and uside of the vessel, where all was provided for his enterprise.

to contain thought for a moment. . We might not to minw this boy to condicationself for us in this way,"

that the little cabin boy should set us an 2 o'clock in the morning, in consequence calm the fears of the wome ; and fright example of courage; and it would be a sof the breaking of the steampipe, and ened men. He straggled hard for his men like us, who have lived our time, engine was therefore also uscless. At floating wreck and went down, Let us stop him?

but it can too late. They found there that it my of them wanted to get into the tempest, yielding a ready compliance they the sailor who had nided Jacques the houts they could do so. starations, and who was unfollbory of the heroir boy. They altient the who could get life preservers had pricty from the list. There were but ed as r the side of the vessel to see them, and they were very few. He two or three exceptions to this, and they what was going to happen, and a few placed them in a best, but she no seen quietty wood away a tear which would or touched the water than the expense not be restrained.

ing show the waves, and then again me clear of the starboard deck, and a distance prevented them from distinscuishing it at all. They anxiously watched the cord, and tried to guess, by

Sometimes the cord was unrolling anodity; Oh, what a brave fellow ! they said ; " see how quickly he swims ! At other places the unrolling of the ball of status stupped anddenly; " poor boy." they said, the has been drowned or downed against the tooks I"

but at unequal periods. At Minralength i slipped slowly over the vessel. and of e foll as if shelpened. They throught dampes must have much diffiearly in thing through the surf on the COLLEGE

" Parhans it is the body of the poor buy this rup sea is tossing backwards and torwards in this way," said some of THE BUILDER

The sortion was doubly grieved that he had remaitted the child to make the attenned; and, notwickstanding the des the me = -- med to be thinking more of the low than themselves.

All at succe a violent pull was given to the coul. This was soon followed by a sound, then by a third. It was the signal marend upon to tell them that Jac. ques had reached the shore. A shoul of joy was heard on the ship. They hastened to fasten a strong rope to the cord, which was drawn on shore as fast as they could let it out, and was firmly fastened by rome of the people who had come to the help of the little cabin,boy. By mount of this rope many of the ship long eiter all had safely landed they saw and this was all we are during the day the vessel sink.

The little cabin how was long ill from the contronces of his fatigue, and from the bruises he lod received by being dashed against the rocks. But he wat of the beat, did not oled that that, in reward of his bravery, his methor received a yearly the wrecked, who was floating on a piece sum of m ney which placed her above

fans being left. The pilot house was preled off our faces and hands 1 am. gone and the guards also. The sea was still hame and sore, but will be all right ranning monutains high, the spray in a few days. One of the passengers -The Eachimore Police Commission-blowing about like rain, and the wind on heard the Evening Star, was Captain eas have wisely determined to appear by the st length; "I have been wrong, i must bubble it." The dismonthed ship. The harrienne "The yes," said some of the saliets was now at its hight. I forget to men-"it is disgeneefed to us all tion that the engine stopped working at bored manually to save the ship and to if the child should die for old the fires being put out. The donkey life, but was struck by a piece of the daylight the captain told the women. Whey rashed to the side of the vessel that bothing more could be done, and ed nobly during the terrible seenes of

Mr. Allen, the purser, then came word that was fastened to the with the ladies out of the cabin. All but they had behaved with great pa and all were washed away. The ship At this thothing was seen but waves of all this time was filling fast: I stood by

white from, mountrous of water which some hatches, intending to hold on in second to rise as high as the mast, and them along with several women, where indeed, were many of the men. One of then to' town with a thundering rear, we shipped a heavy rea forword of the the positiutes, who was the proprietness Soon the practiced loye of rome of the wheelbouse on the starboard side, and of an elegant house of ill-feme in New suffors perceived a little black point ris. went down. In an instant the sea swep Orieans, had a benutiful pair of poule ried me down sume twenty five feet thought. When I could to the surface, appeared, and some of them did good and private individuals are contributing I found myself in the midst of the wreek its nuclear or slower movement, the fate of the vessel, surrounded by floating of him who was unrolling it. were floatning all about, climbur to every thing they could by hold of. All shouts for aid were drowned by the fary of the harriento. I got hold of a place of the fragments of the silona, upon which I pulled myself, but was thrown off' again and again by the violence of the waves, in

The sexicity lasted more than an each new effort to regein my position, how at the ball of string continued to be nails and splinters in the pieces of the wreek. In this way I chang to life for two or three hours.

While drifting about in this way I could see the whole of the wreek as it lay before me. I saw the hurricane leck, two hundred feet along, crowded with human beings, herded togeth er. Some of these were standing and some sitting, all helpless and despoiring I now drifted near a life boat, keel ap for which I absord and my piece of wreek and swama. Others were ellinging to it, parate station in which they were, all whom I assisted to right R. When I succould in getting in with the others I recognized the purser, Mr. Allen, There were now ten of us, but after this we were frequently up of, each time loging one or more of our number, again adding to them by picking up offers. Helpless to manage the boat, which was tilled with water and defining at the mercy of the sea, we passed and repais, ed the wreek during the day. Towards evening we lost sight of it. We had been sitting in water all day hour, and when night came on we be, in to bed the want of food and water, but we had wrecked allors reached the shore, and neither. Just after dark I picked up : found yous to save the others. Not turnip of which we cach took a late We were now so dry that some drank sea water, which made the u very fligh

> cannel before Governor Swan, but have unwisely assumed the position that he has no jurisdiction in the case. The glaring inconsistency of such a course clearly indicates the weakness of the recusnut officials, and shows how little confidence they have themselves in the attitude they have taken. Governor Swann is determined to do his whole duty in the promises, and in a tew days we will have a perceful solution of this vexed question. In the meantime, let our Radical friends keep cool, and the cause of justice will be unimpeded.

-There was a great excitement in er had been resussinated. It subsequality turned out to be unfounded.

- Temporary sheds are being creeted for the victims of the late five at Quebee, were all anxious to work when danger There is much suffering in prospect, largely to provide the necessaries of life for the sufferers, and several soup kitchens have been established. Another man, named Deiloe, has died from injuries received. An appeal has been made to the people of England and France man in Boston. The captain was one of for aid.

--Gold has been discovered on the Maryland and Virginia sides of the Po. tomae, just above Georgetown. Several companies have already been formed, or are now organizing, to develop the territory. The indications extend for about six miles on either side of the river.

-A dispatch from - Annapolis states that the investigation of the charges against the Baltimore Police Commissioners, commenced there at 11 o'clock, on the 26th inst. A large number of witnesses were present. The counsel of military academy at West Point, in June the Commissioners appeared and announced that they came to participate in a cross examination of the witnesses. but did not withdraw their plea against the jurisdiction of the Governor to pass final judgment on the case. Mr. Schley, for the petitioners, objected to the flommissioners' counsel participating in the investigation unless they withdrew their plan against the jurisdiction of the Govergar. The Governor decided to permit the coursel of the Commissioners to examine the witnesses. He announced that if, in the course of the investiga. -The death sentence which has been tion the innocence or guilt of the Compassed by the Paindim authorities upon missioners should appear, he would act two Fenian prisonlys, has awakened instantly, even in the milst of the progreat interest in their behalf throughout | seedings.
