

From the St. Louis Organ.

A "Werry Sad" Lamentation.

It is not that she bade me go,
And said I'd better stop my calling,
It is not that she answered "No,"
As loud as could be—short of bawling;
It was not that she slammed the door,
And set her nasty lap-dog on me;
Oh no; a greater, keener grief
Weights down my heart and preys upon me.
I cannot bear to see her go
And promenade with other fellows;
I cannot bear to see her walk
On rainy days 'neath their umbrellas;
To see such things a going on,
Excites my virtuous indignation;
It makes me swear as one might say,
In vulgar phrase, "like all creation."
To see her seated on a chair,
With half a dozen fops around her,
And hear that fool Accusers swear
He "can't exist a day without her."
'Tis this which make my withered hopes
Fall thick and fast like leaves in Autumn,
And causes my poor heart to beat
Like a young bear's when dogs have caught him.
What if her father is a Squire,
And I'm a friendless Printer's Devil?
She needn't cut me in the street—
It wouldn't hurt her to be civil.
But ah! my heart strings are a lute
On which her hand unteeling lingers;
Well be it so! the tune is sad,
But then 'tis played by beauty's fingers.
Enough! enough! I've lost the maid;
My mind is bordering on distraction;
Yes, yes—I'll leave this classic shade,
And seek a wider field of action;
For in the distant Texian land!
In war's proud ranks I'll seek for glory,
And then perhaps in later years
My name will flourish in verse and story.
And if, oh cruel HARRIETTE!
You hear them tell about a "stranger
Who wore the lone star" on his crest,
And never cared a cent for danger,"
Perhaps you'll proudly look around,
And with a sigh of sympathy
Exclaim to all your wondering friends,
"That brave young man once courted me."

SHOULD PARENTS SCOLD.—It has neither reason, religion, common sense nor experience to recommend. While there are reasons many and mighty, to justify its total abolition. It sours the temper of the children; so that one thorough scolding prepares the way for two or three more. It sours your temper, provided it is sweet, which is a question; if you are prone to scold, the more you will have to scold, and your children likewise.

Scolding alienates the hearts of your children. Depend upon it, they cannot love you as well after you have berated them as they did before. You may approach them with firmness & decision, you may punish with severity adequate to the nature of their offence, and they will feel the justice of your conduct and love you notwithstanding all. But they hate scolding. It stirs up bad blood, while it discloses your weakness, and lowers you in their esteem. Especially at night, when they are about to retire, their hearts should be melted and moulded with voices of kindness, that they may go to their slumber with thoughts of love stealing around their souls, and whispering peace.

PLEASANT AND PAIN.—A Southern Editor makes the following frank announcement: "We shall not support any man for office short of Ten Dollars, besides his annunciation fee. That's what the lawyers charge for attending to an assault and battery case, which is a light and lovely occupation compared with that of editorially attending to a candidate's case, to say nothing of the awful wear and tear of conscience in this peculiar branch of our business."

NEW NOTION.—A speculative Yankee notizener is desirous of sinking a shaft through the centre of the Isthmus of Darien down to the subterranean current supposed to exist in that locality, and which influences the gulf stream by its force. On this shaft he will construct a large water wheel to work horizontally, having a large drum above the surface, for an endless chain to work upon; then construct a railroad strait up the mountain from either ocean, to meet at this stationary engine, and the work of extending the area of freedom is done. Eureka.

SCENE IN A SCHOOL ROOM.—First class in Philosophy, come up. Well Ichabod, what are properties of heat?

"The properties of heat are, to bake bread, bile water, cook eggs, and—"

"Stop—next! What are the properties of heat?"

"The properties of heat is to warm our toes, when they get cold, by holding 'em to the fire and so forth."

Next. Solon what are the properties of heat?

"The chief properties of heat is that it expands bodies, while cold contracts."

"Very good, Solon. Can you give an example?"

"Yes sir. In summer, when it is hot the day is long; in the winter, when it is cold, it gets to be very short."

"Go up head, Solon, boys take your seats, and the learned pedagogue was lost in wonder, that so familiar an instance of illustration should escape his philosophic mind."

WISTAR'S BALSAM OF WILD CHERRY.
A Compound Balsamic Preparation from Wild Cherry Bark and Tar.
The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in its worst form, but it has cured many after all other means of relief had been tried in vain.—And why not? It seems that the WILD CHERRY was destined by Nature to be our PANACEA for the ravaging diseases of this cold latitude. Let not the despairing invalid waste his money and lose TIME, to him so all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always relieves.

