

Forgive and Forget.

BY THE AUTHOR OF "PROVERBIAL PHILOSOPHY. When streams of unkindness, as bitter as gall, Bubble up from the heart to the tongue, And Meckness is rising in terment and thrall, By the hands of ingratitude wrung .-In the heat of injustice, unwept and unfair, While the anguish is festering yet, None, none but an angel of God can declare "I now can forgive and forget."

But if the bad spirit is chased from the heart, And the lips are in penetence steep'd, With the wrong so repented the wrath will depart, Though scorn on injustice were heaped;

For the best compensation is paid for all ill, When the cheek of contrition is wet. And every one feels it is impossible still, At once to forgive and forget. To forget? It is hard for a man with a mind,

However his heart may forgive. To blot out all perils and dangers behind, And but for the future to live ; Then how shall it be? for at every turn Recollection the spirit will fret.

And the ashes of injury smoulder and burn. Though we strive to forgive and forget. Ch. hearken! my tongue shall the riddle unseal. A - ! mind sha!! be partner with heart, While thee to thyself I bid conscience reveal, And show thee how evil thou art :

It meraber thy follies, thy sins, and-thy crimes, How vast is that infinite debt! Yet Morey bath seven by seventy times. Reen swift to forgive and forget ! Brood not on insults or injuries old. For thou art injurious too .-

Count not their sum till the total is told. For thou art unkind and untrue : And if all thy harms are forgotten, forgiven, Now mercy with justice is met, Oh, who would not gladly take lessons of heaven.

Nor learn to forgive and forget! Yes, yes, let a man, when his enemy weeps, Be quick to receive him a friend; For thus on his head in kindness he heaps Hot coals,-to refine and amend ;

And hearts that are Christian more eagerly yearn, As a nurse on her innocent pet, Over lips that, once bitter, to penetence turn, And whisper, Forgive and forget:

Anecdote of General Jackson-The Fredericksburg Record gives the following story of Gen. Jackson:

In the year 1824 our informant met, at the table of Sir George Attrey, many distinguished Englishmen, then in Paris. The conversation | Philadelphia Sav. Ins. turned on the then pending Presidential election, and fears were expressed that should General Jackson be elected, the emicable relations between the two countries might be endanger- Alleghany Bank of Pa. rd, in consequence of his high-handed exercise ver, as evinced during his command at New Orleans. The necessity on the part of Centre Bank our informant, of replying to these observations. was suspended by the prompt and generous outbreak of one of the guests, Col. Thornton, of the 33th, an officer well known for his gallant charactor, and whose regiment suffered severely in the attrack on the 8th of January.

He testified in the handsomest terms to the conduct of Gen. Jackson, as an amiable and faithful commander on that occasion, and declared, that had he not used the power confided to him in the high-handed way alluded to, New Orleans would probably have been captured. As to the charge of implacable hostility, Col. Thornton declared that in all intercourse by flag or otherwise, between the hostile commanders, Gen. Jackson has been peculiarly courteous and homone, and preceeded to state, that the day aftor the battle the British were permitted to bury their dead being before a certain line a hundred yards in as sunce of Gen Jackson's embankments -all within that line being buried by the Amerteams themselves.

As mon as the melancholy duty was performed, the British General was surprised at seeing a day, with awards, equilettes and watches of the officers who had fallen, and a note from Gen. Jackson, couched in the most courteous language, saying that one pair of epaulettes were missing, but that diligent search was making, and when found they should be sent in. These articles-always considered fair objects of plunder-were rescued by Gen, Jackson, and transunited to relatives of the gallant officers to whom they had belonged,

This anecdate, and the frank, soldier-like manner in which it was given, turned the whole current of feeling in favor of the General, and drew forth an expression of applause from all Peoples' Bank. parts of the table. "For myself," said our informant, "I felt a flush on my cheek, and a thrill of pride through my bosom, and in my heart I State Bank* thanked the old General for proving, by this chivalrous act, that the defenders of our coun- State Bank try were above the sordid feelings or mercenary | Salem and Philad Manuf Co warfare."

AN EXPENSIVE APPRAY. - At a ball in Frankfort, Ky., a young gentlemen, says the Louisville Journal, took an undue liberty with a lady's ringlet. The lady made her complaint to the gentleman with whom she was dancing. Thereupon the last named gentleman knocked the first named gentleman down in the ball room. The fight extended until fifteen or twenty persons were engaged in it. Fists, pistols and knives of all sorts were flourised, and some blood was spilt, though nobody was killed. An English traveller, who was anxious to see a "Kentucky row," and went to the ball on purpose, was deprived of that pleasure by having both his eyes closed with a Kentuckian's fist.

WISTAR'S BALSAM OF WILD CHERRY, Compound Balasmic Preparation from Wild Cherry Bark and Tar,

The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influ-enza, shortness of breath, pain and weakness in the breast or side,

liver complaint, and the first stages of CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in ist worst form, but it has cured many after all other means of relief had been tried in vain .- And why not ! It seems that the WILD CHERRY was destined by Nature to be our PA-NACEA for the ravaging diseases of this cold latitude. Let not the despairing invalid waste his money and loose TIME, to him so all important. in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible-a medicine that science approves. and many years of experience have demonstrated that it always relieves.

"There is no such thing as fail," in the history of this wonderful BALSAM. Evidence the most convincing-evedence that no one can doubt, fully par i establi hes this fact. For the sake of brevity we

select the following from thousands. Isaac Plant, Esq., Editor of the Pokeepsie Eagle, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842. with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of Wistan's Balsam of Wild Ghenny, which she took, and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightert symptom of her former dise se.

Mr. Platt save "the cure come under my own observation and I cannot be mistaken as to the facts."

