

NEVER GIVE UP.

Never give un! It is wiser and better Always to hope than once to despair : Fling off the load of Doubt's cankering fetter, And break the dark spell of tyrannical care. Never give up! or the burden may sink you-Providence kindly has mingled the cup, And in all trials and troubles, bethink you, The watchword of life must be, Never give up!

Never give up! there are chances and changes Helping the hopeful a hundred to one. And through the chaos, High Wisdom arranges Ever success-if you'll only hope on; Never give up! for the wisest is boldest, Knowing that Providence mingles the cup. And of all maxims the best, as the oldest, Is the true watchword of Never give up! Never give up! though the grape-shot may rattle, Or the full thunder cloud over you burst; Stand like a rock, and the storm or the battle Little shall harm you, tho' doing their worst. Never give up! if adversity presses, Providence wisely has mingled the cup, And the best counsel, in all your distresses, Is the stout watchword of Never give up.

WISTARDS BALSAM OF WILD CHERRY.

Compound Balsamic Preparation from Wild Cherry Bark and Tar. The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influ-enza, shortness of breath, pain and weakness in the breast or side. liver complaint, and the

first stages of CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in ist morst form, but it has cured many after all other means of relief had been tried n vain .- And why not I It seems that the WILD CHERRY was destined by Nature to be our PA NACEA for the cavering discuses of this end lastitude. Let not the despairing invalid waste his in experimenting with the trushy nostrums of the day, but use at once a medicine that will cure, if a cure be possible-a medicine that science approves, and many years of experience have demonstrated that it always relieves.

"There is no such Doing as fail." in the bistory of this wonderful BALSAM. Evidence the most convincing -evelence that no one can doubt, fully establishes this fact. For the sake of brevity we select the following from thousands

Isanc Plant, Esq., Editor of the Pokespeie Eagle, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842 with severe cold, which immediately produced spitting of blood, rough, lever, and other dangerous and starming symptoms. Through medical treatment nd care she partially recovered during summer But on the return of winter she was attacked more violently than at first, she became acuredy able to Potterile; Go., Earl, Realing; Houston & Ma. | walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt precured a bottle of WISTAR'S BALSAN OF WITH CHERRY, which she ok, and it seemingly restored her. She got a second, and before it was helf taken she was restored to perfect health, which she has enjoyed to the necsent time, without the slightert symptom of her former dise se.

A TRULY WONDERFUL CURE.

WATERVILLE, Oncols co., N. Y. Sept. 15, 1843. Dear Sir-1 owe it to the afflicted to inform v u that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accommanded by a very severe pain in my Jurust and sides, and also a distressing cough. I had in attendance all the lest nedical aid in our vallage; but after exhausting all their skill to no avail, they pronounced my disease a confirmed consumption, and they one and all gave me up to die. After much persussion I got ne consent of my physician to use the Balsan or WILD CHERRY prepared by DR. WISCAR, I purchosed of the Agent in our place one buttle, before using half of which I began to gain strength, and it was very evident my cough was much better and my symptoms in every way impriving. I have now used three bottles, and am restored to perfect This result is alone owing to the use of DR WISTAR'S BALSAM OF WILD CHER-KY; and I take this method of giving you the information, parely to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may kin w where to apply for relief.

THE MOST REMARKABLE CURE EVER RECORDED. HADDONFIELD, N. J., April 20, 1843,

On or about the 13th day of October, 1841, I was taken with a violent pain in the ride near the fiver, which continued for shout five days, and was followed by the breaking of an ulcer, or abserss in-wardly, which releved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alumed at this, I applied to a physician, but he said he thought he could do but little for me except give, me so Mercury Pills, which I refused to take, feeling satisfied that they could do me no good; many other rem dies were then procured by my wife and friends, but none did me any good-and the discharge of blood and comption still continued every f-w days, and at last become so offensive that I could scarcely breathe. I was also seized with a vielent cough, which at times caused me to raise much more blood than I had done before-and my disease continued in this way, still growing worse. until February, when all hope of my receivery was given up, and my treads all thought I would die d a GALLOGING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHELRY, and got a bottle which ag-LIEVED ME IMMEDIATELY ; and by the use of only three bettles of this med cine, all my pains were removed-my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this ume I have enjoyed good health. Douglassifle, April 19th, 1842, Mr. Oxsutt:-My sen Edmund Leaf, had the scrotels in the most dreadful and distressing manper for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with pleers. We tried all the different remedies, but to no effect, until recommended pointed agent, SETH W. ROBERTS, Wholesale by Dr. Johnson of Nordstown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sore healed up, and the child was restored to perfect health, which he has enjoyed unintermitedly ever since, to the astonishment of many persons, who seen him during his affliction, I have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a medicine.
