BALSAM OF WILD CHERRY, Compound Balsamic Preparation from Wild Cherry Bark and Tar, The best remedy known to the world for the cure of

coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, brimehitis, influ-enza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of

CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in ist worst form, but it has cured many after all other means of relief had been tried in vain .- And why not ! It seems that the WILD CHERRY was destined by Nature to be our PA-NACEA for the ravaging diseases of this cold latitude. Let not the despairing invalid waste his money and loose TIME, to him so all important, in experimenting with the trashy nostroms of the day, but use at once a medicine that will cure, if a cure be possible-a modicine that science approves, and many years of experience have demonstrated

that it always relieves.
"There is no such thing as feel," in the history of this wonderful BALSAM. Evidence the most par | convincing-eve let ce that no one can doubt, fully establi hes this fact. For the sake of bacvity we

select the following from thousands, Isaac Platt, Esq., Editor of the Pokeepsie Bagle, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1812. with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical trestment and care she partially recovered during summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of Wishan's Balsan or With Caunay, which she took, and it s emingly restored her. She g t a second, and before it was half taken she was restored to prefect health, which she has enjoyed to the present time, wahout the slightert symptom of her former dise se.

Mr. Platt says "the cure come under my own obervation and I cannot be mistaken as to the facts." EXTRACT OF A LETTER FROMA POST

MASTER, DATED PENBRUKE, Washington co., Maine, Apr. 29, 1844.

MR. ISAAC BUTTS .- Dear Sir: At the request of many of my friends in this place and vicinity-who are afflicted with consumption and liver giving health and vigor to the body .- For the cure complaints, I take the liberry of asking you to appoint some one in this county as agent to sell Wis-TAR'S BALSAM OF WILD CHERRY, and to send him few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay.

My wife was attacked about six mouths since with what the physicians called the first stage of GEORGE W. OAKLEY, North 5th street, Reaconsumption-a complaint very prevalent in this ding, Berks County, and to be bad of the following section of country. Having seen the Ba'sam advertised in Augusta.

200 MILES FROM HERE, 20 I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and the now says she has not felt so well for six years as she does at this time. All those who ington, have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you.

WATERVILLE, Oneida co., N. Y. Sept. 15, 1843. I have new used three bottles, and am restored, to perfect This result is alone owing to the DR. THE MOST REMARKABLE

CURE EVER RECORDED.

HADDONYIKED, N. J., April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or al-sees, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but little for me except give me some Mercury Pills, which I refused to take, feeling satisfied that they could do me no good; many other remedies were then procured by my wife and friends, but none did me any good-and the discharge of blood and corruption still continued every fi w days, and at last become so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before-and my disease continued in this way, still growing worse until February, when all hope of my recovery was given up, and my frieads all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, heard of DR. WISTAR'S BALSAM OF WILD CHELRY, and got a bottle which we-LIEVED ME IMMEDIATELY; and by the use of only three betiles of this med cine, all my pains were removed-my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health.

SAM. "NATURE'S FAVORITE PRESCRIPTION," a prescription congenial to our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our own land

for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this HALSAM, or by putting up a mixture and solemnly asseverating that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that WISTAN'S BALSAN is known to the world to be "THE GREAT REMEDY," and that to sell any mixture it must be like this in name, or purport to be like it in substance.

I Believe not the cunningly wrought fabrica. tions—and take only the original and genuine Wistan's Balsan or Wild Chenny.

OAKLEYS DEPURATIVE STRUP.

THE valuable properties of Oakley's Deputative Syrop of Sarsaçavilla, us a purifier of the blood, is so well known to the public generally. that it is unpecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal boneficial results from it, that it is recommended by them with the trimost confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, vet efficacious vegetable materials, it is offered with confidence, as the chespest and most efficient putiher of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides of Scrofula or Kings Evil, Rheumstism, Tetter, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS. The following certificate describes one of the most extraordinary oures ever effected by any application.

PHILADELPHIA, February 10, 1838. OR twenty years I was severely afflicted with TETTER on the Face and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst-the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many at plications, (among them several celebrated preparational as well as taking inward remedies including a number of bottles of Signin's Panaceu. Extract of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used, I was also noter the care of two of the most distinguished physicians of this city, but without recerving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rase Gintment, (prepared by Vaughan & Davis.) In few applications the violent itching ceased, the swelling abuted, the cruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller secount to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hun dreds of dallars to be rid of the disease. Since using it. I have recommended it to several persons (among them my mother, who had the disease badly on her arm,) who were all cured by it, JAMES DURNELL, No. 156, Roce St.

PHILADELPHIA, May 27th, 1839. PHIS is to certify that I was severely afflicted 1 with Tetter in the hands and feet for upwards of forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applications without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. MEDICAL APPROBATION Of the ROSE OINTMENT, for Tetter, A LTHOUGH the superiority of the preparation over all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania, Dr. Baugh, having found in this remedy that relief for a tedious and disagreeable affection which the means within the range of his profession failed to afford, has not hesitated to give it his approbation, although the prejudices and interests of that profession are opposed to secret Remedies.

PHILADELPHIA, Sept. 19, 1836. I was recently troubled with a tedious herpetic cine-no physician-no preparation of any kind face, head and neck, although we had some of the eruption, which covered nearly one side of my face, and extended over the ear. Mr. Vaughan, proprietried all the known remedies, including Swaim's tor of the Rose Ointment, observing my face, insisted on my trying his preparation, of which he handed me a jar. Although in common with the members of my profession, I discountenance and disapprove of the numerous nostrums palmed upon the public by ignorant pretenders. I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entirely cured the eruption, although it had resisted the usual applications.
