

By William Rockefeller.—George Washington—The father of his country, first in war, first in peace, and first in the hearts of his countrymen.

By Edward M. Hall.—When Adam first created was He felt just like a new man, God took from him a spare rib, and Created lovely woman.

By John P. Pursell.—Gen. Cameron—The estimation in which he is held by his fellow democratic Senators, is a most signal rebuke to those factious spirits who sought to overthrow him.

By Peter J. Adams.—Major Wm L. Dewart—A young democrat of true and tried principles—let him but be true to himself and the name of his friends will be legion.

By Capt J. H. Zimmerman.—Our host and hostess—May they always have as good fare as they have this day afforded us, and may they live long, happily and contented.

A Washington correspondent relates the following, as something rare, we presume, in that place of primitive virtue:

"A curious case of horse-whipping" I am told has occurred in this city within the last few days. The parties were a young carpenter, engaged in making some repairs to the house of a gentleman of this city, and a female, a servant in the same family, and who, as the story goes, had been sent by the gentleman aforesaid, with a paper of nails to the chamber where the carpenter was at work. Certain propositions, it is said, the precise nature of which has not transpired, were made to the lady during this visit, to which she appeared to give a ready ear, greatly to the delight of the enamored carpenter. She promised him to return in a few minutes, ascended, provided herself with a cowhide, re-ascended, to the chamber aforesaid, and gave to the astonished knight of the saw and smoothing plane a cowhiding such as would be considered a creditable performance by the most fastidious amateur in such matters. A party of young gentlemen, it is also said, hearing of the transaction the second evening, took up a collection for the benefit of the heroine, amounting to some fifteen or twenty dollars, with which they purchased and presented her an elegant bonnet, as a token of their respect for her virtues and admiration of her 'prowess.'"

A GOOD IDEA.—A Bank has been established at Cincinnati, which lends money to the poorer classes in sums from \$10 upwards, for a single day or longer, either on endorsed notes, or notes of hand left as collateral security. This will afford the day laborer an opportunity of relieving himself from any embarrassment.

BRANDRETH'S PILLS by cleaning the Blood from all impurities, gives power to every organ to perform its functions healthily; no matter whether externally or internally situated. Nature has formed the bowels for the evacuation of all unhealthy humors of the blood, and if man would but use common sense, he would take care they performed their office faithfully. If the bowels are out of order, if too slow or too fast, a few doses of Brandreth's Pills will bring them to order. Ask the man who was dying from constipated bowels what cured him; he tells you, Brandreth's Pills. Ask him who has had the dysentery for six months, and every remedy had failed; he will tell you that Brandreth's Pills cured him in a week. So with other diseases. Twelve Brandreth's Pills rubbed down in a half pint of molasses, cured a little boy of an ulcer of the face which was rapidly spreading to his eyes, and which a dozen doctors had tried to cure; the poor parent would have given half they were worth to have had it cured, but every thing they tried did no good, until they gave it a tea spoonful of molasses every day, in half a pint of which they had rubbed down twelve Brandreth's Pills; before the whole of the molasses was taken, the ulcer was cured.

CAUTION.—As a miserable imitation has been made, by the name of "Sugar Coated Pills," it is necessary to be sure that DR. G. BENJI SMITH'S signature is on every box. Price 25 cents. HERR'S HOTEL, HARRISBURG, PA.

T REG begs to inform the public that I have left Philadelphia, and am now located in Harrisburg, at the seat of the Executive and State Government of Pennsylvania, where I now occupy the spacious Hotel, recently kept by Mr. Matthew Wilson.

This spacious building, having been purposely planned and erected for a Hotel of the first class, is not surpassed in equality, by any similar establishment in Pennsylvania; and having undergone a thorough renovation, the parlors, rooms and chambers are now fitted up in a style that combines cleanliness with comfort and convenience.

My TABLE is pleased to be supplied with the best fare the Markets can produce; the charges at the same time being as moderate as any of the best regulated establishments elsewhere. In short, no exertion shall be spared on my part, or on the part of every member of my household, to make it what it should be, in the Capital of one of the most populous and interesting States of the Union.

With these promises, accommodations and facilities, and the fact that the Hotel is most advantageously situated, I with confidence, most respectfully solicit the patronage of the Public. DANIEL HERR, Late of Herr's Hotel, Chesnut st. Philad., Harrisburg, Nov. 22, 1845.—6m
