He shoots, he scores: Andy Lafferty's scoring ability makes him Athlete of the Week.

by Brian Stadler
Collegian Staff

"He's a big-time goal scorer and finishes tremendously," is how Behrend's men's soccer coach Dan Perritano characterized the Athlete of the Week, Andy Lafferty.

Lafferty is a sophomore engineering major. He is the man that gives opposing teams fits over how to contain him. Teammates such as Matt Murphy remember Lafferty for his stellar performance against Grove City. Murphy said of Lafferty, "He brought us back

from a three to one deficit by scoring two goals and he was really responsible for our comeback. Andy is a powerful forward with great ball skills."

Lafferty has scored seven goals and has had one assist for the season. He had three goals in the Grove City win and one in the game against Washington and Jefferson. He also contributed one goal in the win against Buffalo State.

Andy reflected back on the season and said, "We were a young team this year but as the season progressed we grew into a unit. What we lacked in experience we made up in

ambition. Next year we will have another year of experience and with most everyone back we're looking forward to a great season."

Although a quiet individual on the soccer field, Coach Perritano knows Lafferty's presence is felt by all. "You may not notice him for a half, but he is deceptive and can take over a game with his ability to score at any one time."

Before coming to Behrend Lafferty had a great senior year at South Park High School in Pittsburgh, scoring 30 goals and had 18 assists. He had 15 goals his freshman year at Behrend.
