

From the Railway Express.
The Iron Age.
 Poets have sung, and historians told
 Of the metal, which cast into mortal mould
 Singular patterns and moulds;
 Not alas! for that very auriferous time;
 No more is it subject for story or rhyme;
 For by "Rail" up Fame's temple-crowned gradient
 We climb,
 And Iron's the theme of the Muses.
 Parnassus is tunneled; and Castaly's fount
 Is bridged. Even Helicon's turned to account;
 All the Muses have shares, and they glide (but
 not mount)
 On a prosy detestable lever.
 Their lines are worth nothing at all, for 'tis seen
 That Chalybeate water's their false Hippocrene,
 And Robert Montgomery shows us, I ween,
 That epics are gone to the Devil.

Iron—Iron, and nothing beside!
 We sit on it—live on it—walk on it—ride;
 Pen treatise on peace with it—or by our side
 We wear it for purpose of fighting;
 Old England had "Ironside" once for a King,
 Napoleon was crowned with Milan's Iron ring;
 And sulphate of Iron's the principal thing
 In the fluid with which I am writing.
 'Tis Iron that binds with its terrible chain;
 O'er Iron, in freedom we skim the broad plain;
 And if love should afflict with an ache or pain,
 A remedy Iron discovers.
 For a wild Iron horse gets a poke in his sides,
 And with raging hot ribs off to Gretna he glides,
 And distance unteth, instead of divides,
 A couple of runaway lovers.
 Iron, they say, may be found in the blood,
 And Iron, we know, often spills life's red flood,
 And cold Iron will top off a man in his bud;
 Even "into the soul" it enters.
 Words are iron-ic, and were one to ask
 Where 'tis not?—to reply were as difficult task
 As to find out the man in the strange Iron mask,
 And who were his mystic tormentors.
 Iron newspapers to chronicle crimes—
 Books made of Iron—rare 'Tracts for the Times,'
 Iron to sound out the gay birth day chimes;
 And when we're Mortality doffing,
 Death's Iron hand to an Iron couch sending,
 Ferruginous mixtures are made up to mend us,
 And when cold as Iron—still Iron attends us
 In the shape of a safe Iron coffin.
 Iron and Iron wherever we go!
 'Tis before us—behind us—above and below;
 Plates' tears were of Iron—but rhymes cannot
 show

The varieties or amount of it;
 Dr. Irons should hunt for that book under ground,
 Iron clasped (vide Scott), and by Iron, too, bound,
 That of this iron age, ages hence may be found,
 On its pages some written account of it.

Distressed for Cash.
 It is certainly had for any one to be short of
 cash; but for an editor, and a Rev. D. D. too,
 to be on the point of sinking for want of the
 needful, is really heartrending. But such a case
 has actually occurred. The Rev. E. Percy
 Howe, D. D., editor of the 'Dollar Democrat,'
 somewhere in Louisiana, thus affecting to
 call on his 'signers,' in true poetical style. Wonder
 if the hint might not be taken by signers of
 some other paper! But hear him:
 Come, ye signers, proud and lowly,
 Rich and ragged, lean and fat,
 Come and fork o'er what you owe me,
 For the Dollar Democrat?

The parson anxious to receive it,
 Ah! he sadly needs the chink,
 Every dollar bright, believe it,
 Due for paper, rent and ink.
 Pray don't hesitate ye signers?
 Of the Printer's pittance think—
 Send, O send the silver shiners!
 Quickly, Cash us, or we sink!

GET MARRIED.—A European Philosopher
 has furnished the world with some very interesting
 statistics, showing the benefit of marriage—
 he says among unmarried men, and
 among those from thirty to forty-five, the average
 number of deaths are only eighteen. For forty-
 one bachelors who attain the age of forty,
 there are seventy-eight married men who do the
 same. At sixty there are only twenty-two un-
 married men alive, for ninety eight who have
 been married. At seventy, there are eleven
 bachelors to twenty-seven married men, and at
 eighty, there are nine married men for three
 single ones. Nearly the same rule holds good
 in relation to the female sex. Married women
 at the age of thirty, taken one with another,
 may expect to live thirty-six years longer;
 while for the unmarried, the expectation of life
 is only about thirty years. Of those who attain
 the age of forty-five, there are seventy-two mar-
 ried women for fifty single ladies. These data
 are the result of actual facts, by observing the
 difference of longevity between the married and
 the unmarried.

A Good Suggestion.—Prince Albert has
 been distributing among the people of England
 a pamphlet, containing extracts from a speech
 delivered by Dr. Buckland, Professor of Geology,
 at the town Hall, Birmingham, wherein the
 proper treatment of the potato, under existing
 circumstances, is set forth. "Punch" thinks it
 could have been a great deal better, "under
 existing circumstances," to have distributed the
 stoves instead of the pamphlets.

