Two students were involved in a motor vehicle accident on College Drive. There were no injuries, but both vehicles had to be towed from the scene.

Saturday, March 19

A window screen in the Apartments was found to be cut. There was no access to the apartment.

Sunday, March 20

NOTE:

There was a question as to why the Sigma Kappa Nu fraternity was the only fraternity listed in the crime statistics published in the February 17 edition of The Collegian.

The Student Right-To-Know and Campus Security Act of 1990 requires Behrend to report criminal activity reported both on campus and at recognized off-campus facilities. At the time the statistics were collected, Sigma Kappa Nu was the only fraternity with a recognized house. To be considered a recognized facility, it must be owned or leased by a student organization which is recognized by Behrend College.

I am working with the Office of Student Activities to see if there are any other student groups which meet these requirements. If there are, an amended copy of the statistics will be made available which will include all of the recognized off-campus facilities.

It was not the intention of the Office of Police and Safety Services to single out any campus organization. I hope this letter will shed some light on how the statistics were compiled.
