

A GOOD SPEECH—BRIEF AND TO THE PURPOSE.—Daniel Webster, recently, at Columbia S. C. College, received from the senior class a brief and tasteful address. He made the following reply, which is happy and to the purpose:—

Young Gentlemen of the South Carolina College.—I thank you for the manner in which you have been pleased to receive me, and for the respect which you have manifested. You are of the generation which is to come after us, and your judgments are to form part of the opinion of posterity in respect to those who are now active in the scenes of life. It will be happy for me, if the mature sentiments of your manhood shall correspond with those thus expressed in your youth.

My young friends, I may well congratulate you on your present condition and your prospects. You are members of a flourishing institution.—You enjoy the teachings of a learned faculty, with a name at its head beloved in private life, highly distinguished in public life, and which confers grace as well as usefulness on those academic groves. Private and family affections cluster round you all; a thousand hopes are cherished for you; all good auspices hover over you. Every one of you may take to himself, in this respect, the language of the poet—"Non sine Divi Amosus infans."

Let me, then, say to each of you, "Carpe diem!" Art is long, and science is profound, and literature, in our day, is various and extensive. But you have youth, and health, and the means of culture and improvement, and can accomplish great objects. With you it is the bright and breezy morn of life.

A long day, I trust, is before you. Let me advise you to be early in prosecuting the great work, which, in that day, is to be done. Like the morning of the natural day, let the morning of life begin with devotion to the Great Giver of all good; and let every succeeding hour of that life be filled with acts of duty, and friendship, and private and public beneficence. The evening of such a life will be full of hopes for a better; and all will be cheered and consoled.

"By that which should accompany old age, As honor, love, obedience, troops of friends." Young gentlemen, all my good wishes attend you! May you here sow, with liberal broadcast, the seeds of a future harvest of honor to yourselves, gratification to your friends, and usefulness to your country.

SLAVERY OF THE WORST KIND.—In Mexico slavery of the worst kind exists. The basis of this system is not difference of color, or inferiority of race, but is simply debt! For inability to pay the most inconsiderable sum, a man is made the slave of his creditor, who lives upon the fruits of his labor, allowing him to take but a bare subsistence, and accumulating the original debt by interest and other charges to an extent that makes the bondage one for life, and entails it upon his descendants. Can any thing else than degradation be expected from such a system?

A GENEROUS DONATION.—The Irish Relief Committee of New York have received the following letter:

WASHINGTON, May 23d, 1847.

DEAR SIR:—We deeply regret to hear from Ireland that famine is still continuing there its work of death. Feeling it a duty to aid in alleviating this dreadful calamity, we herewith transmit five thousand dollars, with which please purchase food, and ship for distribution in the way to effect the greatest good to the greatest number of the suffering poor.

Yours most respectfully,
CORCORAN & RIGGS,
To Myndart Van Schaick, Esq.,
Chairman Irish Relief Committee, N. York.

CHEAP POSTAGE MOVEMENT.—A movement in favor of a still greater reduction of the postage on letters and papers has been made in Boston, and a general public meeting in favor of the object is to be held. At a preliminary meeting on Wednesday last resolutions to the following effect were passed: That the best interests of society in every country are promoted by cheap postage; that no higher tax should be levied upon the transmission of written or printed matter through the mail, than is necessary to prevent abuse of the privilege; and that a reduced and uniform system of postage is called for in the United States. The friends of cheap postage would have been satisfied, they say, to let the present rates remain for a few years, but for the partial change which the opponents of it effected in the last session of Congress. They now go for a radical reduction of the postage, and the total abolition of the franking privilege. This early commencement of the agitation of the subject shows that they are in earnest and intend to make a bold attempt at the next session.—Phil. Ledger.