 MR. THOMSON—Dear Sir—With grateful
 feelings I inform you of the astonishing effects of
 your medicine, which has literally raised me from
 a deathbed! My disease, Pulmonary Consumption,
 had reduced me so low that my physician had
 pronounced my case hopeless! At this juncture I be-
 gan to use your medicine, and miraculous as it may
 seem, it has completely restored me to health, after
 everything else had failed. Respectfully yours,
 CHARLES MACK.

WISTAR'S BALSAM OF WILD CHERRY.

A Compound Balsamic Preparation from
 Wild Cherry Bark and Tar,
 The best remedy known to the world for the cure of
 coughs, colds, asthma, croup, bleeding of the
 lungs, whooping cough, bronchitis, influ-
 enza, shortness of breath, pain and
 weakness in the breast or side,
 liver complaint, and the
 first stages of
CONSUMPTION.

We will not assert that this BALSAM will cure
 Consumption in its worst form, but it has cured
 many after all other means of relief had been tried
 in vain.—And why not? It seems that the WILD
 CHERRY was destined by Nature to be our PA-
 NACIA for the various diseases of this class. In-
 deed, let not the despairing invalid waste his
 money and lose TIME, to him so all important,
 in experimenting with the trashy nostrums of the
 day, but use at once a medicine that will cure, if a
 cure be possible—a medicine that science approves,
 and many years of experience have demonstrated
 that it always relieves.
 "There is no such thing as a free lunch" in the history
 of this wonderful BALSAM. Evidence the most
 convincing is afforded, that no one can doubt, fully
 established fact. For the sake of brevity we
 select the following from thousands.
 Isaac Platt, Esq., Editor of the Packer's Eagle,
 one of the most influential journals in the state of
 New York, states under the authority of his own
 name, that a young lady, a relative of his, of very
 delicate constitution, was attacked in Feb. 1842,
 with severe cold, which immediately produced spit-
 ting of blood, cough, fever, and other dangerous and
 alarming symptoms. Through medical treatment
 and cure she partially recovered during summer.
 But on the return of winter she was attacked more
 severely than at first, she became acutely able to
 breathe, was troubled with cough, chills and fever
 every day, and was unable to gain rapidly with
 consumption; at this time, when there was no sign
 of improvement, Mr. Platt procured a bottle of
 WISTAR'S BALSAM OF WILD CHERRY, which she
 took, and it seemingly restored her. She got a se-
 cond, and before it was half taken she was restored
 to perfect health, which she has enjoyed to the pre-
 sent time, without the slightest symptom of her for-
 mer disease.
 Mr. Platt says "the cure came under my own ob-
 servation and I cannot be mistaken as to the facts."

EXTRACT OF A LETTER FROM A POST MASTER DATED

PEMBROKE, Washington Co., Maine, Apr. 29, 1841.
 MR. ISAAC BUTTS.—Dear Sir: At the re-
 quest of many of my friends in this place and vicin-
 ity who are afflicted with consumption and liver
 complaints, I take the liberty of asking you to as-
 sign some one in this county as agent to sell WIS-
 TAR'S BALSAM OF WILD CHERRY, and to send him
 a few dozen, as there is none of it for sale within
 200 miles from this. I have no doubt that it would
 meet with a ready sale if it were where it could be
 procured without too much expense and delay.
 My wife was attacked about six months since,
 with what the physicians called the first stage of
 consumption—a complaint very prevalent in this
 section of country. Having seen the Balsam ad-
 vertised in August.
 I took the pains to send there for a bottle of it,
 which she took, and which helped her so much that
 I sent for two bottles more, which she has now ta-
 ken, and she now says she has not felt so well for
 six years as she does at this time. All those who
 have inquired of me and ascertained what effect the
 Balsam had, are anxious to have some for sale in
 this vicinity, which is the cause of my writing you.
 Please inform me by return of mail whether you
 conclude to send some, and if so to whom, in order
 that I may be known where it can be had.
 I am with respect yours,
 P. G. EARNSWORTH, P. M.

