accepting districts in the respective divisions The two years above mentioned will expire on the 15th day of April, 1837. Bafore that day only one joint meeting of delegates and county enmissioners (viz. on the 2d day of May next) can or will take place: at which joint meeting in-the everal divisions, or at some of the regular adjournments thereof, the number of districts which shall be entitled to a dividend of the said two years accumulation, will be unalterably fixed.

It will therefore be perceived that the approach ing election of directors (on the 18th day of March next) is a subject of deep import to the districts which have hitherto rejected the system. The claim of the districts to the two years dividends of appropriation, which will at the end of that period, remain for their use in the proper county treasuries, will be established or abandongd by the vote which their representatives may give in the next May joint meeting.