WHAT THE PREACHER SAITH!—At one of our anniversaries, Rev. Dr. Greene, of Baltimore, remarked as follows: "By the laws of population, within the United States there will be 100,000,000 Anglo-Saxon men, with all their superior advantages, during the life of those now living. The young clergy now on the stage will live to see this country with this population. In a little more than a generation, there will be a population of 300,000,000. They will in that time have swept over Mexico and all South America."—Exchange Paper.

Part of this prophecy is being fulfilled. After we have annexed all South America, we shall begin to turn our eyes towards Europe, but the eastern continent will have to behave much better than it has done before we can take it into the Union.—Phil. Ledger.

AMONG THE CONTRIBUTIONS for the relief of the starving Irish, is one from the Choctaw Indians, and another from the convicts in one of the prison houses of England.

PHILADELPHIA MARKET.

Flour and Meal.—The Flour market is very inactive—the sales to-day not exceeding 400 bbls, at \$6½ for fair brands Pennsylvania Flour. Western Flour is held at \$6½. Corn Meal sells in small parcels at \$5½. Rye Flour \$6½.

GRAIN.—Good Penna. red Wheat is held at \$2 Penna. yellow Corn is selling freely at \$1 10 a \$1 11. Oats—Penna. 65c, Southern 64c.

WHISKEY.—In bbls is worth 37 a 36c.

BALTIMORE MARKET.
Office of the BALTIMORE AMERICAN, May 13.

GRAIN.—A small lot of prime Penna. Wheat was sold to-day at \$2 per bushel. We quote good to prime Md. reds at \$2,90a\$2.

Sales of Md. Corn to-day at 100a102 cts. for white, and 105a108 cts. for yellow.

The demand for Oats is less active. Sales of Maryland and Virginia, to-day, at 58a60 cts.

WHISKEY.—There is not much inquiry to-day.—Small sales of bbls. are making at 35 cts. Hhds are held at 34 cts.

A SOLDIER'S PRICE.—The average price of a soldier, according to the standard fixed by Gen. Scott, is \$300. A letter from Mexico, in the Journal of Commerce, says that Gen. Scott has taken the guerrilla business in hand, and by his order, every murder that the Mexicans may commit, takes \$300 out of the nearest alcalde's pocket. This is less than half the amount that a good slave will bring his master in the south.

DROWNING, Swimming of the Head, a tearing noise in the ears, headache, palpitation of the heart, &c.—Wright's Indian Vegetable Pills are a certain cure for the above unpleasant complaints, because they purge from the body those stagnant and corrupt humors which, when floating in the general mass of circulation, are the cause of a determination or rush in the blood to the head, giddiness, loss of memory, dimness of sight, drowsiness, pain of the head, and many other symptoms of a loaded and corrupt state of the blood.

Wright's Indian Vegetable Pills are also one of the very best medicines in the world for the cure of indigestion, and therefore will not only remove all the above unpleasant symptoms, and entirely prevent any evil consequences resulting from a rush of blood to the head, but will most assuredly restore the body to a state of sound health.

Beware of counterfeits of all kinds! Some are coated with sugar; others are made to resemble in outward appearance the original medicine. The safest course is, to purchase from the regular agents only, one or more of whom may be found in every village and town in the State.

Agent for the sale of Wright's Indian Vegetable Pills in Sunbury, HENRY MASSER. For other agencies see advertisement in another column.

TRUST TO BRANDRETH'S PILLS, take them so as to produce a brisk effect, and your sickness will be the affair of a day or two, while those who are too wise to follow this common-sense advice, will be sick for months. Let the sick enquire of the agents for Brandreth's Pills whether these things are so or not. Let them enquire among their friends and ask the same question. Verily if evidence is wanted it shall be procured. To the sick let me say, use the BRANDRETH PILLS as the best advice mortal man can give you.

removing bile, correcting disorders of the stomach and bowels, costiveness, dyspepsia, swimming in the head, &c. Persons of a full habit, who are subject to Headache, Giddiness, Drowsiness, and ringing in the Ears, arising from too great a flow of blood to the head, should never be without them, as many dangerous symptoms will be entirely carried off by their immediate use.

