

The London Times regards the new Ministry favorably.

Sir Robert Peel views it without jealousy and with a friendly eye.

The general impression is that the new Premier will hasten to wind up the business of the session, and will dissolve Parliament in the course of the autumn.

The Cotton market is in a healthy but not a very active state. Prices have improved a shade the contemplated change in the Sugar duties has had an injurious effect.

Stocks became depressed, and the dealers show a reluctance to go beyond their most pressing wants.

The Coffee trade has been in a lethargic condition.

The Money Market, considering the Ministerial change, is firm.

The settlement of the Oregon Question has produced general joy in England. It arrived on the eve of the dissolution of the Ministry.

It is rumored in England that the navigation of the Columbia river is reserved in perpetuity, and not for the duration alone of the Hudson Bay Company's charter. Peel so understands it. Two columns and a half of Peel's speech are devoted to the settlement of the Oregon question, the relations of Mexico, and his resignation. He says:

"I do rejoice that before surrendering power at the feet of a ministry of this House, I had the opportunity of giving them the official assurance that every cause of quarrel with that Great Country [America] on this side of the Atlantic is terminated. (Loud cheers.) Sir, I feel that I have now executed the task which my public duty imposed upon me. I trust I have said nothing which can by possibility lead to the recurrence of those controversies which have been deprecated by all lovers of peace."

Attention is now fixed upon the American Tariff, and hopes are entertained by commercial men of all parties in England, that the present session in the American Congress will not terminate without a reduction of the rates upon imported Goods.

The London Times and Chronicle speak favorably of the settlement of the Oregon Question.

The election of Pope was made with greater dispatch than was anticipated, having been got over in 48 hours. None of the foreign Cardinals had time to be present. The choice of the conclave fell on Cardinal Mastai Ferretti, who was accordingly proclaimed the successor of St. Peter, under the name of Pope Pius IX. His age is fifty-eight. As regards years, he is one of the youngest of St. Peter's successors, and if all that is said of him be correct, he cannot fail to make a shrewd temporal ruler in addition to the functions of his spiritual office.—The previous habits and character of this Pontiff do credit to the judgment and impartiality of the Conclave which elected him.

There has been a continuation of murders and outrages in Ireland. From the Cape of Good Hope there are melancholy tidings of another outbreak among the Caffres which has been accompanied by several conflicts with the colonists. From India there is no news of striking interest, nor from China.

The grain trade at Mark Lane, London, has not changed since the sailing of the Britannia.

Dr. Lardner is preparing a philosophical work to be called "Five Years in America."

The elevation of Sir Francis Edgar to the Peerage, has caused a vacancy in the Lancashire District, and G. M. Brown, Esq. the great American Merchant, has been requested to come forward. He has consented. The opposition has disappeared and he will be returned without a contest.

The Great Britain arrived out on the 22d.

MONITOR IRON WORKS.—On Friday the 10th inst., so many of the hands in the Monitor Rolling Mill gave out from the effects of the heat, that the Mill was stopped till Monday, since which time the work of making railroad iron progresses regularly.

The loss of Perry, Garretson & Co. of the Furnaces of the Monitor Iron Co., having expired, the Furnaces are now blown out to receive new hearths, and other repairs, when the three Furnaces heretofore in blast, together with the large new one just finished, will be set in blast under the immediate direction of the Monitor Company.—Danville Intell.

WAR EXPENSES.—Major Stuart, U. S. Paymaster, carried with him from this city, on Wednesday, up to Alton, \$125,000 in silver to pay the Illinois volunteers, the amount due them for one year's clothing.—St. Louis New Era, 6th inst.

The following is a good illustration of the modern way of saying YES:

John wilt thou have this woman for thy wife, And love her well and truly all thy life? Said John, with nod intended for a bow, "I wont have any body else I vow."

And for a husband wilt thou have this youth, And love him with fidelity and truth? His Reverence said unto the lovely she, Who blushing answered, "Yes sir-ree."

Dyspepsia of 10 Years' Standing.

The wife of Captain Roberts, on Vine Street, near Water, Cincinnati, has been afflicted with DYSPEPSIA in its most aggravated form for the last ten years, was recommended by celebrated physicians of Boston, New York, Philadelphia, Baltimore, and Cincinnati, to travel, as they could do nothing for her. She did so, but it did her no good. She then commenced using the most popular medicines of the day for her complaints, but derived no benefit. Seeing an advertisement of DR. SMITH'S VEGETABLE SUGAR COATED PILLS in the paper, she concluded to give them a trial—sent to G. F. Thomas, Main street, between Third and Fourth, Dr. Smith's Agent for Cincinnati, and purchased a box, took them according to direction, and can with heart feel joy state that she derived more benefit from one box of Dr. Smith's Sugar Coated Vegetable Pills, than from any other medicine she has made use of during the ten years. [The above was sent to G. F. Thomas on the 3d Dec., 1844.]—Cin. Times.

CAUTION.—As a miserable imitation has been made, by the name of "Sugar Coated Pills," it is necessary to be sure that Dr. G. BENZ. SMITH'S signature is on every box. Price 25 cents. Principal Office, 179 Greenwich st. New York. Sold by JOHN W. FRILING, Sunbury, WM. FORSYTHE, Northum'd.
