

**From the New England Farmer.**  
**Receipts for Buckwheat Cakes.**

Do dear Jane, mix up the cakes,  
Just one quart of meal it takes;  
Pour the water in the pot  
Be careful that 'tis not too hot;  
Sift the meal well through your hand;  
Thicken well—don't let it stand;  
Stir quick—dash—clatter—  
Oh what a light delicious batter!  
Now listen to the next command;  
On the dresser let it stand  
Just three-quarters of an hour,  
To feel the rising power  
Of powders melted into yeast,  
To lighten well the precious yeast,  
See now it rises to the brim—  
Quick, take the ladle, dip it in,  
So let it rest, until the fire  
The griddle heats, as you desire,  
Be careful that the coals are glowing,  
No smoke around its white curls throwing,  
Apply the suet softly, lightly—  
The griddle's black face shines more brightly,  
Now pour the batter on—delicious!  
(Don't, dear Jane, think me officious.)  
But lift the tender edges slightly—  
Now turn it over, quickly, sprightly,  
'Tis done—now on the white plate lay it,  
And to the breakfast room convey it,  
Smoking hot with butter spread,  
'Tis quite enough to turn our head,  
Now I have eaten—thank the farmer,  
That grows this luscious, mealy charmer;  
Yes thanks to all—the cook that makes,  
These light delicious buckwheat cakes.

**A GREAT FARMER**—Martin Smith of Wheat-  
land, with 20 acres of land, has sustained, the  
last year, a family of 13 children, and had money  
on hand to assist his neighbors who had 200 a-  
cross. By his good management and persever-  
ance, he was enabled to hold on to his crop  
three years for an improved market. The com-  
mittee on farms of the Monroe Agricultural So-  
ciety, awarded him a premium of a diploma,  
framed and glazed. The secret of his success,  
we understand, is his superior method of cul-  
tivation. He should be made a professor. The  
last Genesee Farmer contains a letter from  
him, in which he modestly expressed his thanks  
to the committee for the notice they had taken  
of him.—*Roch. Democrat.*

**SOIL PLOUGHING**—Have you a five acre lot  
near the house that you intend for corn this  
season? Yes. Then I am glad to hear it.—Why  
so? Because I wish you to give soil ploughing  
a fair trial. Subsoil the one half of it, and  
plough the other half in the ordinary way, man-  
ure each part alike, plant the whole in corn and  
cultivate each part alike, and we will bet you a  
moss-rose, that the part subsoiled will yield one-  
third more corn than the other. We feel particu-  
larly anxious that several gentlemen in each  
neighborhood, should try the experiment, in or-  
der that the virtues of subsoiling should be  
placed beyond all cavil and all doubt.—*American  
Farmer.*

**SMOKING SEED CORN**—I wish to remind your  
readers that if they would save their corn next  
spring from the depredations of the squirrels,  
mice, birds, &c., to prepare for smoking their  
seed, according to the following recipe:—  
Leave a few husks on the seed ears, so that they  
can be hung up in the smoke-house and smoked  
with the hams; or hang them up in any dry place,  
and before planting, dip the end of a stick in tar  
set fire to it and holding it under the corn, give it  
a thorough smoking. I have tried this for three  
years, and have saved many times my subscrip-  
tion to the paper by it.

**FATTENING CHICKENS**—The following will  
found a quick and excellent food for fattening  
chickens. Set rice over the fire with skimmed  
milk; let it boil till the rice is quite swelled  
out, then add a teaspoonful of sugar. Feed them  
three times a day in common pans, giving them  
only as much as will quite fill them at once. Let  
the pans be well washed and set in clean spring  
water, that no sourness may be conveyed to the  
fowls, as that prevents them from fattening.  
Give them clean water, or the milk of rice to  
drink. By this method the flesh will have a clear  
whiteness, which no other food gives; and when  
it is considered how far a pound of rice will go,  
and how much time is saved by this mode, it will  
be found to be cheap. It is said that a portion  
of animal mixed with vegetable food, causes poultry  
to thrive rapidly, but they should be confined to  
a vegetable diet some time before they are kil-  
led. A quantity of charcoal, broken in small  
pieces, and placed within reach of the poultry, in-  
creases their appetite, and promotes digestion.

**MAKING VINEGAR**—An excellent mode con-  
sists in exposing to the air, one part of brown su-  
gar by weight with seven parts of water, and a  
small quantity of yeast, in a cask whose bung-  
hole is covered with gauze, to exclude insects,  
for some weeks to the action of the sun's rays.  
Fermentation is promoted, and the quality im-  
proved, by the addition of grape leaves.  
An acquaintance made excellent vinegar for  
house use, as follows:—A gallon of molasses  
and a barrel of cider well mixed, and warmed  
in a large kettle, after which the mixture was  
put in a barrel, with a few sheets of brown pa-  
per, and kept in warm place with the bung open,  
through which a stick was inserted, for stirring  
it, to break the scum and admit the air. The  
vinegar was drawn as needed, and the deficien-  
cy supplied by the occasional addition of cider,  
which is in turn converted into vinegar.

