Penn State-Behrend deserves to have student leaders who are dedicated to making our campus a better place, both academically and socially. From a better advising program to more interesting events during the week. A resident senator must look out for the interests of his/her constituents. I believe that my leadership skills and determination make me an ideal candidate for Resident Senator.

Hal Coffey
Resident Senator

I am from Pittsburgh, PA I am a business management major. I also am a Resident Assistant in Niagara Hall. I am running for Resident Senator because I am concerned with the issues facing the resident students. I believe that the students need a voice which can articulate these issues to Student Government and will use SGA as a resource for the students.

I feel it is important for the resident students to be represented. It has come to my attention that I have no idea who I could go to right now for my opinions and interests to be represented. It is my intention to be recognized as a student representative and express the student body's opinions.

Rob Taylor
Resident Senator

Don't Forget!

Elections are March 30 in the Mailroom lobby and the Science Building lobby and March 31 outside the Wintergarden and in the Science Building lobby.

This Section was sponsored by SGA and The Collegian.
