KIDS' WORLD

PIG DEAL! Let's say you are a farmer and that you have two pigs in each of the eight pens shown at right. That is a total of 16 pigs, with six on each side. Now, let's say your stock is increased by four pigs for a total of 20. How is it also possible to house the 20 pigs with six on each side? Time limit: 2 minutes.

One pig in each corner, four in each center pen, will do it.

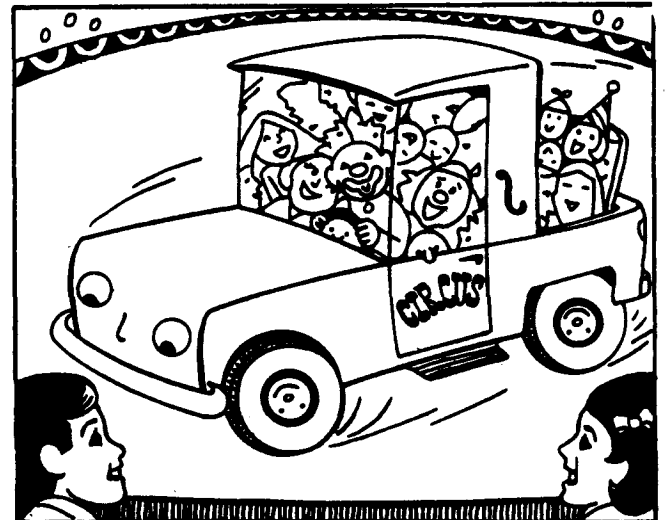

ALL A's! Five of the 50 U.S. state capitals have names that begin with the letter A. How quickly can you identify at least three of them?

Albany, NY; Annapolis, MD; Atlanta, GA; Augusta, ME; Austin, TX.

WELL BEGUN EXERCISE
