

September

She hath gone, the gorgeous summer—
Yet on path, and wood, and hill
The traces of her rosy feet
Are lingering brightly still;
And, as the sunlight paling
On evening leaves it flush,
In the shadowy arms of Autumn
Still we revel in her blush.

To WINE DRINKERS.—It is not generally
known that wine baths are quite common
in France, nevertheless such is the case.
The Duke of Clarence is not the only gentleman
who has enjoyed an immersion in malmsey.
Punch, has tried it with the very best sherry.
Only imagine! Punch—the veritable English
Punch, swimming in French wine, and kicking
and plunging, and laughing, until the tears ran
down his cheeks, and never thinking of the expense,
a five franc piece!

A GOOD ANECDOTE OLD OR NEW.—We are
told that the following conversation was over-
heard among "Volunteers on the Rio Grande."
Scene, Night.—Two Volunteers wrapped in
blankets, and half buried in mud. Volunteer
1st "Jim how came you to be a volunteer?" Volunteer
2d—"Why Bob, you see I have no wife to
care a red cent for me, and so I volunteered—
and besides, I like war. Now tell me
how you came out here?" Volunteer 1st—"Why
the fact is you know, I, I, I have got a
wife, and so I came out here because I like
peace." Hereupon both volunteers turned over
in their blankets, got a new plastering of mud,
and went to sleep.

THE RULING PASSION.—The New Yorker
tells an anecdote of a famous punster:
He was expiring in the presence of his doctor;
a servant entered and called the physi-
cian out, saying in a low voice, "a man has fallen
down the well; he is overhearing the appal-
ling information, inquired with a scarcely aud-
ible whisper, "I say, Doctor, did he kick the bucket!"

DESCRIBING IT EXACTLY.—Somebody has late-
ly affirmed, positively, that
"War and Love are fierce competitors;
War sheds blood, and Love sheds tears;
War has swords, and Love has darts;
War breaks heads, and Love breaks hearts."

sortment of their Patent Im-
proved Salamander FIRE
PROOF SAFES, which are
constructed as to set at rest
all manner of doubts as to their
being strictly fire proof, and
that they will resist the fire of any building in the

have them fairly tested by public bodies, should any

your medicine, which has literally raised me from

Havins had the pleasure of trying the excel-
lent Piano Forte manufactured by Mr. Meyer, and
exhibited at the last exhibition of the Franklin In-
stitute, I feel it due to the true merit of the maker
to declare that these instruments are quite equal
and in some respects even superior, to all the Pi-
ano Fortes, I saw at the capital of Europe, and
during a sojourn of two years at Paris.

These Pianos will be sold at the manufacturer's
lowest Philadelphia price, if not something lower.

OAKLEY'S

DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depu-
rative Syrup of Sarsaparilla, as a purifier of the
blood, is so well known to the public generally,
that it is unnecessary to occupy much space in set-
ting forth the advantages to be derived from its
use; wherever the medicine has once been intro-
duced, it takes precedence over all others; every
one that has taken it, have derived so signal bene-
ficial results from it, that it is recommended by
them with the utmost confidence. Physicians of
the highest standing in the profession, prescribe it
to patients under their care; containing nothing
deleterious, but being composed of the most mild,
yet efficacious vegetable materials, it is offered with
confidence, as the cheapest and most efficient pu-
rifier of the blood now known. The use of a few
bottles, especially in the spring months, will be at-
tended with a most decided improvement in the ge-
neral strength of the system, eradicating any seeds
of disease that may have been generated, besides
giving health and vigor to the body.—For the cure
of Scrofula or Kings Evil, Rheumatism, Tetter,
Pimples or eruptions of the Skin, White Swelling,
Fistula, Chronic Cough Asthma, &c. The nu-
merous certificates in the possession of the sub-
scriber and his agents, from physicians and others, are
sufficient to convince the most skeptical of its su-
periority over all preparations of Sarsaparilla.

ing, Berks County, and to be had of the following

ington.
Reading, March 14, 1843.

MR. OAKLEY—I believe it the duty of every
one to do whatever in their power, for the benefit
of their fellow man, and having had positive
proof in my own family, of the wonderful properties
of your Depurative Syrup of Sarsaparilla, I must
conscientiously recommend it to the afflicted. We
had the misfortune to lose two of our children, by
the breaking out of ulcers sores that covered the
face, head and neck, although we had some of the
most scientific physicians to attend them and had
tried all the known remedies, including Swaim's
Panacea, without avail. Another of my children
was attacked in the same manner, but her face
and neck was completely covered; the discharge was
so offensive, and the disease at such a height, that we
despaired of her life. Seeing the wonderful effects
of your Depurative Syrup of Sarsaparilla, we were
induced to make trial of it, as the last resort; it
acted like a charm; the ulcers commenced healing
immediately, a few bottles entirely restored her to
her health, which she has enjoyed uninterruptedly
ever since. As a purifier of the blood, I verily be-
lieve it has not its equal.

