

Capt. Samuel H. Walker.
This officer is one of those rare spirits which a state of war will bring out from our citizen soldiers. His late unequalled conflict with the Mexicans, in which he lost nearly every man under his command, and his daring heroism in cutting his way to Gen. Taylor's camp, have excited in the public mind a strong desire to know more of him. He is the same gentleman so frequently and honourably spoken of in Gen. Green's journal of the Mier expedition. He is a native of Washington City, from whence he went into the Florida War, where in several campaigns he distinguished himself by his intrepid bravery. In 1842 he went to Texas, and during the invasion of that republic by Gen. Woll, he was marked for his bold and daring conduct. After the Mexican General had retreated from San Antonio, and when he lay upon the Rio Hondo, Walker and Captain McCullough crawled through his camp one night and spied out his position, and the next day, with the gallant Hays, led the attack upon his rear guard. He then joined the celebrated expedition against Mier, and on the morning of that sanguinary battle, he, with three others—being the advance scouts of the Texans—was taken prisoner, and carried with his hands tied behind him to the head quarters of Gen. Ampudia. The Mexican General questioned him as to the Texas forces, and when Walker informed him that the Texans had only three hundred men, Ampudia pompously replied: "Does that audacious hand full of men presume to follow me into this strong place and attack me?" "Yes," says Walker, "make yourself content upon that subject, General, they will follow you into hell and attack you there."—He was, with his comrades, then marched a prisoner to the city of Mexico.

At Salado, with the lamented Capt. Cameron and Dr. Brennan, he led the attack upon the guards, overpowered them, and marched for Texas, when, after eating up all their horses and mules, and living for days upon their own urine, surrendered to the Mexican Generals Mercier and Ortogo. He was again marched to Salado, where with his comrades he was made to draw in the celebrated black banner lottery, and every tenth man was shot. Those that remained of the Texans were marched to the Castle of Perote and the city of Mexico. Here, while working on the streets in that city, he was struck by a Mexican corporal for not working faster, when with his spade he knocked down the corporal, which caused the guards to beat him nearly to death. His life was a long time despaired of, and upon his recovery, he with two companions scaled the walls of his prison after nightfall, and made his way to Texas, over a distance of more than a thousand miles. Before however, they got out of the country, they were twice more imprisoned, and each time effected their escape. When he reached Texas again, he joined Capt. Hays, who, with 15 others, armed with Colt's repeating pistols, fought ninety-six Camanches, leaving thirty-six killed upon the ground. Here Walker was run through the body with a Comanche spear, and his life again despaired of. We now hear of him, with 24 Texans, attacking 1500 Mexicans, and all perishing in battle but himself and six others; and then, to crown his wonderful life of daring, he cut his way, single-handed, into Gen. Taylor's camp, from point label.

To such men Texas is indebted for her emancipation from Mexico. Few as they are, they have won her liberty, and have miraculously maintained it for ten years against the boasted power of Mexico. We trust that the President of the United States in making his appointments, will not overlook them. Texas has a host of heroes, who not only from a ten years experience, understand the Mexican mode of warfare, but who know every hill and dale, river, pass and mountain gorge in the enemy's country. Such men as Generals Burlington, Green and McCleod, Colo. Cook and Hays, Capts. Walker, McCullough, Gillespie and others should be promptly called into the service; and we are decidedly of opinion that the gallant and distinguished Com. Moore should have the command of the Gulf fleet. In addition to his high qualifications as a naval commander, Com. M. is better acquainted with this coast than any pilot on the Gulf.—(N. Y. Globe.)

GEN. TAYLOR'S BIRTHPLACE.—Since Gen. Taylor has so gloriously distinguished himself in his country's service, state pride has been aroused to discover which of our sovereignties has the honor of giving him birth. His birthplace seemed to be contested by Virginia and Kentucky, but a correspondent of Philadelphia Ledger denies the honor to both, and gives it to our own Commonwealth. He says:—"General Taylor said he was born in Pennsylvania, near the borders of Virginia, and at the age of three years, his parents removing to the Old Dominion, he spent the greater part of his youthful days in that State, but he looked with pride on the great State which gave him birth."

