SILVER WATCHES! First Class Hunting Time-Pieces for accuracy of movement, beauty of material, and above all, cheapness in price, these watches must insure universal approbation. An imitation so faultless that it can hardly be detected by the most experienced judges. The material being of two metals, the outer one first quality Sterling Silver, while the inner one is German Silver, it cannot be recognized by cutting or heavy engraving, making it, not in appearance, but in durability, the best resemblance of SOLID SILVER IN EXISTENCE. The sale of these Watches in the Army is source of enormous profit, retailing, as they very readily do, at \$25 and upwards. Many hundred dollars can be made in a single pay day by any one ordinary business man.

AT WHOLESALE ONLY! In heavy hunting cases, beautifully engraved, white enamel dial, and fancy cut hands, in gold mounting order, by the half dozen, \$72. Sold only by the case of six! Upon receipt of two dollars, as guarantee of good faith, we will send watches by express to any part of the loyal States, collecting balance of bill on delivery. This ensures buyers against fraud, giving them their watches before payment is required. Soldiers in the disloyal states must remit cash in advance, as the express companies peremptorily refuse making collections in such dangerous localities. Remember, Cash in advance from within the army lines, in check states! We guarantee the safe delivery of all watches, whether they are sent by mail or express.
