

THE JOURNEYMAN PRINTER.
A mental lamp, hung out by life's wayside,
Unnoticed; yet its unpretending ray
Shines clearly on man's intellectual way,
And proves to pilgrim's an unerring guide.
He hath within a worthy sort of pride,
And knows his worth—though some allow
It not;
A heart and thinking mind above his lot.
He is a man! With coffers ill supplied,
Yet want and virtue seldom ask in vain,
Laid with care—a life of various pain—
We are his days; the rose that freshly bloomed
On boyhood's cheek, assumes the hue of death;
The fall of life within his soon consumed;
Ere two score years and ten he yields his
breath.

MATRIMONY.
1.—The man must lead a happy life,
2.—Who's free from matrimonial chains,
3.—Who is directed by a wife,
4.—Is sure to suffer for his pains.

1.—Adam could find no solid peace,
2.—When Eve was given for a mate,
3.—Until he saw a woman's face,
4.—Adam was in a happy state.

1.—In all the female face appear
2.—Hypocrisy, deceit and pride;
3.—Truth, darling of the heart sincere,
4.—N'er known in woman to reside.

1.—What tongue is able to unfold
2.—The falsehood that in woman dwell;
3.—The worth in woman we behold,
4.—Is almost imperceptible.

1.—Cursed be the foolish man I say,
2.—Who changes from his singleness
3.—Who will not yield to woman's sway,
4.—Is sure of perfect blessedness.

To advocate the ladies you will read the 1st and 2d and 4th lines together.

The Psalmody of our Puritan Forefathers of England, does not speak very favorably of the medical talents of these poets. The following, from a version of Elliot, Weld and Mather, shows that they must have had hard ears, if good hearts:—

1. How good and sweet to see,
It's for brethren to dwell
together in unities:
2. It's like choice oyle that fell
the head upon,
that downe did flow
the heard unto
heard of Aroon:
The skits of his garment
that unto them went down:
3. Like Hermans dew descent,
Sions mountains upon,
for there to be
the Lords blessing
life aye lasting
commanded hee.

The first American edition of Watts' Hymns was published by Dr. Franklin, in Philadelphia, in 1741. In the preface to the "New England Psalm Singer," issued in 1770, is the following poem and practical exhortation:—
O, praise the Lord with an accord,
And in his grand design,
Let Britain and the Colonies
Unanimously join.

LADIES' MUFFS AND A TEA PARTY.—A correspondent of the St. Louis Reveille tells the following story as occurring at a fashionable tea party in that city recently.
Standing one evening at the table of a fashionable tea-party, got up in aid of some charitable institution in our city, I was gradually pushed along by the fair guests and their beaux, and I found myself opposite, not only a magnificent cake, but a most bewitching pair of eyes. I looked across the cake, and the owner of those eyes shot at me a flash, which I, in my modest admiration, was forced to dodge.—The signal was given and the company attacked the good things with vigor, but as for myself, the bright eyed beauty opposite was food enough for me, and I commenced familiarizing my own peepers to the glance of hers. She at first laughed, then pouted, and at length looked angry. I drew off my surveillance and she looked pleased; a gentleman of my acquaintance having addressed her familiarly, I seized on him and requested an introduction; he granted it, and I bowed in lowly homage to the beauty. The guest with her, resigned the beauty to my care, while he searched for her sister, that they might leave together, and I was left alone, to promenade with the bright eyes and their owner.
"Allow me to carry your muff," said I, most persuasively, "this room is so warm it must be an encumbrance."
"No, no!" said she, in evident alarm, and biting her pretty lip at the same time.
"Why," thinks I, "she cannot suspect that I want to steal it," and resolved to convince her of my honesty, I reached for the muff, and insisted upon carrying it. I laid hold of one end and she the other, to which she held most tightly; but my gallantry triumphed, and pulling it from her, out dropped a slice of pound cake, four doughnuts two jumbles and an orange! I need not say I was horrified at the effect of my gallant effort. I picked part of them up hurriedly, and handed them and the muff to her. The perspiration was rolling down my face in a stream, and putting my hand into my coat pocket, I pulled out my linen cambric handkerchief, when out of its folds dropped half a chicken! In my fit of abstraction at the table, some wag had carefully rolled it up in my handkerchief, and placed it in my pocket. The cause of my fair partner's confusion at the table was produced by thinking I had seen 'her muff' the pound-cake. She laughed heartily at my chicken, and we mutually agreed to keep quiet about our extra pickings.

WISTAR'S BALSAM OF WILD CHERRY.

A Compound Balsamic Preparation from Wild Cherry Bark and Tea. The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of CONSUMPTION. We will not assert that this BALSAM will cure Consumption in its most fatal form, but it has cured many after all other means of relief had been tried in vain.—And why not? It seems that the WILD CHERRY was destined by Nature to be our PANACEA for the various diseases of this cold latitude. Let not the despairing invalid waste his money and lose TIME, to him so all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always relieves.

