Another Englishman's Opinion of the Americans.

We vesterday received a publication of Dr. Lyell's travels in the United States. We have since looked through his book, and find that it possesses considerable interest. A large part is taken up with remarks upon the geology of the country, which we should suppose are valuable, coming from so eminent an authority. But there are also observations on the character and manners of the Americans, that are likely to give the books a broader interest. From the latter we make a few extracts :- . N. Y. Com. Adv.

"One of the first peculiarities that must strike a foreigner in the United States is the deference paid universally to the sex, without regard to station. Women may travel alone here in stage coaches, steamboats, and railways, with less risk of encountering disagreeable behaviour, and of hearing coarse and unpleasant conversation, than in any country I have ever visited. The contrast in this respect, between the Americans and the French is quite remarkable. There is a spirit of true gallantry in all this, but the publicity of the railway car, where all are in one long room, and of the large ordinaries, whether on land or water, is a great protection, the want of which has been felt by many a female traveller without escort in England. As the Americans address no conversation to strangers, we soon became tolerably reconciled to living so much in public. Our fellow passenvers consisted for the most part of shopkeepers, artizins and mechanics, with their families, all weil dressed, and so far as we had intercouse with them, polite and desirous to please .- A large part of them were on pleasure excursions, in which they delight to spend their spare

Mr. Lyen, in another place, says that he did not meet with more ill-bred people in this country than he has been in the habit of seeing at home.

"Travellers must make up their minds, in this as in other countries, to fall in now and then with free and easy people. I am bound, however, to say that in the two most glaring Berks County Banks instances of vulgar familiarity which we have Office of Bank of U. S. experienced here, we found out that both the offenders had crossed the Atlantic only ten Kensington Sav. Ins. A years before, and had risen rapidly from an humble station. Whatever good breeding exists here in the middle classes is certainly not of foreign importation; and John Bull, in particular, when out of humor with the manners of the Americans, is often unconsciously beholding | Honesdale Bank his own image in the mirror, or comparing one class of society in the United States with another in his own country, which ought from saperior affluence and leisure, to exhibit a higher purchased by the Philadelphia brokers, with the standing of refinement and intelligence."

The geologist, indeed, will find here no scenic description; for we suppose that to the thoroughly initiated, the mere scientific enumeration of soils and rocks will possess their minds at once with the features of the landscape; and who can say but that the time will come, when a knowledge of geology is universal, that its terms-like short-hand writing-will be a customary substitute in travelling literature for all the wordy descriptions we now have to wade through. Even the James's of that day will open a novel with a single paragraph which shall convey a distinct idea of a whole region of country.

THE TIME TO BLUSH,-"Blush not now," said a distinguished Italian to his young relative, whom he met issuing from a haunt of vice, "you should have blushed when you went The heart alone is safe which shrinks from the slightest contact or conception of evit, and waits not to enquire, what will the world say !

A SCENE AT THE GATE OF PARADISE, --- A poor tailor being released from a troublesome world and a scolding wife appeared at the Gate of Paradise. Peter asked if he had ever been in Purgatory.

WISTAR'S BALSAM OF WILD CHERRY,

Companie Balsamie Preparation from Wild Cherry Bark and Tar, The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza. shortness of breath, pain and

weakness in the breast or side, liver complaint, and the first stages of

CONSUMPTION. We will not assert that this BALSAM will cure Consumption in ist worst form, but it has cured many after all other means of relief had been tried in vain .- And why not ! It seems that the WILD CHERRY was destined by Nature to be our PA-NACEA for the ravaging diseases of this cold latitude. Let not the despairing invalid waste his money and loose TIME, to him so all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be p s-ible-a modeine that science approves. and many years of experience have demonstrated

that it always relieves.

There is no such thing as fail," in the history of this wonderful BALSAM. Evidence the most convincing-evedence that no one can doubt, fully e-table hes this fact. For the sake of brevity we

se'ect the f-lowing from thousands. Isaac Platt, Esq., Editor of the Pokerpsie Eagle, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842 with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alatming symptoms. Through medical measurent and care she partially rec veted during summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was nesign of improvement, Mr. Platt precord a bottle of WISTAR'S BALSON OF WILD CHERRY, which she took, and it s entingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightert symptom of her for-

EXTRACT OF A LETTER FROM A POST MASTER, DATED

PEMBROKE, Washington co., Maine, Apr. 29, 1844. MR. ISAAC BUTTS .- Dear Sir: At the request of many of my friends in this place and victcity who are afflicted with consumption and liver complaints. I take the liberry of asking you to appoint some one in this county as agent to sell Wis-TAR'S BALSAN OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay,

My wife was attacked about six months since with what the physicians called the first singe of communion-a complaint very prevalent in this section of country. Having seen the Balson ad-

vertised in Augusta. 200 MILES FROM HERE, 20 I took the pains to send there for a Jottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and he now says she has not felt so well for ix years as she does at this time. All those who ave inquired of me and ascertained what effect the Baisam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by seto n of mail whether you onelude to send some, and if so to whom, in order

but it may be known where it can be tail. I am with respect vours, etc. P. G. FARNSWORTH, P. M. The whole country is fast learning that no medicine-no physician-no preparation of any kind

A TRULY WOYDERFUL CURE.

