

College horoscopes

By Linda C. Black

Aries (March 21-April 19). You may wake up Monday feeling overwhelmed. Start with language studies; they'll go easiest.

Confusion is rampant Tuesday, but you'll do fine. Keep smiling and checking things off your list. A tough assignment's due Wednesday.

You may receive money that day, too. Your workload increases on Thursday, maybe causing an all-nighter. Finalize plans at a meeting on Friday. Study on Saturday. Make a secret pact to act on Sunday.

Taurus (April 20-May 20). Monday and Tuesday are good for getting a job or a loan. There's a scheduling conflict with a group activity -- if you organize your time, you can do both. You'll be most confident on Wednesday and Thursday. Do difficult jobs then, but save time for love. A test on Friday is horrendous. You'll only do well if you know the material cold. Finish a tough project on Saturday. Sunday, play with all your rowdy friends.

Gemini (May 21-June 21). Get organized Monday, so you won't get lost on Tuesday. You'll want to be several places at the same time -- for you, a possibility. Do your budget Wednesday and file your loan paperwork Thursday. Try out your foreign language skills on a native speaker Friday and you might get a place to stay when you travel.

You'll ace tests Friday and homework's a breeze on Saturday. Go along with an older person's agenda on Sunday.

Cancer (June 22-July 22). Work hard to finish up late assignments on Monday and Tuesday. Don't rely on another student to do it for you. A partner may be critical, but can take over some of the load on Wednesday and Thursday. Let him or her handle the practical matters. File paperwork on Friday if you want a job or loan. Balance the checkbook and pay bills on Saturday. Travel with a friend on Sunday, and fall in love all over again.

Leo (July 23-Aug. 22). Your responsibilities get in the way of your private life on Monday and Tuesday. True love will survive the chaos.

Wednesday and Thursday are full-on work days. Don't plan any extracurriculars at all. You'll do best working with a smart partner on Friday. Tests then will be exacting -- go over your work. Engage in friendly competition Saturday. Don't overspend trying to impress friends on Sunday.

Virgo (Aug. 23-Sept. 22). There's too much confusion to study in your room Monday and Tuesday. Use the time more effectively working with a partner. Long-term romantic plans fall together Wednesday and Thursday. Make vows then. Memorize all the data you'll need for the exam Friday; then just put it all together. Relax with household chores on Saturday.

Let your partner win the prize on Sunday and you'll be a winner, too.

Libra (Sept. 23-Oct. 23). Study Monday and Tuesday for all you're worth. You have to work those days too, so it'll be tough. Settle a roommate's dispute on Wednesday, and study again at home Thursday night. By Friday, you should ace the test. Don't get cocky, though. Go over your answers carefully. Romance is good on Saturday, if rather noncommittal. Sunday looks like another busy day. Are you helping to put on the party?

Scorpio (Oct. 24-Nov. 21). You're tempted to spend too much on romance or gambling Monday and Tuesday. It's a bad bet. Study Wednesday and Thursday by practicing the material until you can do it in your sleep. Take your time on the tests Friday and you'll do fine.

You may have a confrontation with a roommate that night, though. Stay home Saturday and relax. Sunday is excellent for romance and setting goals together.

Sagittarius (Nov. 22-Dec. 21). You're lookin' good Monday and Tuesday. Be gentle, too. Don't tromp on a wimpy roommate, even in jest. That same person could help you out if you're short of cash on Wednesday or Thursday. Friday's your best study day, and probably also the day of the test. Hopefully, you've cracked a book or two previously. You'll enjoy

reading on Saturday, and could spend all day at it. Entertain at home on Sunday.

Capricorn (Dec. 22-Jan. 19). Finish an overdue project Monday. If you do the bureaucratic shuffle most of Tuesday, you could have a mess cleaned up by Wednesday or Thursday. Everything goes well for you those days, including romance. Money comes in on Friday, then goes out to pay for supplies and technological trinkets. Don't go shopping Saturday -- you'll buy something you don't need. You'll learn through experience on Sunday, so take care!

Aquarius (Jan. 20-Feb. 18). Plan a club fund-raiser Monday and Tuesday that taps into funds other than your own. Finish overdue projects Wednesday and contact an older professor on Thursday.

You'll feel much better afterwards. You're brilliant Friday and easily triumph, except for a small altercation with a roommate that evening. Do what you like on Saturday. A small business could do very well on Sunday.

Pisces (Feb. 19-March 20). Ignore a professor's disparaging remarks on Monday. They're supposed to be funny. Tuesday's a mess. Take a hot bath that night to relax. Wednesday and Thursday, working with a group of friends should be fun. The test on Friday is tough. Just do it one question at a time and you'll be fine. Skip

the ones you don't know and come back to them later. Finish a reading assignment Saturday, and party hearty Sunday.

Plans for CES

from CHANGES page 1

Dunham said. "But it is what students have been asking for."

According to Dunham, each campus will submit a five-year budget and enrollment plan and...

CHILDREN SHOULD BE SEEN ...NOT HURT.
