**THE SILVER SKIRT.**  
 MORE DURABLE,  
 MORE ELASTIC,  
 MORE GRACEFUL!  
 And will keep its shape and retain its place better than any other Skirt.  
 Its new and beautiful style of Skirt (Patented March 7, 1865,) was awarded by the Great American Institute Fair, held in New York, October, 1865.  
**SILVER MEDAL,** being the Highest Premium ever given for a Hoop Skirt.  
 The Steel Springs are wound with fine plated wire—in place of a cotton covering—which will not wear off or become soiled, and the whole skirt may be washed without injury or fear of rusting, and will be as good as new.

**The Combination Silver Skirt** this invention combines with the ordinary Skirt the advantages of our Silver Skirt the bottom hoops are the same as those used in the Silver Skirt, the covering of which cannot wear off, while the upper ones are covered with cotton. No lady having once worn one of our Skirts, will be willing to wear any other, as the lower hoops of all other kinds are soon injured and soiled.  
 The best materials are used in their construction, and, from their durability and neatness they are destined to become a favorite Skirt.  
 Manufactured solely by the **Silver Skirt and Wire Manufacturing Company,**  
 30 and 32, BARCLAY ST., NEW YORK.

**THE MOST RELIABLE CUSHION** used on Billiard Tables is the **CAT-GUT CUSHION,**  
 Manufactured by Kavanagh & Decker, and patented Dec 18, 1865. (See Scientific American, volume 16, number 11.)  
 It is the ONLY Cushion that possesses all the qualities essential to a perfect Cushion. It is the most elastic and most durable Cushion ever offered to the billiard-playing public, as is abundantly proven by the great demand for it since its introduction. The peculiarity which distinguishes the CAT-GUT Cushion and renders it superior to all others, is the tightened cord of cast-gut which overlies the face and edge of the Cushion, which prevents the ball from bedding into the rubber and jumping from the table. The addition of the cat-gut cord also adds much to the elasticity of the Cushion.  
 The CAT-GUT Cushion has already been applied to over 1000 tables which are in constant use. It can be applied to tables of any make, for \$75 per set.  
**KAVANAGH & DECKER'S** Factory, at the corner of Centre and Canal Streets, N. Y., is the most complete of its kind in the world. The machinery is of the most improved character, the lumber drying room the largest in the United States, the material used the best that can be purchased, and the workmen thoroughly skilled.  
 Billiard Cloth, Balls, Cues and Trimmings, all of the best make, constantly on hand.  
 Kavanagh and Decker are the only agents in this country for **KAY'S CEMENT,** adjudged by competent authorities to be the best cement ever used.  
 Full Size Tables cut down for \$100.

 (LATE POWELL'S)  
**EMBROCATION!**  
**FOR ALL DISEASES INCIDENT TO** Horses, Cattle and the Human Flesh, requiring the use of an external application.  
 This new Compound, prepared by a practical Chemist having a full knowledge of all the medical virtues of each ingredient that enters into its composition, is warranted to exceed anything of the kind yet offered to the public as an external application for the diseases for which it is recommended. We are satisfied that it will work its own road into the confidence of all who use it, and those who try it once will never be without it, and therefore we rely on experience as the best test of its usefulness. It is pronounced by Farriers, and all who have tried it to be the best application ever used. This Embrocation has been put up for over eight years, and it is only through the increasing demand and urgent request of my friends and the Public that I send it forth as the grand remedial agent for the various diseases to which that noble and useful animal, the HORSE, is subject. Many remedies have been offered to the Public under different forms, some of these are injurious, others at best of little use, and many wholly improper to answer the purposes for which they are recommended. A judicious and really useful composition free from those objections, has therefore long been desired by many gentlemen who have valuable horses, and are unwilling to trust them to the care of designing and pretentious Farriers. Their wishes are at length fully gratified, by Dr. Beale's being prevailed upon to allow this valuable Embrocation (which has proved so efficacious to the various diseases) to be prepared and brought out to the public.  
 This embrocation was extensively used by the Government during the war.

**THE MOST RELIABLE CUSHION** used on Billiard Tables is the **CAT-GUT CUSHION,**  
 Manufactured by Kavanagh & Decker, and patented Dec 18, 1865. (See Scientific American, volume 16, number 11.)  
 It is the ONLY Cushion that possesses all the qualities essential to a perfect Cushion. It is the most elastic and most durable Cushion ever offered to the billiard-playing public, as is abundantly proven by the great demand for it since its introduction. The peculiarity which distinguishes the CAT-GUT Cushion and renders it superior to all others, is the tightened cord of cast-gut which overlies the face and edge of the Cushion, which prevents the ball from bedding into the rubber and jumping from the table. The addition of the cat-gut cord also adds much to the elasticity of the Cushion.  
 The CAT-GUT Cushion has already been applied to over 1000 tables which are in constant use. It can be applied to tables of any make, for \$75 per set.  
**KAVANAGH & DECKER'S** Factory, at the corner of Centre and Canal Streets, N. Y., is the most complete of its kind in the world. The machinery is of the most improved character, the lumber drying room the largest in the United States, the material used the best that can be purchased, and the workmen thoroughly skilled.  
 Billiard Cloth, Balls, Cues and Trimmings, all of the best make, constantly on hand.  
 Kavanagh and Decker are the only agents in this country for **KAY'S CEMENT,** adjudged by competent authorities to be the best cement ever used.