"There is no such thing as a fall" in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one can doubt, fully establish this fact. For the sake of brevity we select the following from thousands.
Isaac Platt, Esq., Editor of the Pottsville Eagle, one of the most influential journals in the State of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842, with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more severely than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease. Mr. Platt says "the cure came under my own observation and I cannot be mistaken as to the facts."

EXTRACT OF A LETTER FROM A POSTMASTER DATED
PEMBROKE, Washington Co., Maine, Apr. 29, 1844.
MR. ISAAC BUTTS.—Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints, I take the liberty of asking you to procure some of this country as agent to send WISTAR'S BALSAM OF WILD CHERRY, and send him a few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if where it could be procured without too much expense and delay. My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the Balsam advertised in August.

200 MILES FROM HERE, I took a pains to send there for a bottle of it, which she took, and which helped her so much, that I sent for two bottles more, which she has since taken, and she now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by return of mail whether you conclude to send some, and if so to whom, in order that it may be known where it can be had. I am with respect yours, etc. P. G. FARNSWORTH, P. M. The whole country is fast learning that no medicine—no physician—no preparation of any kind whatever—can equal DR. WISTAR'S BALSAM OF WILD CHERRY.

A TRULY WONDERFUL CURE.

WATERVILLE, Orono Co., N. Y., Sept. 15, 1843. Dear Sir—I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a severe pain in my breast and side, and also a distressing cough. I had in attendance all the best medical aid in our village; but after exhausting all their skill to no avail, they pronounced my disease a confirmed consumption, and they one and all gave me up to die. After much persuasion I got the consent of my physician to use the BALSAM OF WILD CHERRY prepared by Dr. WISTAR. I purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better and my symptoms in every way improving. I have now used three bottles, and am restored to perfect health. This result is all owing to the use of DR. WISTAR'S BALSAM OF WILD CHERRY. I am, Sir, very truly yours, JAMES SAGE. Mr. PALMER, Druggist, under date of Waterville, Sept. 24th, 1843, writes: The statement given you by Mr. James Sage is well known to be true by this whole community. It is really was a most remarkable cure. The sale of the Balsam is very good, and its success in cures truly flattering. Yours respectfully, D. D. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.

HADDONFIELD, N. J., April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but little for me except give me some Mercury Pills, which I refused to take, feeling satisfied that they could do me no good; many other remedies were tried, but all proved to be of no use, and no one did me any good—until the discharge of blood and corruption still continued every few days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle which only I used immediately, and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter), and up to this time I have enjoyed good health. THOMAS COZENS. GLOUCESTER COUNTY, N. J., &c. Personally came before me, the subscriber, one of

ROSE OINTMENT FOR TETTER.

RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS. The following certificate describes one of the most extraordinary cures ever effected by any application.

PHILADELPHIA, February 10, 1838. FOR twenty years I was severely afflicted with Tetter on the Face and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst—the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many applications, (among them several celebrated preparations) as well as taking inward remedies, including a number of bottles of Swain's Panacea, Extract of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used. I was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the eruption began to generally subside, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons, (among them my mother, who had the disease badly on her arms,) who were all cured by it. JAMES DURNELL, No. 136, Race St. The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race streets, Philadelphia, and sold on agency in Sunbury, by H. B. MASSER, Agent. May 14th, 1843.

OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the utmost confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scrofula or Kings Evil, Rheumatism, Tetter, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough, Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla. Sold wholesale and retail, by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following persons: In Northumberland County—H. B. Masser, Sunbury; Ireland & Mixel, McEwensville; D. Kruiser, Mifflinburg. In Union County—J. Geathart, Selingsgrove; A. Gutelius, Mifflinburg. In Columbia County—R. W. McCay, Washington. Reading, March 14, 1843. MR. OAKLEY—I believe it the duty of every one to do whatever in their power, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I have conscientiously recommended it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them and had tried all the known remedies, including Swain's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal. JOHN MOYER, Tailor, Walnut street, near Fourth, Reading. Douglassville, April 19th, 1843. MR. OAKLEY—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Hyster, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles of the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. I have thought it my duty, and send you this certificate that others who have like affliction in the family may know where to obtain so valuable a medicine. Yours truly, AMELIA D. LEAF. Sept. 16, 1843.—lv.

MEDICAL APPROBATION OF THE ROSE OINTMENT, for Tetter.

ALTHOUGH the superiority of the preparation over all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania, Dr. Baugh, having found in this remedy, that relief for a tedious and disagreeable affection, which the means within the range of his profession failed to afford, has not hesitated to give it his approbation, and has not the prejudices and interests of that profession at all opposed to secret Remedies. PHILADELPHIA, Sept. 19, 1836. I was recently troubled with a tedious herpetic eruption, which covered nearly one side of my face, and extended over the ear. Mr. Vaughan, proprietor of the Rose Ointment, observing my face, insisted on my trying his preparation, of which he handed me a jar. Although in common with the members of my profession, I discountenance and disapprove of the numerous nostrums palmed upon the public by ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entirely cured the eruption, although it had resisted the usual applications. DANIEL BAUGH, M. D. The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race streets, Philadelphia, and sold on agency in Sunbury, by H. B. MASSER, Agent. May 14th, 1843.
