Obscene Phone Call Investigation Update

Many women across campus have been receiving obscene phone calls from "Frank Fasso." Police and Safety is asking that, due to the mass of complaints received, if the woman has just received one call from this individual that she need not report the incident.

At this point of the investigation it is asked that only the women receiving repeated calls from this man notify Police and Safety.

This man is calling all of the local colleges. If he calls Behrend he states he is from Edinboro; if he calls Edinboro he will say he is from Behrend or another college.

This is currently under investigation and charges will be filed once the identity of the individual is determined.

The first Student Government executive board meeting of the semester was held on Tuesday. The meeting was held to discuss questions that will be posed to the stipend committee.

A committee was formed to approach the directors of the library and the computer center. The goal is to extend the hours of both during finals week.