The whole country is fast learning that no medi-
 cine—no physician—no preparation of any kind
 whatever—can equal DR. WISTAR'S BALSAM OF
 WILD CHERRY.
A TRULY WONDERFUL CURE.
 WATERSVILLE, Ontario Co., N. Y., Sept. 15, 1843.
 Dear Sir—I owe it to the afflicted to inform you
 that in January last I was attacked by a very vio-
 lent cold, caused by working in the water, which
 settled on my lungs. It was accompanied by a very
 severe pain in my breast and sides, and also a
 distressing cough. I had in attendance all the best
 medical aid in our village; but after exhausting all
 their skill to no avail, they pronounced my disease a
 confirmed consumption, and they one and all
 gave me up to die. After much persuasion I got
 the consent of my physician to use the Balsam of
 Wild Cherry prepared by Dr. Wistar.
 I purchased of the Agent in our place one bottle, before
 using half of which I began to gain strength, and it
 was very evident my cough was much better and
 my symptoms in every way improving. I have
 now used three bottles, and am restored to perfect
 health. This result is alone owing to the use of
 DR. WISTAR'S BALSAM OF WILD CHERRY;
 and I take this method of giving you the in-
 formation, partly to pay you the debt of gratitude
 I owe you, and partly that others similarly afflicted
 may know where to apply for relief.
 Very truly yours,
 JAMES SAGE.
 Mr. PALMER, Druggist, under date of Watersville,
 Sept. 24th, 1843, writes:
 The statement given by Mr. James Sage is
 well known to be true by this whole community.
 It certainly was a most remarkable cure. The sale
 of the Balsam is very good, and its success in cures
 truly flattering.
 Yours respectfully,
 D. D. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.

HARRISBURG, N. J., April 20, 1843.
 On or about the 13th day of October, 1841, I was
 taken with a violent pain in the side near the liver,
 which continued for about five days, and was fol-
 lowed by the breaking of an ulcer, or abscess, in-
 wardly, which relieved the pain a little, but caused
 me to throw up a great quantity of offensive matter
 and also much blood. Being greatly alarmed at
 this, I applied to a physician, but he said he thought
 he could do but little for me except give me some
 Mercury Pills, which I refused to take, feeling
 satisfied that they could do me no good; many oth-
 er remedies were then procured by my wife and
 friends, but none did me any good—and the dis-
 charge of blood and corruption still continued every
 few days, and at last became so offensive that I
 could scarcely breathe. I was also seized with a
 violent cough, which at times caused me to raise
 such a mass of blood that I had done before—and my
 disease continued in this way, still growing worse,
 until February, when all hope of my recovery was
 given up, and my friends all thought I would die
 of a GALLOPING CONSUMPTION. At this moment,
 when my life was apparently drawing near its close,
 I heard of DR. WISTAR'S BALSAM OF WILD CHERRY,
 and got a bottle which I used immediately; and in
 three bottles of this medicine, all my pains were
 removed—my cough and spitting of blood and cor-
 ruption entirely stopped, and in a few weeks my
 health was so far restored as to enable me to work
 at my trade, (which is a carpenter), and up to this
 time I have enjoyed good health.
 THOMAS COZENS,
 GLOUCESTER COUNTY, N. J., ps.
 Personally came before me, the subscriber, one of
 the Justices of the Peace in and for the said county,
 Thomas Cozens, and being duly affirmed accord-
 ing to law, with the above statement is in all
 things true.
 Affirmed before me, on the 20th of April, 1843.
 J. CLEMENT, J. P.
 Such is the unprecedented success of this BAL-
 SAM.
"NATURE'S FAVORITE PRESCRIPTION"
 a prescription congenial to our wants, as it is pre-
 pared from chemical extracts from substances which
 the author of nature has placed in our own hand
 for wise purposes, that many who know nothing
 of the mode of its preparation are endeavoring to
 reap pecuniary benefits by selling an article similar
 in name, or in appearance, or by representing their
 own trash as superior to this BALSAM, or by put-
 ting up a mixture and solemnly asserting that it
 is imported from a foreign country, which is not the
 case. All these deceptive arts go to show that
 WISTAR'S BALSAM is known to the world to be
"THE GREAT REMEDY," and that to sell
 any mixture it must be like this in name, or pur-
 port to be like it in substance.
 Believe not the cunningly wrought fabrications
 and take only the original and genuine
 WISTAR'S BALSAM OF WILD CHERRY.

ROSE OINTMENT FOR TETTER.

RINGWORMS, PIMPLES ON THE FACE, AND OTHER
 CUTANEOUS AFFECTIONS.
 The following certificate describes one of the
 most extraordinary cures ever effected by any
 application.