GENERAL JACKSON'S SWORD.—A correspondent of the New Orleans Jeffersonian states that Gen. Jackson, by will, bequeathed to the man who, in the next war in which this country might be engaged, should distinguish himself most by heroic deeds, the sword which he wore on the 8th of January, 1815, the people of the United States to make the award. The recent victorious battles on the Rio Grande will without doubt entitle the gallant General Taylor to the possession of this priceless treasure.

NEWS FOR VOLUNTEERS.—In marching, soldiers take 75 steps per minute; in quick marching, 180; and in charging, 150.

Manufacture and keep constantly on hand, a large assortment of their Patent Improved Salamander FIRE PROOF SAFES, which are so constructed as to set at rest all manner of doubts as to their being strictly fire proof, and that they will resist the fire of any building in the world. The outside case of the Safes are made of boiler iron, the inside case of soapstone, and between the outer case and inner case is an opening of some 3 inches thick, and is filled with indurated material, so as to make it an impossibility to ever burn any of the contents inside of this Chest. These Salamander Safes are prepared and do challenge the world to produce any article in the shape of a Bank Safe that will stand as much heat, and we hold ourselves ready at all times to have them fairly tested by public hostlers, should any of our competitors feel disposed to try them. We also continue to manufacture and keep constantly on hand, a large and general assortment of our Premium Air-tight Fire Proof Safes, of which we have a large quantity in use, and in every instance they have given entire satisfaction to the purchasers—of which we will refer the public to a few gentlemen who have them in use.

PREMIUM PIANOS.
THE SUBSCRIBER has been appointed Agent for the sale of CONRAD MEYER'S CELEBRATED PREMIUM ROSE WOOD PIANOS, at this place. These Pianos have a plain, massive and beautiful exterior finish, and for depth and sweetness of tone, and elegance of workmanship, are not surpassed by any in the United States. The following is a recommendation from CARL DIXON, a celebrated performer, and himself a manufacturer:
I HAVE had the pleasure of trying the excellent Piano Fortes manufactured by Mr. Meyer, and exhibited at the last exhibition of the Franklin Institute, I feel it due to the true merit of the maker to declare that these instruments are quite equal in and some respects even superior, to all the Piano Fortes, I saw at the capitals of Europe, and during a sojourn of two years at Paris.
These Pianos will be sold at the manufacturer's lowest Philadelphia price, if not something lower. Persons are requested to call and examine for themselves, at the residence of the subscriber.

OAKLEY'S DEPURATIVE SYRUP.
THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it has taken precedence over all others; every one that has used it, have derived so signal beneficial results from it, that it is recommended by the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scrofula or Kings Evil, Rheumatism, Tetters, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

In Northumberland County—H. B. Masser, Sunbury; Ireland & Mezell, McEwenville; D. Krauer, Milton.
In Union County—J. Gearhart, Selingsgrove; A. Gutelius, Millinburg.

Reading, March 14, 1843.

MR. OAKLEY—I believe it the duty of every one to do whatever in their power lies, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I most conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them and had tried all the known remedies, including Swain's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal.
JOHN MOYER, Tailor, Walnut street, near Fourth, Reading.

Douglasville, April 19th, 1843.
MR. OAKLEY—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Northtown, and also Dr. Isaac Hyster, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who see him during his affliction. I have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a medicine.
Yours truly,

ROSE OINTMENT FOR TETTER.
RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS.
The following certificate describes one of the most extraordinary cures ever effected by any application.
PHILADELPHIA, February 10, 1838.

FOR twenty years I was severely afflicted with Tetter on the Face and Head; the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst—the swelling was so great, that it could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many applications, (among them several celebrated preparations) as well as taking inward remedies, including a number of bottles of Swain's Panacea Extract of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used. I was also under the care of two of the most