WATERVILLE, Oncida co., N. Y. Sept. 15, 1843. Dear Sir-I owe it to the afflicted to inform v. u hat in January lost I was attacked by a very vic lent cold, caused by working in the water, which ettled on my lungs. It was a companied by a very severe pain in my breast and sides, and also a discressing cough. I had in attendance all the lest medical aid in our village; but after exhausting all their skill o no avail, they pronounced my disease a cospinses cossumerios, and they one and all gave me up to die. After much persuasion I got he consent of my physician to use the Balson or WILD CHARRY prepared by Dn. WISCAR. I purchased of the Agent in our place one battle, before using half of which I began to gain strength, and it was very evident my cough was much better and my symptoms in every way imprising. I have now used three bottles, and am restored to perfect health. This re-ult is al ne owing to the use of DR WISTAR'S BALSAM OF WILD CHER-RY; and I take this method of giving you the information, parily to pay you the debt of gratitude I owe you, and partly that others similarly afflicted

may know where to apply for relief.

Very truly yours, JAMES SAGE,

Mis. Palmer. Druggist, under date of Waterville,

Sept. 24th, 1843, writes: The statement given you by Mr. James Sage is well known to be true by this whole community It certainly was a most remarka le cure. The sale of the Bal-am is very good, and its success in cureorary flattering. Yours respectfully.

D. D. PALMER. THE MOST REMARKABLE CURE EVER RECORDED.

Hannospiern, N. J. April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an u'err, or al seess, in-wardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but title for me excep give me some Mercury Pills, which I refused to take, feeling satisfied that they could do me no good; many other remedies were then procured by my wife and friends, but none did me any good-and the discharge of blood and corruption still continued every lew days, and at last become so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before-and my disease continued in this way, still growing worse. until Pebruary, when all hope of my tecovery was given up, and my friends all thought I would die of a Gattering Consumption. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHELRY, and got a bottle which REthree b-tiles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health. OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Deputa-tive Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally. that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the u most confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing del terious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body. - For the cure of Scrofula or Kings Evil, Rheomatism, Tetter, Pimples or eruptions of the Skin, White Swelling, Fistola, Chronic Cough Asthans, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sassaparilla. We had the misfortune to her two of our children, be the breaking out of ulcerous sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them, and had tried all the known temedies, including Swain, Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was a offcusive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Deparative Symp of Susaparilli, we were aduced to make trial of it, as the last resort; it acted like a charm; the ofcers commenced healing immediately, . few bottles entitely restored her to her health, which she has enjoyed uninterruntedly ever since. ROSE OINTMENT FOR TETTER.

RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS. The following certificate describes one of the most extraordinary oures ever effected by any application.

PHILADELPHIA, February 10, 1838. POR twenty years I was severely afflicted with TETTER on the Pace and Head: the disease mmenced when I was seventeen years old, and continued until the Fall of 1836, varying in vinlence, but without over disappearing. During most of the time, great part of my face was covered water the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst-the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many at plications, (among them several celebrated preparations) as well as taking inward remedies. including a number of bottles of Swaim's Panacea, Extract of Sarsaparitle, &c. In fact, it would be impossible to enumerate all the medicines I used. was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fell of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the crustion began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the sears from the deep pits formed by the discuss. It is impossible for me to describe n a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction. who will call on me. At the time I commenced using the Rose Ointment I would have given hundieds of do lars to be rid of the disease. Since using it, I have recommended it to several persons, (among them my mother, who had the disease badly on her acm,) who were all cured by it,

PRILABELPHIA, May 27th, 1839. THIS is to certify that I was severely affil etc. with Tetter in the hamls and feet for upwards. of forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applicarrons without effecting a cure. About a year since, I applied the Rase Outment, which entirely stopped the itching, and a few applications numerisately cured the disease, which there has been no return of, atthough I had never been rid of it at any time for forty years. MEDICAL APPROBATION

Of the ROSE OINTMENT, for Tetter. A LTHOUGH the superiority of the preparate in over all others is fully established, the proprieors take pleasure in laying before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania. Dr. Baugh, having found in this semedy that relief for a tedious and disagreeable affection which the means within the range of his profession failed to afford, has not besitated to give it his approbation, although the prejudices and interests of that profession are pposed to secret Remedies.

PHILADELPHIA, Sept. 19, 1836. I was recently troubled with a tedious heroetic eruption, which covered nearly one side of my face, and extended over the ear. Mr. Vaughan, propriefor of the Rose Unitment, observing my face, mercted on my toying his preparation, of which he banded me a jar. Although in common with the membees of my profession, I discountenance and disapprove of the numerous nostrums pained upon the public by ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medienas, and to give it my approbation, as it entireby cured the eruption, although it had resisted the usual applications. DANL BAUGH, M. D. The Rose Ointment is prepared by E. B.

Vaughan, South East corner of Third and Ruce of buyers visiting the city, to an examination of Streets, Philadelphia, and sold on egency in Suntheir stock.
