

Poetry by John Q. Adams.

Miss Elles M. Cooney, of John and Thomas Forest, Baltimore county, presented to Mr. A. Bank of North America* Bank of the Northern Libe dams, a few weeks ago, a pair of knit gloves. In acknowledging their reception the "old man eloquent' penned the following lines:

Who shall say that public life Is nothing but discordant strife? And he whose heart is tuned to love. Tender and gentle as the dove, Must whet his talons night and day, For conflicts with the birds of prey?

This world is fashioned, Lady love! Of Joy and Sorrow, Ease and Care. Of sudden changes small and great : And whose bends his mood to trace, The annals of man's fallen race, May sigh to find that nature's plan, Is ruthless war from man to man. But nature cruel, to be kind, Not to war only man consigned; But gave him woman on the spot, To mingle pleasure in his lot, That if with man war cannot cease, With woman reigns eternal peace.

Fair Lady I have lived on earth Nigh four-score summers from my birth; And haif the sorrows I have felt Have by my brother man been dealt ; And all the ills I have endured, By man inflicted woman cured. The glove from man to man, thou know'et, Of fierce defiance is the boast; And cast in anger on the floor, To mortal combat shows the door But gloves from woman's gentle hand, Of cordial friendship bear the wand; And in return a single glove Betokens emblematic Love.

Thy gift, fair Ellen, then, I take, And cherish for the giver's sake; And while they shelter from the storm My hands, my heart alike shall warm; And speed for thee to God above, The fervid prayer of faithful love.

JOHN QUINCY ADAMS. Washington, April 19, 1046.

STICK TO HIM JIMMY.'-Two brothers from the Emerald Isle, a few years since purchased n piece of wild land, not far from Kennebec and went to work to clear it up. After cutting down the large growth and burning over the underbrush, they proceeded to contrive a plan to get the fallen trunks together in a pile for the purpose of burning them also. The land lay upon a side hill and they concluded that if they could roll a large log that lay near the summit, and place it about half way down, they might pile the rest against it, and thus secure their object. But how were they to prevent it when once under way rolling to the bottom and | Bank of Swatara thus defeating their plan! To accomplish this Bank of Washingt they procured a rope, and making one end fast to the log one of them was to hold on to the other end and to prevent its going too far, while | Farmers' & Mech'ca' Bank the other was to start. Fearing that he might not be able to prevent the rope from slipping through his fingers, Jimmy, who was the steersman, tied it securely to his body. 'Start him my, Phelim!' said he convincing himself that all was right and tight.

Phelim did start him, and as the log com menced its progress the rope caught in a projection and began rapidly to wind up. It soon drew poor Jimmy chock up. First he went over the log and then the log went over him, and so they continued their circumgyrations and summersets. Phelim watched their progress for a moment and then sung out-Stick to him Jimmy ! faith you'r a match for him any way : you'r on top half the time !

SCENE IN THE NEW HAMPSHIRE SENATE .-There was an amusing passage in the debate on Friday, in the Senate chamber.

Mr. Patten-[hastily] 'Mr. President ! there is no analysis between the case. [A general laugh.]

Mr. Patten- [thinking he had collared a good joke.] 'I repeat it Mr. President, there is not the slightest analysis between the cases."

We think there is a slight 'analysis' between the gentlemen's use of English and what a good lady of Buffalo, ambitious to be considered clever, once told Gov. Throop. She remarked in relation to the weather, that it was very apt to be stormy when the sun passed the Penob-

scot.-Concord (N. H.) Statesman. This is almost equal to the following passage between two members of a Western Le-

gialature: Mr. A .- 'And this sir is catemount to a de-

Mr. B .- 'I suppose the gentleman means tantamount."

Mr. A .- 'No Mr. President, I mcan cata-

mount. As if I didn't know that catamount and tentamount were anonymous."

Some company in Ireland disputing relative to the quickness of reply ascribed to the lower orders of that country, it was resolved to put the matter to the test in the person of a clown who was approaching them.

'Pat, said one of the gentlemen, 'if the devil was to come determined to have one of us which do you think he would take ?'

'Me, to be sure.' 'Why so !'

THE valuable properties of Oakley's Departs. Itive Syrup of Sarseparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in esting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all abbase; every one that has taken it, have derived so eignel beneficial results from it, that it is recommended by them with the u-most confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scrofula or Kings Evil, Rheymatism, Tetter, Pimples or cruptions of the Skim, White Swelling, Pistula, Chronic Cough Asthma, &c., The numerous certificates in the possession of the subscriber and his sgents, from physicians and others, are sufficient to convince the most Repficial of the following persons:

ROSE CINTMENT

CUTARROUS ERUPTIONS.

Of The following certificate describes one of the most extraordinary oures over effected by any application.

PRILADRIPHIA, Pobromy 10, 1838 OR twenty years I was severely afflicted t Tarren on the Pace and Head: the disease commenced when I was seventeen years old, and continued until the Pall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the cruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst—the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many at plications, (among them several colobrated preparations) as well as taking inward ramedies, including a number of bottles of Swaim's Panacea, Extract of Swaimparilla, &c., In fact, it would be impossible to enomerate all the medicines I used. I was also under the care of two of the most distinguished physicians of this city, but without re-ceiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being sery violent. I commenced using the Rose Ointment. (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling stated, the cruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease re-maining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller so count to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. (among them my mother, who had the disease badly on her arm.) who were all cured by it.

Rose Ointment, for Tetter.

A PROOF OF ITS EFFICACY,
PRILADBLENIA, May 27th, 1839. THIS is to certify that I was severely afflicted with Tetter in the bands and feet for upwards

of forty years; the disease was attended generally with violent itching and swelling. I applied to number of physicians, and used a great many appli-cations without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immedistopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. RICHARD SAVAGE, Eleventh, below Spruce Street.

MEDICAL APPROBATION Of the ROSE OINTMENT, for Tetter. A LTHOUGH the superiority of the preparation over all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician a graduate of the University of Pennsylvania. Dr

Baugh, having found in this remedy that relief f a tedious and disagreeable affection which the mean within the range of his profession failed to affect has not hesitated to give it his approbation, although the prejudices and interests of that profession ar-opposed to secret Remedies.

PRILADELPHIA, Sept. 19, 1836. I was recently troubled with a tedious herpeti eruption, which covered nearly one side of my factor of the Rose Ointment, observing my face, matted on my trying his preparation, of which he has ded me a jar.