READ THE FOLLOWING WONDERFUL CURE OF DYSPEPSIA!

This is to certify that my wife was afflicted with the Dyspepsia for twelve years, and tried both advertised medicines and Thomsonian, but without effect; and myself attacked with blindness, and my head otherwise affected from hard drinking, so that I was apprehensive of fit; and seeing HANCE'S SARSAPARILLA PILLS advertised, I went and got a box of them, which, to my astonishment effected a cure of me and my wife both as yet, and I do think them without a rival before the public.

For sale by SETH S. HANCE, 108 Baltimore St., and corner Charles and Pratt streets, Baltimore, and by GEORGE BRIGHT, Sunbury, D. BRAUTIGAM, Northumberland.

SIX YEARS EXPERIENCE HAS PROVED THAT FOR THE CURE OF COUGHS, COLDS, CONSUMPTIONS, ASTHMA, Spitting of Blood, Pain and Oppression of the Breast, there is nothing equal to HANCE'S COMPOUND SYRUP OF HOREHOUND.

This medicine has now been in use for six years, during which time there has been a constant demand for it, and its popularity instead of declining, has been always on the increase.

During this time many new medicines have sprung up for the cure of the above complaints, some of which lasted only a few months, and others not as long; but HANCE'S SYRUP has steadily gone on gaining favor with all classes of society, until it has now become identified by many families as a REGULAR FAMILY MEDICINE.

To those who have never used the Compound Syrup of Horehound, this notice is particularly directed to, as to those who have once experienced its peculiar happy effects, any praise of its merits would be superfluous.

PRICE 50 Cents per bottle, or 6 bottles for \$250.

For sale by SETH S. HANCE, corner of Charles and Pratt Sts., and 108 Baltimore street, and by GEORGE BRIGHT, Sunbury, D. BRAUTIGAM, Northumberland.

TESTIMONY IS NOW RECEIVED FROM ALL QUARTERS OF THE GLOBE.

THE following letters are presented with a view of more fully showing the opinions of physicians in relation to the medicinal value of Dr. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

Dr. SWAYNE.—Dear Sir: Having used your Compound Syrup of Wild Cherry, extensively in my practice, I was requested by your agent, Dr. Critcher, to express my opinion in writing, of its properties as a remedial agent. I most cheerfully comply, as I feel by so doing, I will discharge a debt I owe the community at large, and physicians in particular. As much as I detest quick remedies and patent nostrums, I was induced from a failure of the most potent expectorant, recommended in our materia medica in some cases of diseased lungs, to try your preparation of Prunus Virginia or Wild Cherry. It is sufficient to say that I was so much pleased with the result of that and subsequent trials that I now prescribe it in preference to all other remedies where an expectorant is indicated. In the much dreaded Phthisis or Disease of the Lungs, in the alarming form in which it appears in Kentucky, I regard it as an invaluable remedy in the treatment of that disease.

To all who know me I have said enough, but as this may be seen by persons out of the vicinity of Frankfort, I will briefly add, that I have been engaged in an active practice of my profession for 12 years, and am a regular graduate of Transylvania, and this is the first patent medicine I ever thought enough of to express an opinion in writing.

J. H. ELLISON, M. D.,
Frankfort, Ky., Jan 7, 1847.

The above certificate is from one of our physicians living a few miles from here, he is doing a very good practice, and is considered a good physician, and stands fair; he is as he says, a regular graduate.

Dr. W. L. CRITCHER,
Duggist and Apothecary.

Since the introduction of my article to the public, there have a number of unprincipled individuals got up nostrums, which they assert contain Wild Cherry, some are called "Balsams," "Bitters," and even Syrup of Wild Cherry, but mine is the original and only genuine preparation ever introduced to the public, which can be proved by the public Records of the Commonwealth of Pennsylvania. The only safeguard against imposition is to see that my signature is on each bottle.

