Your Real Horoscope

by Ruby Vignarolo
A.A.B. Practiced Astrologer

Aries: (Mar. 21-Apr. 19) Assert your position at work. Refuse to begin mopping the bathrooms until everyone has left for the night.

Taurus: (Apr. 20-May 20) Something really bad will happen to you this month. Don't leave the house.

Gemini: (May 21-June 21) Paul Bunyan will step into your backyard and create a canyon the size of Minnesota.

Cancer: (June 22-July 22) You will give birth to a baby boy on national television. Name him Little Ricky.

Leo: (July 23-Aug. 22) Surprise your mate with a gift. Give your lover a magical trenchcoat lined with koala skin.

Virgo: (Aug. 23-Sept. 22) A heavy workload can produce anxiety. Reduce stress this week by fondling your genitals in public.

Libra: (Sept. 23-Oct. 23) Financial rewards will be yours when you enter and win a beer-roast-licking contest.

Scorpio: (Oct. 24-Nov. 21) A cocktail party ends in chaos and tragedy when everyone is trampled by bison.

Sagittarius: (Nov. 22-Dec. 21) Telemarketers will call you every six minutes to sell you lawn chemicals. Buy a gross of milorganite to shut them up.

Capricorn: (Dec. 22-Jan. 19) Take up the exciting hobby of body-piercing. Puncture your eyelids with pop-rivers.

Aquarius: (Jan. 20-Feb. 18) Remember that time when you were nine years old, and the kids at school made fun of you because your mom made you wear boots? Well, those same kids will be calling you this week to razz you about your haircut.

Pisces: (Feb. 19-Mar. 20) You will ascend into Heaven, only to be gored by an oncoming DC-10.