"There is no such thing as a free lunch" in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one can doubt, fully establish this fact. For the sake of brevity we select the following from thousands.
Issue Platt, Esq., Editor of the Pokeepsie Eagle, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842 with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time there was no sign of improvement. Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and it soon restored her. She is a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of other former disease.
Mr. Platt says "the cure came under my own observation and I cannot be mistaken as to the fact."

EXTRACT OF A LETTER FROM A POSTMASTER DATED
PENNSYLVANIA, Washington Co., Maine, Apr. 29, 1844.
MR. ISAAC BITTTS.—Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints, I take the liberty of asking you to appoint some one in this county as agent to sell WISTAR'S BALSAM OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay.
My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in the section of country. Having seen the Balsam advertised in August.

200 MILES FROM HERE.
I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and she now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by return of mail whether you conclude to send some, and if so to whom, in order that I may be known where it can be had.
I am with respect yours, etc.
P. G. FAIRBANKS, P. M.

The whole country is fast learning that no medicine—no physician—no preparation of any kind whatever—can equal DR. WISTAR'S BALSAM OF WILD CHERRY.

A TRULY WONDERFUL CURE.
WATERVILLE, OREGON CO., N. Y., Sept. 15, 1843.
Dear Sir—I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a severe pain in my breast and side, and also a distressing cough. I had in attendance all the best medical skill in our village; but after exhausting all their skill to no avail, they pronounced my disease a confirmed consumption, and they one and all gave me up to die. After much persuasion I got the consent of my physician to use the BALSAM OF WILD CHERRY prepared by Dr. WISTAR. I purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better and my symptoms in every way improving. I have now used three bottles, and am restored to perfect health. This result is all owing to the use of DR. WISTAR'S BALSAM OF WILD CHERRY; and I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief.
Very truly yours,
JAMES SAGE.
Mr. PALMER, Druggist, under date of Waterville, Sept. 24th, 1843, writes:

The statement given by Mr. James Sage is well known to be true by this whole community. It certainly was a most remarkable cure. The sale of the Balsam is very good, and its success in curing truly amazing. Yours respectfully,
D. D. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.
HADDONFIELD, N. J., April 20, 1843.
On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but little for me except give me some *Necessary Pills*, which I refused to take, feeling satisfied that they could do me no good; many other remedies were then procured by my wife and friends, but none did me any good—and the discharge of blood and corruption still continued every few days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle which I received immediately; and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health.
THOMAS COZENS.
GLOUCESTER COUNTY, N. J., ss.
Personally came before me, the subscriber, one of

the Justices of the Peace and for the said county, Thomas Cozens, and being duly affirmed according to law, with the above statement is in all things true.
Affirmed before me, on the 20th of April, 1843, J. CLEWNEY, J. P.
Such is the unprecedented success of this BALSAM.

"NATURE'S FAVORITE PRESCRIPTION."
A prescription congenial to our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our own land for wise purpose, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asserting that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that WISTAR'S BALSAM is known to the world to be "THE GREAT REMEDY," and that to sell any mixture like it in substance.
Believe not the cunningly wrought fabrications—and take only the original and genuine WISTAR'S BALSAM OF WILD CHERRY.

NO OTHER CAN BE LIKE IT.

FIFTY DOLLARS REWARD!
CANTRELL'S Celebrated Family Medicines
I WILL not cure every thing, but still remain every thing ever offered to the public, who have voluntary care forward and offered numerous and highly respectable testimonials of their superior efficacy.

Cantrell's Compound Medicated Syrup of Sarsaparilla, or Anti-Scorbutic Syrup, for the cure of Scouritis, Chronic Rheumatism, Chronic Swellings of the Joints, Eruptions of the Skin, and all Diseases arising from the abuse of Mercury, &c., unsurpassed by any thing in the market, combining all the virtues resident in the Sarsaparilla with a modern medicine, only lately brought out by the most respectable medical authorities. Price, 50 cents per bottle.
Cantrell's Anti-Dyspeptic Powder, for the relief and permanent cure of that most distressing complaint, Dyspepsia, in all its forms and stages. It is truly a most valuable remedy. Sold in bottles at 25 and 50 cents each.
Cantrell's Ague Mixture and Tonic Mellowments, stands at the head of the list unrivalled by any, or all the innumerable medicines in use throughout the length and breadth of the land, for the cure of FEVER and AGUE in all its stages, and from all its consequences.