Dyspepsia of 10 Years' Standing.

The wife of Captain Roberts, on Vine Street, near Water, Cincinnati, has been afflicted with DYSPEPSIA in its most aggravated form for the last ten years, was recommended by celebrated physicians of Boston, New York, Philadelphia, Baltimore, and Cincinnati, to travel, as they could do nothing for her. She did so, but it did her no good. She then commenced using the most popular medicines of the day for her complaints, but derived no benefit. Seeing an advertisement of DR. SMITH'S VEGETABLE SUGAR COATED PILLS in the paper, she concluded to give them a trial. She sent to G. F. Thomas, Main street, between Third and Fourth, Dr. Smith's Agent for Cincinnati, and purchased a box, took them according to direction, and can heartily testify that she derived more benefit from the use of one box of Dr. Smith's Sugar Coated Vegetable Pills, than from any other medicine she has made use of during the ten years. (The above was sent to G. F. Thomas on the 3d Dec., 1844.)—Cin. Times.

CAUTION.—As a miserable imitation has been made, by the name of "Sugar Coated Pills," it is necessary to be sure that Dr. G. HENRY SMITH'S signature is on every box. Price 25 cents.

Physic for the Army. JALAPA TAKEN!

MISS MARY A. MCCAY, of the borough of Northumberland, successor to Daniel Bismuth, respectfully informs the public, that although Gen. Scott's army has taken Jalapa, enough for its production of Jalapa, she still has a supply of the article to supply the wants of her customers, besides every other variety of drugs and medicines usually found in an apothecary shop.

Having purchased the stock of Mr. Bismuth, she has opened a new establishment, almost opposite his old stand, and transacts by strict attention to business, to merit the patronage of the vicinity and public.

She will constantly keep on hand every variety of Drugs, Paints, Spices, Patent Medicines, &c., that is usually found in a drug store, which she will dispose of at reasonable prices.

Physicians and others, from a distance, supplied at wholesale prices.

DR. CULLEN'S

Indian Vegetable Panacea.

HEREDITARY TETTER.

CASE.—It is now six months since my youngest child, a daughter, had a cutaneous affection, which made its appearance over its entire body. It was a case of Hereditary Tetter, and so violent was the disease, that we wished, in case it could not be speedily relieved, that it might be soon laid in its grave. At this stage of the disease my sister-in-law called upon us to advise as to the best preparation of Sarsaparilla that could be procured, as an alternative; when you recommended the use of Dr. Cullen's Indian Vegetable Panacea, and I am pleased to say that the good effects of the medicine were pre-potent when it had taken but a few doses; and by the time we had used one single bottle, the disease had entirely disappeared, and from that time there has been no re-appearance. I really feel thankful to you for having recommended the Panacea in this case, for I feel confident that had not the disease been arrested, my child would, ere this, have been the tenant of the cold and silent tomb.

Respectfully yours,
ROWLAND & WALTON, JOHN P. REES,

WHITE SWELLING.

Mr. J. T. ROWLAND, Phil. Dec. 10, 1845.
Dear Sir,—At your request I cheerfully give you an account of the wonderful cure effected upon me by Dr. Cullen's Indian Vegetable Panacea. At the age of 14 years I had upon my right knee a White Swelling, which stiffened the joint, and caused some seventy or more pieces of the bone pieces of the bone to come away in the sores, and which was temporarily relieved by the usual remedies, but not entirely cured. At times sores would again break out, and become so distressing and painful that I could get no rest at night or day. In this way it continued until last spring, when I happened to witness the extraordinary effects of your Panacea as an alternative, upon a daughter of mine who was using it for a chronic disease, I concluded to make a trial of it in my own case; the result has been an entire cure. I am now 67 years of age, and have suffered 53 years with the sores. I cheerfully add my testimony to the many others I have heard of the cures performed by your celebrated Panacea.

