The peculiar kind of infection which we call Scrophulous Larks in the constitution of individuals of men, is a product of a morbid action of the blood, which is competent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay.

It does combine virtues truly extraordinary in their effect upon this class of complaint, it is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, Scrophulous, Resc or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Nephritis, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Hereditary Diseases, Female Weakness, and indeed the whole series of complaints that arise from impurity of the blood.

Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. These cures are purposely ordered from all sections of the country, to prove that every remedy may have its place in the medical experience. Scrophulous affections are most subject to recur, and their final results tend to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure.
