You're even more sensitive than usual. Those are the best days for learning how to make lots of money out of a little. Nobody will be much interested in studying from Friday through the weekend.

Athletic activities should be superb, though. Either play or watch.

**Aries (March 21-April 19).** Hit the books hard Monday. Your research pays off Tuesday. A roommate's problem may mess up your plans Wednesday. Don't be mean on Thursday, but help a friend accept reality. It may be hard to concentrate on class work Friday; you're more interested in love. Just about anything you try goes well Saturday, especially sports, travel, and romance. Make a commitment Sunday afternoon, and then get to work on it.

**Taurus (April 20-May 20).** Check another income source on Monday. Get a friend to help with your research Tuesday. Attend a meeting Wednesday, and plan a trip with friends. Don't let a sibling set you up with a blind date Thursday. Go with a teammate instead. Entertain at home Friday night. That would be OK Saturday too, but could interfere

with travel plans. Go along with your date's wishes Sunday, and you'll get your way Sunday night.

**Gemini (May 21-June 21).** Monday's confusing, but interesting. Make time to get organized, or you might forget an assignment due Tuesday. Get the extra books or supplies recommended on Wednesday. Work for an older person Thursday, to replenish your bank account. You'll excel in a presentation Friday. Stand up to a bigot on Saturday, and you may make a convert. Study on Sunday, so you're ready for impending changes.

**Cancer (June 22-July 22).** Confidential inquiries Monday could lead to the answers you need. Ask questions early Tuesday, if you want to know everything. You're in control Wednesday. A foreigner can help you get what you want then and on Thursday. Apply for a job Friday, to minimize your debt. You'd do well in health or child care. Old sports equipment brings top dollar Saturday and Sunday morning. Call your favorite sibling that night.

**Leo (July 23-Aug. 22).** Team activities take priority Monday. A group decision Tuesday morning leads to action later. Don't start anything that

afternoon, though. Finish a tough assignment Wednesday, even if you don't want to. Repay an old debt on Thursday. You're lookin' good Friday -- you should ace the test and win the game. Saturday's great too. Travel with friends and a passionate date. Get home Sunday evening and pay bills.

**Virgo (Aug. 23-Sept. 22).** Help an older person stay on schedule Monday. An expert can help you get needed funds on Tuesday. Your input's important at a club meeting Wednesday. Contribute time, not money, to a worthy cause Thursday. Ignore a jerk on Friday, and concentrate on a tough assignment or you won't get it done. Get exercise Saturday, even if you don't want any. Go along with another's plans Sunday, but save the night for yourself.

**Libra (Sept. 23-Oct. 23).** You're exceptionally brilliant Monday afternoon. Schedule accordingly. Don't let your fascination with a foreigner interfere with class work Tuesday. Talking back to a professor could have dire consequences Wednesday. Don't even think about it; that one can read your mind. Keep a lid on it Thursday, too. You can relax at a club on Friday. Play hard Saturday and Sunday, saving all

homework for the last minute.

**Scorpio (Oct. 24-Nov. 21).** You're lucky in love this week, but may lack funds. Fill out a job or loan application Monday. Pay a debt Tuesday. Wednesday's great for studying languages and planning trips. An old flame may want to rekindle on Thursday. Obey a dictatorial professor Friday, nicely. It's good practice for later. It may be hard to get what you want Saturday or Sunday, but conditions change for the better Sunday night.

**Sagittarius (Nov. 22-Dec. 21).** A contentious person could provide the answer Monday. Keep a friend and a roommate apart on Tuesday. Negotiate to get an item you want for your living quarters on Wednesday. Sell something else for much-needed cash on Thursday. Your luck improves Friday, just in time for the test. Watch out for trick questions. Travel and play games on Saturday and Sunday. Obey an older person's orders Sunday night.

**Capricorn (Dec. 22-Jan. 19).** Hours spent on a paper Monday will be rewarded. Don't get sidetracked Tuesday by superfluous data. If you get into a fight on Wednesday, get your roommate to referee. On Thursday, delegate a job you hate

to a friend who likes it. Don't squander on an ostentatious item Friday. Your education can help you make a wise purchase Saturday. Balance your checkbook and pay bills Sunday, so you can go out that night.

**Aquarius (Jan. 20-Feb. 18).** You may fall in love again on Monday or Tuesday morning. Daydreaming in class could cause giggles, so take care. If you need work, ask for it on Wednesday. Concentrate to get a tough job done Thursday. A partner will be argumentative on Friday. You're up for it. Tests should be easy, too. Compete on Saturday; you have a good chance of winning. Have dinner out with your sweetheart Sunday night, to make up.

**Pisces (Feb. 19-March 20).** It may be hard to study at home Monday. Too much activity. There could be a pop quiz on Tuesday, though. Schedule a private consultation with your favorite counselor Wednesday. Go ahead and fall hopelessly in love on Thursday. You'll have to work hard to keep up on Friday. Do that on purpose Saturday and Sunday, to make extra bucks. You can win a competition Sunday night, if you concentrate your energy.
