

Recollections of Mexico.

Gen. Waddy Thompson in his 'Recollections of Mexico,' says: From all the information which I have received—and I have been inquisitive upon the subject—I am well satisfied that there is not on this Continent any country of the same extent as little desirable as Oregon, nor any in the world which combines as many advantages as California.

From all the information which I have received—and I have been inquisitive upon the subject—I am well satisfied that there is not on this Continent any country of the same extent as little desirable as Oregon, nor any in the world which combines as many advantages as California.

The distance from the head of navigation on the Arkansas and Red Rivers to a navigable point of the waters of the Gulf of California is not more than five or six hundred miles; let that distance be overcome by a Railroad, and what a vista is opened to the prosperity and power of our country. I have no doubt that the time will come when New-Orleans will be the greatest city in the world.

I will not say what is our policy in regard to California. Perhaps it is that it remain in the hands of a weak power like Mexico, and that all the maritime powers may have the advantage of its ports.

Whenever the foreigners in California make the movement of separation, it must succeed. The department of Sonora, not half the distance from Mexico, has been in a state of revolt for the last four years, and the Government has been unable to suppress it.

The Spaniards, agriculturists and politicians.—Adverting to agriculture, General T. says: 'The plough in universal use is that used two thousand years ago—neither more nor less than a wooden wedge, without a particle of iron attached to it. The hoe is a wooden staff, with an iron spike in the end. What is still more remarkable, the only animal used in ploughing is the ox; a planter, with twenty thousand horses and mules (by no means an unusual number), will only use his oxen in the plough. If you ask why this is, the only answer I can give is, that the Spaniard never changes his habits, nor anything else but his government.

All the passion for change that exists in other men, with him is concentrated in political changes.

PREMIUM PIANOS.

THE SUBSCRIBER has been appointed agent for the sale of CONRAD MEYER'S CELEBRATED PREMIUM ROSE WOOD PIANOS, at this place. These Pianos have a plain, massive and beautiful exterior finish, and for depth and sweetness of tone, and elegance of workmanship, are not surpassed by any in the United States.

A CARD.

HAVE had the pleasure of trying the excellent Piano Forte manufactured by Mr. Meyer, and exhibited at the late exhibition of the Franklin Institute. I feel it due to the true merit of the maker to declare that these instruments are quite equal, and in some respects even superior, to all the Pianos Forte, I saw at the capitals of Europe, and during a sojourn of two years at Paris.

OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others: every one that has taken it, have derived so signal beneficial results from its use, that it is recommended by the highest standing in the profession, prescribing it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known.

ROSE OINTMENT FOR TETTER.

FOR twenty years I was severely afflicted with Tetter on the Face and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst—the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many applications (among them several celebrated preparations) as well as taking inward remedies, including a number of bottles of Swain's Panacea, Extract of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used. I was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the eruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons, (among them my mother, who had the disease badly on her arm,) who were all cured by it.

JAMES DURNELL, No. 156, Race St. The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race streets, Philadelphia, and sold on agency in Sunbury, by H. B. MASSER, Agent. May 14th, 1845.

ROSE Ointment, for Tetter. A PROOF OF ITS EFFICACY.

PHILADELPHIA, May 27th, 1839. THIS is to certify that I was severely afflicted with Tetter in the hands and feet for upwards of forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applications without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which had been of no return, although I had never been rid of it at any time for forty years. RICHARD SAUVE, Eleventh and Birch Streets.

MEDICAL APPROBATION OF THE ROSE OINTMENT, for Tetter.

ALTHOUGH the superiority of the preparation above all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania. Dr. Baugh, having found in this remedy that relief for a tedious and disagreeable affection which the mean within the range of his profession failed to afford has not hesitated to give it his approbation, although the prejudices and interests of that profession are opposed to secret Remedies.

PHILADELPHIA, Sept. 19, 1836. I was recently troubled with a tedious herpetic eruption, which covered nearly one side of my face and extended over the ear. Mr. Vaughan, proprietor of the Rose Ointment, observing my face, insisted on my trying his preparation, of which he had done me a jar. Although in common with the members of my profession, I discountenance and disapprove of the numerous nostrums palmed upon the public by ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entirely cured the eruption, although it had resisted all usual applications. DANL. BAUGH, M. D. The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Sunbury, by H. B. MASSER, Agent. May 14th, 1845.
