla, &c. In fact, it would be mpossible to enumerate all the medicines I used. was also under the care of two of the most distinguished physicians of this city, but without recerving much benefit, and I despaired of ever being cored. In the fell of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the cruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of do lars to be rid of the disease. Since using it, I have recommended it to several persons. (among them my mother, who had the disease badly on her arm,) who were all cured by it.

JAMES DURNELL, No. 156, Race St. The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race streets, Philadelphia, and sold on agency in Sunbu-TV. by H. B. MASSER. May 14th, 1813. Agent

Rose Ointment, for Tetter. A PROOF OF ITS EFFICACY.

PHILADELPHIA, May 27th, 1839. HIS is to certify that I was severely afflicted with Tetter in the hands and feet for upwards of forty years; the disease was attended generally with violent itching and swelling. I applied to 4 number of physics ins, and used a great many applicarious without effecting a core. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediatrly cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. MEDICAL APPROBATION

Of the ROSE OINTMENT, for Tetter. A LTHOUGH the superiority of the preparation over all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania. Dr. Baugh, having found in this remedy that relief for a tedious and disagreeable affection which the means within the range of his profession failed to afford, has not hesitated to give it his approbation, although the prejudices and interests of that profession are prosed to secret Remedies.

PHILADELPHIA, Sept. 19, 180 I was recently troubled with a tedioueruption, which covered nearly one sidand extended over the ear. Mr. Vactor of the Rose Ointment, observing ted on my trying his preparation, of ded me a jar.
