ARGE CAPACITY, GREAT Streguth and unequalled speed, simplicity and completeness of operation, are qualities pc. culiar to the

Nonpareil Washing Machine. It is a squeezing machine constructed on strictly mechanical principles, and the experience derived from five years extensive use in femilies, hotels and public institutions

proves it to be of lasting value to the pur-The manner of operating the Nonparcil, by rotary motion acting on a crank shaft (with balance wheel,) which moves the plungers alternately, is the simplest, least aborious and most powerful that can be devised for the purpose, and accomplishes the work with the greatest rapidity and the least possible labor.

The great speed with which this machine performs work will be understood from the statement that it is geared to give six strokes of the plungers for one turn of the handle, or, when worked leisurely, about four hun-dred strokes a minute-Safety to the fabric washed is insured by the entire absence of rubbing.

A girl or boy of fifteen can work the machine, and do a week's washing for a family of six or eight persons in two to three hours' time : and it may be relied on to cleanse the clothing thoroughly, without assistance

from hand rubbing.

(LATE POWELL'S) EMBROCATION! POR ALL DISEASES INCIDENT TO Horses, Cattle and the Human Flesh, requiring the use of an external application.
This new Compound, prepared by a practical Chemist having a full knowledge of all the medical virtues of each ingredient that cuters into its composition, is warranted to exceed anything of the kind yet of-fered to the public as an external application for the diseases for which it is recom-mended. We are satisfied that it will work its own road into the confidence of all who use it, and those who try it once will never be without it, and therefore we rely on experience as the best test of its usefulness. It is pronounced by Farriers, and all who have tried it to be the best application ev-er used. This Embrocation has been put up for over eight years, and it is only through the increasing demand and urgent request of my friends and the Public that I send it forth as the grand remedial agent for the various diseases to which that noble and useful animal, the HORSE, is subject Many remedies have been offered to the Public under different forms, some of these are injurious, others at best of little use,

and many wholly improper to answer the purposes for which they are recommended. A judicious and really useful composition free from those objections, has therefore long been desired by many gentlemen who have valuable horses, and are unwilling to trust them to the care of designing and prettending Farriers. Their wishes are a length fully gratified, by Dr. Beale being prevailed upon to allow this valuable Embrocation (which has proved so efficacious to the various diseases) to be prepared and

brought out to the public. This embrocation was extensively used by the Government during the war. Address all orders to DR. EDMOND BEALE.

602. South Second St. Phil'a. Ridgway, Pa. ap301y THE MOST RELIABLE CUSHION used on Billiard Tables is the

CAT-GUT CUSHION,

Manufactured by Kavanagh & Decker, and patented Dec 18, 1866, (See Scientific American, volume 16, number 11.)

It is the ONLY Cushion that possessess all the qualities essential to a perfect Cushion. ion. If is the most clastic and most durable Cushion ever offered to the billiard-playing public, as is abundantly proven by the great demand for it since its introduction. The peculiarity which distinguishes the CAT GUT Cushion and renders it superior to all others, is the tightened cord of catgut which overlies the face and edge of the rubber, and running the full length of the Cushion, which prevents the ball from bedding into the rubber and jumping from the table. The addition of the cat-gut cord table. The addition of the cat-gut cord also adds much to the elasticity of the Cush-

The CAT-GUT Cushion has already been applied to over 1000 tables which are in constant use. It can be applied to tables of any make, for \$7.5 per set.

KAVANAGH & DECKER'S Factory, at the corner of Centre and Canal Streets, N. Y., is the most complete of its kind in the world.