THOMAS WALTON,

SCORFULA.

To whom it may concern.—This may certify that my child, almost from birth, was afflicted with Scorfula, which covered most of its body with sores; and that for 18 months, though constantly under medical treatment, nothing afforded relief till I was induced to make trial of Dr. Cullen's Indian Vegetable Panacea. The attending physician, on witnessing its good effects, recommended its continuance according to directions, and by using a single bottle of the Panacea, the child was apparently cured. It is now about 4 months since the medicine was discontinued, and I have no doubt but the cure is complete. Yours truly,

ROWLAND & WALTON, M. McLEAS,

BARBER'S ITCH.

Mr. J. T. ROWLAND.—Sir,—Some time last spring I was so unfortunate as to get the "Jackson, or Barber's Itch," by shaving after some one affected by that troublesome and obstinate disease.

You cannot have forgotten the swollen and irritated condition of my face at the time you recommended Dr. Cullen's Indian Vegetable Panacea.

I have now the pleasure to inform you, for the benefit of all who are similarly afflicted, that the use of a single bottle of the Panacea cured me entirely. You may well judge of my gratification at this result, as I had often feared, and the disease continued for years under the usual mercurial remedies. (Signed) T. L. SANDERS,
Philad., Aug. 5, 1845. Pledge Office.

SCORFULA.

Messrs. ROWLAND & WALTON.—I have been for two years or more severely afflicted with Scorfula, and after having tried three eminent physicians without any relief, I had come to the conclusion that I must die. I had fourteen open sores on my face and body at the same time. While in this condition, a friend presented me a bottle of your Dr. Cullen's Indian Vegetable Panacea. This was used for two months since, I have taken six bottles and am completely cured. My general health is also better than it was before for years.

SOMETHING NEW!

THE Subscribers have the exclusive right of vending J. M. THATCHER'S Hot Blast Hot Air Cooking Stove.

in the counties of Northumberland, Columbia and Schuylkill; and from the encouragement met with already, they expect to do a large business. This stove is constructed on an entirely new principle, and on the only principle that can make both a good wood and coal stove. The inventor has overcome all the difficulties that so frequently belong to other stoves. He has by his arrangement, constructed a boiling Oven in front, where in broiling, roasting, frying or baking may be done, and all the small articles besides that must pass into the combustible chamber, and in not at all through out into the room. It is not at all an oven, only two inches less than the whole size of the stove, wherein broiling or roasting may be done as well as in the common brick oven. This oven is always fit for use when the stove is heated, as the whole draught of hot air passes around it constantly.

Public attention is particularly called to this stove. It can be seen at our Store and Tin Establishment in North Danville, at the sign of the Columbia Tin shop, and at the Foundry of Rohrbach & Clement in Sunbury, where its particular qualities will be fully shown and explained to any person wishing to examine it.

The subscribers continue to have on hand all kinds of tin stoves, such as radiators, cylinders, fenders and plain, suitable for all who may favor us with a call; also cotton sheet and Russia Iron, which can be made in any desirable shape; together with a general assortment of tin and spangled ware, wholesale and retail. Country merchants are invited to call and examine our stock, as our work cannot be surpassed, and prices moderate.

N. B. We can safely recommend the above mentioned stove to persons who wish to embark in a good business. The patentee will sell either county or state rights, to suit purchasers, and on reasonable terms. He or his agents may be found in Danville, Pa.

J. & J. ARTER.

The undersigned, having seen in operation the hot blast hot air cooking stove, invented and patented by J. M. Thatcher, certify that we believe, from the manner of its construction and operation, that it is the best one ever offered to the public. The arrangement is so complete and the construction so judicious, that there is a saving of one half the fuel and time, in doing any given amount of work, over other celebrated stoves. In short we become men it in preference to all others, for the simple reason that it embraces every branch of economy research that Samuel Garrett, John W. Garrett, David Chatfield, W. F.
