Flip your lid

LONDONDERRY, N.H.- A six week national campaign beginning this month by Stonyfield Farm Yogurt will give environmentally concerned students a chance to encourage congress to stop cutting funds needed to protect and restore the planet. The FLIP YOUR LID campaign, launched by the New Hampshire based makers of all-natural yogurt, will carry the following message on the lids of five million Stonyfield Farm Yogurt cups: Congress, Have You Flipped Your Lids?

Said Stonyfield Farm President/ CEO Gary Hirshberg, a lifelong environmental activist, "Congress has flipped its lid when it comes to the environment. Cutting funds for programs that protect the earth is short sighted and, in the long run, will cost us more. FLIP YOUR LID tells Congress that it's not just the activists who are concerned about the environment. It's students, consumers, and the business community as well."

One side of the yogurt lid reads: "The planet is everyone's

business. We all must work to ensure a healthy planet for generations to come. You can act on behalf of your children today by 'flipping your lid'."

The flip side of the lid is a ready-made letter to Congress that simply needs to be signed and sent. It says: "Government should be more efficient, but not at the cost of a polluted planet. I don't support cuts in environmental funding for they deny our children their rights to a healthy Earth. Please vote on behalf of the environment." A toll-free line (1-800-801-0222) supplies information and the names of congress members. The FLIP YOUR LID yogurt cups will be available in college dining facilities, supermarkets, and health food stores.

Environmental groups including The Sierra Club, Greenpeace, and the Wilderness Society are supporting FLIP YOUR LID. The Timberland Company, Reebok, Ben & Jerry's, The Body Shop, and the Nature Company are several of the corporate supporters.
