The President's Condition.

OFFICIAL BULLETIN.

AUGUST 2' 7 P. M.

The President has continued to progress favorably during the day, and appears perceptibly better in his general condition than yesterday, a more natural tone of voice being especially perceptible. The appearance of the external wounds at the evening dressing was extremely good. That made by the ball is rapidly granulating, while the discharge from the deeper part of the wound, which is abundant and healthy, comes through the counter opening made by the operation. The rise of temperature this afternoon is moderate and attended by no inconvenience to the patient. At present his pulse is 104, temperature 100, respiration 20.

ADDITIONAL LOCAL.

Personal.

Mrs. N. C. ELSBREE is quite ill. Landlord MORRIS, of Burlington, was in town yesterday.

Miss WINNIE STEVENS, from Standing Stone, was visiting in town yesterday.

Miss JENNIE MILLER, of Waverly, is visiting Mrs. A. S. GORDON, on York Avenue.

Mrs. O. A. BALDWIN has gone to Scranton at the invitation of a friend, to select a piano.

Hons. JAS. H. WEBB, GEO. LANDON, and JOHN F. GILLET, were among the visitors in town yesterday.

L. J. CULVER and JOHN MATHER are enjoying a short respite from governmental labor with friends in this county.

Rev. J. H. WESTON and station agent W. H. KENTNER, of Wyalusing, made us an agreeable call yesterday afternoon.

Mrs. FRED WHITE, who has been visiting her sister Mrs. G. S. PECK, in Athens, will return to her home in this place to-day.

Our esteemed friend, E. W. SMITH, of the Third Ward, has our thanks for some fine, crisp cucumbers grown in his own garden.

Mrs. Col. ESHELMAN came up from Long Branch with her parents, Hon. U. MERCUR and wife. The Colonel returned to his home in Lancaster.

Judge LINN went out to Highland last evening to spend the night with his old-time friend and companion, S. B. MCCORD, at his pleasant home.

We regret to notice that the wife of Assistant Superintendent THOMAS, of the Erie railroad was recently severely bitten by a cat that manifested symptoms of being rabid.

What does it mean? SAM W. BUCK, one of our most talented young attorneys has just provided himself with an ornate and costly bed room set. The bed is not a single one.—Is SAM going to take a partner?

J. F. CORSER, by advice of physicians here, went to New York Monday evening with his son ARCHIE, to have Dr. HAMILTON make an examination of the young man's arm, injured by a fall a few weeks ago.

Mrs. H. W. PATRICK, her son WILLIE and Mr. ROBBINS, who is spending the summer with them, started for Mt. Clemens, Mich., yesterday, where they will remain a few weeks as the guests of Hon. B. RUSH JACKSON.

Miss LILLIE MERCUR, Miss MINNIE WOODRUFF, and Dr. WILLIAM H. MERCUR, went to Bernice yesterday afternoon, and will enjoy invigorating mountain air and look for "stones! great white stones!" in the wilds of Sullivan, for a few days.

THOS. T. WIREMAN, Superintendent of the Pennsylvania railroad company's canals, is here to testify in the equity suit before Judge LINN. Mr. WIREMAN was Chief Engineer of the Barclay Railroad during the construction of the road, and resided in this place. For the past twenty-five years he has lived in Harrisburg.

While Master FRED BETTS was riding Mr. BUFFINGTON's pony "Polly," last evening, one of the stirrups came off and FRED fell to the ground. He was hit by the animal's hoof and sustained an ugly looking wound over one of his eyes. The accident happened near Mr. BETTS' residence and the lad was carried into the house and the wound attended to by Dr. WOODBURN, who pronounced the injury not serious.

Miss CHARITY WEBB, of North Towanda, has left at this office a collection of pansies, comprising 31 different varieties. The growing of flowers is no longer confined to city and town, but, since the organization of the grange and the dissemination of its teachings few farm dwellings are found without them, as well as other evidences of culture and refinement. Mr. WEBB's home furnishes a conspicuous example of the truthfulness of this proposition.

The train which will take the Methodist Sunday School and their friends to Eilenbergers, will start from the depot near the Court house at Ten o'clock, sharp, this morning.

GEO FAIRCHILD's barber shop has been torn up for a few days while a new floor was being put down. GEORGE expects to have things in running order and on a firmer foundation this morning.

FRANK WALKER, of Athens, Pa., had been out on the river with his boat on Friday, and was driven in by the storm. He had but just secured it and was on the way to his house, when the lightning struck it, damaging the bow so that it is almost useless.—*Elmira Free Press.*

Providence favors our Methodist friends, and they are to have a lovely day for their picnic. Everybody invited. Train leaves at 10. You can buy a lunch as nice as any one has at STEVENS & LONG'S, if you are not already provided for.