JOHN MOYER, Tailor,
Walnut street, near Fourth, Reading.

Douglasville, April 19th, 1843.

MR. OAKLEY—My son Edmund Leaf, had the
scrofula in the most dreadful and distressing man-
ner for three years, during which time he was de-
prived of the use of his limbs, his head and neck
were covered with ulcers. We tried all the differ-
ent remedies, but to no effect, until recommended
by Dr. Johnson of Norristown, and also Dr. Isaac
Hiever, of Reading, to use your Depurative Syrup
of Sarsaparilla, of which I obtained several bottles,
the use of which drove the disease entirely out of
his system, the sores healed up, and the child was
restored to perfect health, which he has enjoyed
uninterruptedly ever since, to the satisfaction of
many persons who see him during his affliction.
I have thought it my duty, and send you this cer-
tificate that others who have a like affliction in the
family may know where to obtain so valuable a
medicine.
Yours truly,

ROSE OINTMENT

FOR TETTER.

WINDBORNS, PIMPLES OR THE FACE, AND OTHER
CUTANEOUS ERUPTIONS.
The following certificate describes one of the most
extraordinary cures ever effected by any application.

PHILADELPHIA, February 10, 1838.

FOR twenty years I was severely afflicted with
Tetter on the Face and Head; the disease
commenced when I was seventeen years old, and
continued until the Fall of 1836, varying in vio-
lence, but without ever disappearing. During most
of the time, great part of my face was covered with
the eruption, frequently attended with violent itch-
ing; my head swelled at times until it felt as if it
would burst; the swelling was so great, that I could
scarcely get my hat on. During the long period
that I was afflicted with the disease, I used a great
many applications, (among them several celebrated
preparations) as well as taking inward remedies,
including a number of bottles of Swaim's Panacea,
Extract of Sarsaparilla, &c. In fact, it would be
impossible to enumerate all the "medicines" used.
I was also under the care of two of the most dis-
tinguished physicians of this city, but without re-
ceiving much benefit, and I despaired of ever being
cured. In the fall of 1836, the disease at the time
being very violent, I commenced using the Rose
Ointment, (prepared by Vaughan & Davis.) In a
few applications the violent itching ceased, the
swelling abated, the eruption began to disappear,
and before I had used a jar the disease was entirely
cured. It has now been nearly a year and a half
since, and there is not a vestige of the disease re-
maining, except the scars from the deep pits formed
by the disease. It is impossible for me to describe
in a certificate the severity of the disease and my
suffering, but I will be pleased to give a full ac-
count to any person wanting further satisfaction,
who will call on me. At the time I commenced
using the Rose Ointment I would have given hun-
dreds of dollars to be rid of the disease. Since us-
ing it, I have recommended it to several persons,
(among them my mother, who had the disease bad-
ly on her arm,) who were all cured by it.

Rose Ointment, for Tetter.

A PROOF OF ITS EFFICACY.

THIS is to certify that I was severely afflicted
with Tetter in the hands and feet for upwards
of forty years; the disease was attended generally
with violent itching and swelling. I applied to
number of physicians, and used a great many ap-
plications without effecting a cure. About a year
since, I applied the Rose Ointment, which entirely
stopped the itching, and a few applications immedi-
ately cured the disease, which there has been no
return of, although I had never been rid of it at
any time for forty years. RICHARD SAVAGE,

MEDICAL APPROBATION

OF THE ROSE OINTMENT, for Tetter.

ALTHOUGH the superiority of the preparation
of all others is fully established, the prop-
rietors take pleasure in laying before the public the
following certificate from a respectable physician, a
graduate of the University of Pennsylvania, Dr.
Baugh, having found in this remedy that relief for
a tedious and disagreeable affection which the means
within the range of his professional skill could not
afford, has not hesitated to give it his approbation, al-
though the prejudices and interests of that profession are
opposed to secret Remedies.

PHILADELPHIA, Sept. 19, 1836.
I was recently troubled with a tedious herpetic
eruption, which covered nearly one side of my face,
and extended over the ear. Mr. Vaughan, prop-
rietor of the Rose Ointment, observing my face, in-
sisted on my trying his preparation, of which he han-
dled me a jar. Although in common with the mem-
bers of my profession, I discountenance and disap-
prove of the numerous nostrums palmed upon the
public by ignorant pretenders, I feel in justice to
credit the Rose Ointment from that class of medi-
cines, and to give it my approbation, as it entire-
ly cured the eruption, although it had resisted the
usual applications. DANL. BAUGH, M. D.
