

THE ELK ADVOCATE

This peculiar tint or infection which we call Schorax lasts in the constitutions of multitudes of men. It either produces or is produced by an excited, violent state of the blood, wherein the fluid becomes impure, and leaves the system to fall into disease and decay. The therefore, constitutional is variously caused by unwholesome diet, low living, disorderly debauches, unwholesome food, impure air, unwholesome habits, the depressing vice, and above all, by the venereal infection. Whatever it is, it is evident it is beneficial in the inveterate, descending from parents to children, the third and fourth generation, and seems to be the bane of them who have it. I will visit the imagines of the fathers over their children. The disease it originates in the various menses, more close to the bone, as it attacks. In the first, Schorax produces tubercles, and finally consumption in the gland, swelling which suppurates and become ulcerous sores in the stomach and bowels, rheumatism which produce induration, desquamation, and liver complaint, on the skin eruptive and emaciating affections. These, all having the same origin, require the same remedy, viz., purgation and invigoration of the blood. Purify the blood, and these dangerous affections leave you. With needle, tonic, excreted blood, you cannot have health with that "taint of the flesh." Lastly, you can't have a consumptive disease.

Ayer's Samparilla.

is composed of the most medicinal antiseptics that medical science has discovered for this affliction, dispensed for the cure of disorders it cures. That it is superior to any other remedy yet devised, is known by all who have given it trial. That it does good in cases truly extraordinary in their character, this class of complaints, is indisputably proved by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Circular Swellings, Tumors, Eruptions, Pimpls, Blotches and Sores, Trypanias, Rose or St. Anthony's Fire, Salt Rheum, Sulfur Head, Coughs from tuberculous deposits in the Lungs, White Swelling, Debility, Drowsy, Neuralgia, Dyspepsia or Indigestion, Sprains and Sypilistic Injections, Mercantile Diseases, Enrile Worms, and the whole series of malignant maladies, common in every part of the world. Many remedies of individual merit may be found in Ayer's American Dispensary, Switched to Paris. The domestic preparations, collected from many parts of the globe, may be carried to the highest degree of purity, and some of the remarkable cures it has made when all others have failed, are indeed remarkable. The secret of its power lies in the union of all rectified and refined essences in either oil or water, giving the access to every part of the body, so as to render it accessible to every organ, to receive their personal action. It quickly deprives the bad energies, and thus leaves the delicate forces subject to disease, but in most results than are bodily complaints. Hence it tends to shorten, and to greatly shorten, the average duration of human life. The vast importance of these considerations has done two things. In preserving a remedy which is adequate to provide. This we now offer to the public under the name of Ayer's Samparilla, although it is composed of ingredients, some of which exceed the value of \$1000 per pound in adhesive power. By this we may protect yourself from all suffering and share in the blessings. Purge out the foul corruption that reigns in the blood, purify and the cause of disease, and vigorous health will follow. By its purifying virtues this remedy stimulates the vital functions, and thus expels the elements which lurk within the system or burst out in any part of it.

We know the public has been deceived by many compounds of *Succinaria*, that promised much and did nothing; but they will neither succeed nor disappoint in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the ailing diseases it is intended to heal. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more efficient than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL.
The World's Great Remedy for
Coughs, Colds, Incipient Con-
sumption, and for the relief
of Consumptive patients
in advanced stages
of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

endurance, the best resemblance of SOL
DI STERLING SILVER in existence.

source of enormous profit, retailing, as
they very readily do, at \$25 and upwards.

gle day by any one of ordinary busi-