The Troy Gazette says the large barn of JUSTIN CALIFF, on the line between Springfield and Smithfield townships, was struck by lightning and burned about sunset Monday night during a very hard storm. It was well filled with hay and grain. There was an insurance we understand on the barn, but none on the contents. The loss must have been considerable.

E. C. OLIVER, one of the most enterprising and public spirited citizens of Troy, died on Monday night of inflammation of the bowels. He was 65 years old and had resided in the place over forty years. His enterprise and capital have added largely to the growth and prosperity of our sister village. He will be universally mourned in western Bradford where he was well known.

Council Proceedings.

TOWANDA, Aug 1, 1881.

At a regular meeting of the Council held August 1st, 1881, the following members were present, W. G. Alger Burgess, Frost, Gordon, Holecomb, McCabe, Rahm and Spalding.

The minutes of the last meeting, read and approved.

Petitions were presented for the further improvement of State street. For the removal of filth from Main street between Pine and Bridge streets and a petition from Martin Bennis for a small compensation for the time lost by an accident which occurred to him while laboring for the Borough. On this petition Councilman Holecomb submitted the following resolution.

Resolved, That Martin Bennis be allowed nineteen and eighty one hundredth dollars in full for the claim specified in his petition, to be applied upon a claim against him by the Borough for support of his daughter. Adopted.

The petition for the removal of filth from Main street was then considered.

Councilman Gordon said, that the managers of the Water Works, was responsible for the nuisance complained of, that at all points where water was taken across the gutters into buildings, the dirt was thrown loosely back and a ridge left, thus creating a dam, and preventing the water from running off; this want of care was manifest in every part of the borough; pipes were bursting in all directions and from the condition the streets were left in, after the breaks were repaired, it seemed to him a waste of money to make any further effort to improve the streets of the borough.

On motion, the Secretary was directed to notify the Superintendent of the Water Works to remedy the evil complained of in the petition, and to abate the nuisance complained of in all parts of the borough.

Bills amounting to \$708 43 were presented, approved and ordered paid.

Police Justice Coddling reported nine arrests during the month of July, all for drunkenness. Adjourned.

J. KINGSBURY, Secretary.

The News Condensed.

The profits of Sing Sing prison last month were \$4,000.

Emancipation Day was generally observed by the colored people of Chicago, Monday.

The Methodist Bishop O. E. Haven is reported in a dying condition at Portland, Oregon.

Dr. Hamilton is reported as saying emphatically that there is no reasonable doubt of the President's recovery.

A careless mother while watching the sea at Long Branch, Monday, dropped an infant over the pavilion rail upon a log fifteen feet below. The child was fatally hurt.

Patrick W. Crowe, the inventor of the infernal machines recently sent to England, was arrested on Monday while walking on the main street of Peori, Ill., by an U. S. Marshall, on an order from Attorney General McVeigh. Bail to the amount of \$10,000 was tendered but the Marshall said it was necessary for Crowe to be taken to Chicago for a hearing. He is a sober, quiet citizen, but on this subject is an enthusiast.

At Highstown Borough, a suburb of Pittston, Monday evening the ground over the old workings of the Seneca Mines was observed gradually sinking. The house of a miner, John Feeny, was completely wrecked, and the family compelled to make a hurried exit. Other houses were deserted before morning. The road leading through the borough is not safe. Great excitement prevails among the residents, and much damage to property is feared.

We are constantly receiving orders for "Lum Smith's Imitation Stained glass," and are ready to give our patrons the full benefit of an inexpensive and handsome decoration by placing it on any glass whether door or window, large size or small glass, green or white, round or square, in fact any position, shape or kind of frame or glass that needs shading from the rays of the sun, or from the gaze of inquisitive eyes. Thankful for the very liberal patronage bestowed since we have received the agency of this Imitation, we shall by a strict attention to business, hoping to merit a continuance of the same. To those who have heard of the "Imitation Glass," and have not seen it, we extend a cordial invitation to examine into its real merits, and ask the prices for which it can be obtained, we are prepared to contract with churches, halls, or other public buildings, and warrant all of our work to surpass in beauty the genuine stained glass and our prices are less than one-fourth the cost of the same. Those in need of anything of this kind or who are lovers of art, whether they wish to purchase or not, are respectfully invited to examine the same at CHAS. F. CROSS' Book Store.