PHILADELPHIA, February 10, 1838.
 FOR twenty years I was severely afflicted with
 Tetter on the Face and Head; the disease
 commenced when I was seventeen years old, and
 continued until the Fall of 1836, varying in vio-
 lence, but without ever disappearing. During most
 of the time, great part of my face was covered with
 the eruption, frequently attended with violent itch-
 ing; my head swelled at times until it felt as if it
 would burst—the swelling was so great, that I could
 scarcely get my hat on. During the long period
 that I was afflicted with the disease, I used a great
 many applications, (among them several celebrated
 preparations) as well as taking inward remedies,
 including a number of bottles of Swain's Panacea,
 Extract of Sarsaparilla, &c. In fact, it would be
 impossible to enumerate all the medicines I used.
 I was also under the care of two of the most dis-
 tinguished physicians of this city, but without re-
 ceiving much benefit, and I despaired of ever being
 cured. In the fall of 1836, the disease at the time
 very violent, I commenced using the Rose Ointment,
 (prepared by Vaughan & Davis.) In a few applica-
 tions the violent itching ceased, the swelling abated,
 the eruption began to disappear, and before I had
 used a jar the disease was entirely cured. It has
 now been nearly a year and a half since, and there
 is not a vestige of the disease remaining, except the
 scars from the deep pits formed by the disease. It is
 impossible for me to describe in a certificate the
 severity of the disease and my suffering, but I will
 be pleased to give a fuller account to any person
 wanting further satisfaction, who will call on me.
 At the time I commenced using the Rose Ointment
 I would have given hundreds of dollars to be rid of
 the disease. Since I have used it, I have recom-
 mended it to several persons, (among them my mother,
 who had the disease badly on her arm,) who were all
 cured by it.
 JAMES BURNELL, No. 156, Race St.
 The Rose Ointment is prepared by E. B. Vaughan,
 South East corner of Third and Race Streets,
 Philadelphia, and sold on agency in Sunbury,
 by H. B. MASSER, Agent.
 May 14th, 1843.

OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depurative
 Syrup of Sarsaparilla, as a purifier of the
 blood, is so well known to the public generally,
 that it is unnecessary to occupy much space in set-
 ting forth the advantages to be derived from its
 use; wherever the medicine has once been intro-
 duced, it takes precedence over all others; every
 one that has taken it, have derived so signal bene-
 ficial results from it, that it is recommended by
 them with the utmost confidence. Physicians of
 the highest standing in the profession, prescribe it
 to patients under their care; containing nothing
 deleterious, but being composed of the most mild,
 yet efficacious vegetable materials, it is offered with
 confidence, as the cheapest and most efficient pur-
 rifier of the blood now known. The use of a few
 bottles, especially in the spring months, will be at-
 tended with a most decided improvement in the gen-
 eral strength of the system, eradicating any seeds
 of disease that may have been generated, besides
 giving health and vigor to the body.—For the cure
 of Scrofula or Kings Evil, Rheumatism, Tetter,
 Pimples or eruptions of the Skin, White Swelling,
 Fistula, Chronic Cough, Asthma, &c. The un-
 numerous certificates in the possession of the sub-
 scriber and his agents, from physicians and others, are
 sufficient to convince the most skeptical of its su-
 periority over all preparations of Sarsaparilla.
 Sold wholesale and retail, by the proprietor,
 GEORGE W. OAKLEY, North 5th street, Read-
 ing, Berks County, and to be had of the following
 persons:
 In Northumberland County—H. B. Masser,
 Sunbury; Ireland & Mixel, Ewensville; D.
 Krauser, Milton.
 In Union County—J. Gearhart, Selingsgrove;
 A. Göttsch, Milliford.
 In Columbia County—R. W. McCoy, Wash-
 ington.
 Reading, March 14, 1843.

MR. OAKLEY—I believe it the duty of every
 one to do whatever in their power, for the benefit
 of their fellow man, and having had positive
 proof in my own family, of the wonderful properties
 of your Depurative Syrup of Sarsaparilla, I most
 conscientiously recommend it to the afflicted.
 We had the misfortune to lose two of our children,
 by the breaking out of ulcers above that covered the
 face, head and neck, although we had some of the
 most scientific physicians to attend them and had
 tried all the known remedies, including Swain's
 Panacea, without avail. Another of my children
 was attacked in the same manner, her face and
 neck was completely covered; the discharge was so
 offensive, and the disease at such a height, that
 we desisted of her life. Seeing the wonderful effects
 of your Depurative Syrup of Sarsaparilla, we were
 induced to make trial of it, as the last resort; it
 acted like a charm; the ulcers commenced healing
 immediately, a few bottles entirely restored her
 to health, which she has enjoyed uninterruptedly
 ever since. As a purifier of the blood, I very be-
 lieve it has not its equal.

 MR. OAKLEY—My son Edmund Leaf, had the
 scrofula in the most dreadful and distressing man-
 ner for three years, during which time he was de-
 prived of the use of his limbs, his head and neck
 were covered with ulcers. We tried all the differ-
 ent remedies, but to no effect, until recommended
 by Dr. Johnson of Norristown, and also Dr. Isaac
 Hester, of Reading, to use your Depurative Syrup
 of Sarsaparilla, of which I obtained several bottles,
 the use of which drove the disease entirely out of
 his system, the sore healed up, and the child was
 restored to perfect health, which he has enjoyed
 uninterruptedly ever since, to the astonishment of
 many persons who seen him during his affliction.
 I have thought it my duty, and send you this cer-
 tificate that others who have a like affliction in the
 family may know where to obtain so valuable a
 medicine.
 Yours truly,
 AMELIA D. LEAF.