Residents in Fever and Ague districts should never be without it.
The subscriber will forfeit FIFTY DOLLARS where his medicine fails to perform a cure in the most obstinate case.
Sole Wholesale and Retail by CALEB CRESSON, at his Drug Warehouse, No. 6 North Third Street, Philadelphia; also, by the regularly appointed agent, SETH W. ROBERTS, Wholesale Druggist, No. 54 Water Street, Mobile.
Prepared only by the Subscriber, corner of CANTRELL and SECOND Streets, below Christian, Philadelphia, where it is also retained.
Observe, none are genuine without the signature of
JOHN A. CANTRELL.

Cantrell's Ague Mixture, or Tonic Medicaments.
For the cure of all Bilious affections, if taken according to directions.
It is a never failing remedy which no family ought to be without, especially in low malarious countries.

As this medicine is put up under the proprietor's immediate inspection on the most scientific principles, being Purely Vegetable, and having tried its efficacy on thousands, for upwards of 12 years, and to his knowledge when taken strictly according to directions, there has not been a failure. Under such circumstances I recommend it to the public, adding a certificate in support of my assertion.
I, John Burns, do certify that I was in the ship Tobacco Plant, Philadelphia, Capt. Reed, in June, 1827, bound to Liverpool; took the fever and ague and laid in Liverpool some time under the doctor's hands, went from there to Baltimore, lay in the Infirmary for four or five weeks from thence to Philadelphia; was six months under Dr. Coates; from thence to New York—went to the Hospital, remained there about four weeks without any relief—tried every thing without any benefit, for five years. Hearing of Cantrell's Ague Mixture from a friend, I went to his store, told him how I was afflicted, and got a bottle of his mixture and used it according to directions. It made a perfect cure, and I have not had the least return since. I do with confidence recommend it to the public.
JOHN BURNS.

Medicated Syrup of Sarsaparilla.
Philadelphia, April 10th, 1844.
Mr. JOHN A. CANTRELL,
Dear Sir—Having been afflicted for upwards of two years with ulceration of the throat, destroying the whole of the soft palate, then through the upper part of my mouth into my nose, from which several pieces of bone came out, which partially destroyed my nose, through a kind of Fistula, and the use of Medicated Syrup of Sarsaparilla, I am now restored to perfect health, and my sight, which was so much impaired, is as strong as when a boy.
I thought it a duty I owed to you and those similarly affected, to make it public.
Yours, respectfully,
SAMUEL KIRK,
Corner of Truth and Coates Streets.

I, Gabriel Jonston, No. 6 Rockless Street, do certify that my wife, Jane, was afflicted for two years with Rheumatism, and at last was entirely disabled, so that she was obliged to be confined to bed, hearing of Cantrell's Medicated Syrup of Sarsaparilla, which completely removed all her pains and stiffness from her limbs; two more bottles made a perfect cure. She is now able to attend to her household duties as usual. GABRIEL JONSTON.

OAKLEY'S DEPURATIVE SYRUP.
THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the utmost confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicated any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scourful or Kings Evil, Rheumatism, Itching, Pimples or eruptions of the Skin, White Swellings, Fistula, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Sold wholesale and retail, by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following persons:
In Northumberland County.—H. B. Masser, Sunbury; Ireland & Mixel, McEwensville; D. Kramer, Milton.
In Union County.—J. Geathart, Selinsgrove; A. Gutches, Millburg.
In Columbia County.—R. W. McCay, Washington.
Reading, March 14, 1843.

Mr. OAKLEY—I believe it the duty of every one to do whatever in their power, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I most conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them and had tried all the known remedies, including Swain's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck were completely covered; the discharge was as offensive, and the disease as such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal.

JOHN MOYER, Tailor,
Walnut street, near Fourth, Reading.

Doughstville, April 19th, 1843.
MR. OAKLEY—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Hyster of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who saw him during his affliction. I have thought it my duty, and send you this certificate that others who have like affliction in the family may know where to obtain so valuable a medicine.
Yours truly,
AMELIA D. LEAF.