EXTRACT OF A LETTER FROM A POST MASTER, DATED

PEMBROKE, Washington co., Maine, Apr. 29, 1844. MR, ISAAC BUTTS .- Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints. I take the liberry of asking you to appoint some one in this county as agent to sell Wis-TAR'S BALSAM OF WILD CHERRY, and to send him few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay. My wife was attacked about six months since

with what the physicians called the first stage of consumption-a complaint very prevalent in this section of country. Having seen the Balsam advertised in Augusta.

200 MILES FROM HERE, 20 I took the pains to send there for a bottle of it which she took, and which helped her so much that sent for two bottles more, which she has also taken, and the now says she has not felt so well for six years as she does at this time. All those who ington. have inquired of me and ascertained what effect the Balsam had, are applious to have some for sale in this vicinity, which is the cause of my writing you Please inform me by return of mail whether you conclude to send some, and if so to whom, in order

that it may be known where it can be had, I am with respect yours, etc. P. G. FARNSWORTH, P. M. The whole country is fast learning that no medi-

WATERVILLE, Oneida co., N. Y. Sept. 15, 1843. Dear Sir-I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical aid in our village; but after exhausting all their skill to no avail, they pronounced my disease a CONTINUED CONSUMPTION, and they one and all gave me up to die. After much persussion I got he consent of my physician to use the Barsan or WILD CHERRY prepared by DR. WISTAR. I purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better and (77 All notes purporting to be on any Pennsylmy symptoms in every way improving. I have w used three bottles, and am restored to perfect health. This re-ult is stone owing to the use of DR WISTAR'S BALSAM OF WILD CHER-RY; and I take this method of giving you the in-formation, partly to pay you the debt of grafitude I owe you, and partly that others similarly afflicted may know where to apply for relief,

Very truly yours, JAMES SAGE.
Mu, Palmen. Druggist, under date of Waterville,

Sept. 24th, 1843, writes; The statement given you by Mr. James Sage is well known to be true by this whole community. It certainly was a most remarkable cure. The sale of the Balsom is very good, and its success in cures Yours respectfully, truty flattering.

THE MOST REMARKABLE CURE EVER RECORDED.

D. D. PALMER.

HADDONFIELD, N. J., April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but fittle for me except give me some Mercury Pills, which I refused to take, feeling satisfied that they could do me no good; many other remedies were then procured by my wife and friends, but none did me any good-and the dispur | charge of blood and corruption still continued every few days, and at last become so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before-and my disease continued in this way, still growing worse until February, when all hope of my recovery was given up, and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHELRY, and got a bottle which ma-LIEVED ME IMMEDIATELY ; and by the use of only three bottles of this medicine, all my pains were removed-my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health.

Such is the unprecedented success of this BAL BAM "NATURE'S FAVORITE PRESCRIPTION."

a prescription congenial to our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asseverating that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that WISTAR's BALSAM is known to the world to be "THE GREAT REMEDY." and that to sell any mixture it must be like this in name, or pur-

port to be like it in substance. T Believe not the cunningly wrought fabricaions-and take only the original and genuine WISTAR'S BALSAM OF WILD CHERRY.

> OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifler of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the u most confidence. Physicians of the highest standing in the profession, prescribe it | ry, by to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body .- For the cure of Scrofula or Kings Evil, Rheumatism. Tetter, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthma, &c. The numercus certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Reading, March 14, 1843. Mn. OAKLEY :- I believe it the utv of every one to do whatever in their powerlies, for the honefit of their fellow man, and having had positive proof in my own family, of the wenderful properties conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the cine-no physician-no preparation of any kind face, head and neck, although we had some of the emption, which covered nearly one side of my face, whatever-can equal Da, Wistan's Balsam or most scientific physicians to attend them and had and extended over the ear. Another of my children ted on my trying his preparation, of which he hanwas attacked in the same manner, her face and ded me a jar. Although in common with the mem-neck was completely covered; the discharge was so bers of my profession, I discountenance and disapoffensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sursaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily be-

lieve it has not its equal.

Douglassville, April 19th, 1843. Mn. OARLEY :- My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Nordistown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several boules, the use of which drove the disease entirely out of his system, the sore healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. I have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a Yours truly.

RINGWORMS, PIMPLES ON THE PACE, AND OTHER The following certificate describes one of the most extraordinary ource ever effected by any

application. PHILADELPHIA, February 10, 1838. FOR twenty years I was severely afflicted with TETER on the Pace and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in viclence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst-the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many at plications, (among them several celebrated preparations) as well as taking inward remedies. including a number of bottles of Swaim's Panacea. Extract of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used. I was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the cruption began to disappear, and before I had used a jar the disease was entirely cuted. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction. who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons, (among them my mother, who had the disease badly on her arm,) who were all cured by it.

JAMES DURNELL, No. 156, Race St. The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race streets, Philadelphia, and sold on agency in Sunbu-H. B. MASSER, May 14th, 1843,

Rose Ointment, for Tetter.
A PROOF OF ITS EFFICACY.

PHILADELPHIA, May 27th, 1839. HIS is to certify that I was severely afflicted with Tetter in the hands and feet for upwards of forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applications without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. RICHARD SAVAGE,

MEDICAL APPROBATION Of the ROSE OINTMENT, for Tetter.

LTHOUGH the superiority of the preparation over all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician, graduate of the University of Pennsylvania. Dr. Baugh, having found in this remedy that relief for a tedious and disagreeable affection which the means within the range of his profession failed to afford, has not hesitated to give it his approbation, although of your Depurative Syrup of Sarsaparills, I most | the prejudices and interests of that profession are opposed to secret Remedies.

PHILADELPHIA, Sept. 19, 1836. I was recently troubled with a tedious herpetic prove of the numerous nostrums palmed upon the public by ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entirely cured the eruption, although it had resisted the usual applications.