Philadelphia, and am now located in Harris-

lishment in Pennsylvania; and having undergone  
a thorough renovation, the parlors, rooms and  
chambers are now fitted up in a style that com-  
bines elegance with comfort and convenience.  
My TABLE is pledged to be supplied with the  
best fare the Markets can produce; the charges at  
the same time being as moderate as any of the best  
regulated establishments elsewhere. In short, no  
exertions shall be spared on my part, or on the part  
of every member of my household, to make it what  
it should be, in the Capital of one of the most pop-  
ular and interesting States of the Union.  
With these premises, accommodations and fac-  
ilities, and the fact that the Hotel is most eligibly  
situated, I with confidence, most respectfully sol-  
licit the patronage of the Public.

**OAKLEY'S**  
**DEPURATIVE SYRUP.**

THE valuable properties of Oakley's Depurative  
Syrup of Sarsaparilla, as a purifier of the  
blood, is so well known to the public generally,  
that it is unnecessary to occupy much space in set-  
ting forth the advantages to be derived from its  
use; however the medicine has once been intro-  
duced, it takes precedence over all others; every  
one that has taken it, have derived so signal ben-  
eficial results from it, that it is recommended by  
them with the utmost confidence. Physicians of  
the highest standing in the profession, prescribe it  
to patients under their care; containing nothing  
deleterious, but being composed of the most mild,  
yet efficacious vegetable materials, it is offered with  
confidence, as the cheapest and most efficient pur-  
ifier of the blood now known. The use of a few  
bottles, especially in the spring months, will be at-  
tended with a most decided improvement in the  
general strength of the system, eradicating any seeds  
of disease that may have been generated, besides  
giving health and vigor to the body.—For the cure  
of Scrofula or Kings Evil, Rheumatism, Tetters,  
Pimples or eruptions of the Skin, White Swelling,  
Fistula, Chronic Cough Asthma, &c. The nu-  
merous certificates in the possession of the subscri-  
ber and his agents, from physicians and others, are  
sufficient to convince the most skeptical of its su-  
periority over all preparations of Sarsaparilla.  
Sold wholesale and retail, by the proprietor,  
GEORGE W. OAKLEY, North 5th street, Read-  
ing, Berks County, and to be had of the following  
persons:  
In Northumberland County—H. B. Masser,  
Sunbury; Ireland & Mize, McEwensville; D  
Krauser, Milton.

A. Gutelius, Millifield.  
In Columbia County—R. W. McCay, Wash-  
ington.  
Reading, March 14, 1843.

MR. OAKLEY—I believe it the duty of every  
one to do whatever in their power, for the ben-  
efit of their fellow man, and having had positive  
proof in my own family, of the wonderful prop-  
erties of your Depurative Syrup of Sarsaparilla, I  
most conscientiously recommend it to the afflicted.  
We had the misfortune to lose two of our children,  
by the breaking out of ulcerous sores that covered the  
face, head and neck, although we had some of the  
most scientific physicians to attend them and had  
tried all the known remedies, including Swaim's  
Panacea, without avail. Another of my children  
was attacked in the same manner, her face and  
neck was completely covered; the discharge was so  
offensive, and the disease at such a height, that we  
despaired of her life. Seeing the wonderful effects  
of your Depurative Syrup of Sarsaparilla, we were  
induced to make trial of it, as the last resort; it  
acted like a charm; the ulcers commenced healing  
immediately, a few bottles entirely restored her to  
her health, which she has enjoyed uninterruptedly  
ever since. As a purifier of the blood, I verily be-  
lieve it has not its equal.  
JOHN MOYER, Tailor,  
Walnut street, near Fourth, Reading.  
Douglassville, April 10th, 1843.

MR. OAKLEY—My son Edmund Leaf, had the  
scrofula in the most dreadful and distressing man-  
ner for three years, during which time he was de-  
prived of the use of his limbs, his head and neck  
were covered with ulcers. We tried all the dif-  
ferent remedies, but to no effect, until recommended  
by Dr. Johnson of Northampton, and also Dr. Isaac  
Hixter, of Reading, to use your Depurative Syrup  
of Sarsaparilla, of which I obtained several bottles.  
The use of which drove the disease entirely out of  
his system, the sores healed up, and the child was  
restored to perfect health, which he has enjoyed  
uninterruptedly ever since, to the astonishment of  
many persons who seen him during his affliction.  
I have thought it my duty, and send you this cer-  
tificate that others who have a like affliction in the  
family may know where to obtain so valuable a  
medicine.  
Yours truly,

**ROSE OINTMENT**  
**FOR TETTER.**

RINGWORMS, PIMPLES ON THE FACE, AND OTHER  
CUTANEOUS ERUPTIONS.  
The following certificate describes one of the  
most extraordinary cures ever effected by any  
application.

