THE ONLY PLACE WHERE A CURE CAN BE OBTAINED: R. JOHNSTON has discovered the M. JOHNSTON has discovered the most certain, speedy and only effectual remedy in the world for all private discases, weakness of the back or limbs, strictures, affections of the kidneys and bladder, involuntary discharges, impotency, general deliffity, nervousness, dyspepsy, languor, low spirits, confusion of ideas, palpitation of the heart, timidity, tremblings, dimense of sight or piddiness, disease of the head, throat, nose or skin, affections of the liver, lungs, stomach or bowels—those terribic disorders arising from the solitary habits of youth—those secret and solitary practices more fatal to their victims than the song of Sytens to the Mariners of Ulysses, highting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN Especially, who have become the victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted teleutsand brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to estasy the living lyre, may call with full confidence. MARRIAGE. Married persons, or young men contemplating mar-riage, being aware of physical weakness, organic debil

Immediately cured, and full vigor restored. This distressing affection—which renders life inherable and marriage impossible—is the penalty paid by the victims of improper indulgances. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to dony that the power of procreation is lost sooner by those falling into impreper habits than by the prudent? Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indirection, constitutional debility, a wasting of the frame, cough, consumption, decay and death OFICE NO 7 SOUTH FREDERICK STREET.

MENTALLS—The bearuit effects on the minu are much to be dreaded—loss of memory, enfincion of ideas, depression of shirts, evil for chodings, aversion to society, soil distruct, love of solitude, timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining heelth, besing their vigor, becoming weak, pale, nervous and emaciated having a singula, appearance about the eyes, cough and symptoms of consumption.