PHILADELPHIA, February 10, 1838.  
FOR twenty years I was severely afflicted with  
Tetter on the Face and Head: the disease  
commenced when I was seventeen years old, and  
continued until the Fall of 1836, varying in vio-  
lence, but without ever disappearing. During most  
of the time, great part of my face was covered  
with the eruption, frequently attended with violent itch-  
ing; my head swelled at times until it felt as if it  
would burst—the swelling was so great, that I could  
scarcely get my hat on. During the long period  
that I was afflicted with the disease, I used a great  
many applications, (among them several celebrated  
preparations) as well as taking inward remedies,  
including a number of bottles of Swaim's Panacea.  
Extract of Sarsaparilla, &c. In fact, it would be  
impossible to enumerate all the medicines I used.  
I was also under the care of two of the most dis-  
tinguished physicians of this city, but without re-  
ceiving much benefit, and I despaired of ever being  
cured. In the fall of 1836, the disease at the time  
being very violent, I commenced using the Rose  
Ointment, (prepared by Vaughan & Davis.) In a  
few applications the violent itching ceased, the  
swelling abated, the eruption began to disappear,  
and before I had used a jar the disease was entirely  
cured. It has now been nearly a year and a half  
since, and there is not a vestige of the disease re-  
maining, except the scars from the deep pits formed  
by the disease. It is impossible for me to describe  
in a certificate the severity of the disease and my  
suffering, but I will be pleased to give a fuller ac-  
count to any person wishing further satisfaction,  
who will call on me. At the time I commenced  
using the Rose Ointment I would have given hun-  
dreds of dollars to be rid of the disease. Since us-  
ing it, I have recommended it to several persons,  
(among them my mother, who had the disease bad-  
ly on her arm,) who have all cured by it.  
JAMES DURNELL, No. 156, Race St.  
The Rose Ointment is prepared by E. B.  
Vaughan, South East corner of Third and Race  
streets, Philadelphia, and sold on agency in Sun-  
bury, by H. B. MASSER,  
May 14th, 1843. Agent.

**Rose Ointment for Tetter.**  
**A PROOF OF ITS EFFICACY.**

PHILADELPHIA, May 27th, 1839.  
THIS is to certify that I was severely afflicted  
with Tetter in the hands and feet for upwards  
of forty years; the disease was attended generally  
with violent itching and swelling. I applied to a  
number of physicians, and used a great many ap-  
plications without effecting a cure. About a year  
since, I applied the Rose Ointment, which entirely  
stopped the itching, and a few applications im-  
mediately cured the disease, which there has been  
no return of, although I had never been rid of it at  
any time for forty years. RICHARD SAVAGE,  
Eleventh, below Spruce Street.  
The Rose Ointment is prepared by E. B.  
Vaughan, South East corner of Third and Race  
Streets, Philadelphia, and sold on agency in Sun-  
bury, by H. B. MASSER,  
May 14th, 1843. Agent.

**MEDICAL APPROBATION**  
**OF THE ROSE OINTMENT, for Tetter.**

ALTHOUGH the superiority of the preparation  
of other others is fully established, the proprie-  
tars take pleasure in laying before the public the  
following certificate from a respectable physician,  
a graduate of the University of Pennsylvania. Dr.  
Daugh, having found in this remedy that relief for  
a tedious and disagreeable affection which the means  
within the range of his profession failed to afford,  
has not hesitated to give it his approbation, although  
the prejudices and interests of that profession are  
opposed to secret Remedies.  
PHILADELPHIA, Sept. 19, 1836.  
I was recently troubled with a tedious herpetic  
eruption, which covered nearly one side of my face,  
and extended over the ear. Mr. Vaughan, prop-  
rietor of the Rose Ointment, observing my face, insist-  
ed on my trying his preparation, which he hand-  
led me a jar. Although in common with the mem-  
bers of my profession, I discountenance and dispre-  
ize of the numerous nostrums palmed upon the  
public by ignorant pretenders, I feel in justice bound  
to except the Rose Ointment from that class of med-  
icines, and to give it my approbation, as it entire-  
ly cured the eruption, although it had resisted the  
usual applications. DANL. BAUGH, M. D.
