Please send via inter-office mail to the Collegian Calendar Editor, drop it off at the Collegian office, or send it to BEHRCOLL3@aol.com.

The Collegian cannot guarantee publication of events due to space constraints. The Collegian also reserves the right to edit any material submitted for publication. The calendar is intended for Behrend notices and events.

Events

The National Society of Black Engineers at Behrend will host its first fashion show, "A Night of Style," Thursday, February 19 at 7:30 p.m. in the Reed Commons. Tickets for the evening are \$7.00 in advance and \$9.00 at the door. Tammy Freeman, a member and spokesperson for the NBSE, said that NBSE students will model fashions from a variety of designers and stores including Burlington Coat Factory, J. Riggins, 5-7-9, The Gap, Hammond's Clothing Store, The Limited, and Bridal Elegance. The fashion show will be followed by a buffet supper and an opportunity to win door prizes. The Lion Ambassadors will model clothes as well. Refreshments for the evening will be catered by Housing and Food Services, and the Behrend Bookstore also serves as a sponsor for the event.

What really goes on in the thick layers of colorful clouds that cover Jupiter, the Giant Planet? Dr. Roger M. Knacke, director of the School of Science at Behrend will explore that question in "The Clouds of Jupiter"

on Thursday, February 26 at 7:30 p.m. His presentation, which takes place in Room 101 of the Science Building, is the fourth of the 1997-98 Open House Nights in Astronomy Series. Weather Permitting, the observing portion of The Open House will "focus" on Saturn, The Pleiades, The Orion Nebula, and attempts will be made to find Periodic Comet 55P/Tempel-Tuttle. This comet is the source of the annual Leonid Meteor Shower with a period of 33 years. Also, during the day on February 26, a special filter will be fitted on the Newtonian telescope in the observatory, behind the Science Building, to observe the partial solar eclipse. This will be open to students, faculty and staff from 12:00pm to 2:00pm to observe this momentous event. The observing portion of The Open House and the Eclipse is hosted by The Astronomy Club and The Society of Physics Students.

Attention all students:

On Thursday, February 26, 1998, a team from University Park will be at Penn State-Behrend to make presentations on the Comprehensive Academic Advising and Information System or CAAIS. The team will consist of Gary Hile, Director of Academic Records; Daryl Hoffman, Team Leader for CAAIS development; and Jim Levin, D U S Coordinator for the College of Science.

There will be three sessions for you to choose from:

- 08:00 a.m. - 09:15 a.m. (open to faculty, staff, and students) Reed 117
- 11:00 a.m. - 12:15 p.m. (open to faculty and staff) Reed 117
- 02:30 p.m. - 03:45 p.m. (open to faculty, staff, and students) Reed 117

Please plan to attend one of these information sessions. CAAIS is described below. The presentation team will be prepared to demonstrate CAAIS and answer questions related to its use. No RSVP is required.

CAAIS

The Comprehensive Academic Advising and Information System (CAAIS) - HYPERLINK "http://caais.psu.edu" http://caais.psu.edu/ is a valuable electronic resource intended to supplement student/adviser relationships and engage students in interactive inquiry for informed educational planning. CAAIS consists of five components:

- Interactive Advising - provides students with expert-based academic advising, including tailored responses based on individual student input, student academic history and University policy.
- OASIS - Open Access to Student Information System provides students with access to their academic records. Student access ranges from viewing semester grades and transcript information, current course schedules to updating address information and requesting e-mail copies of degree audits.
- Academic and Advising References - provides hypertext links to those official University documents and publications critical to academic advising and to the internal operations of CAAIS.
- Adviser Services - provides advisers with a broad student information base and student specific information in support of adviser day-to-day interactions with students.
- CAAIS Index - provides a comprehensive list of the topics contained within CAAIS, and search engines for the CAAIS web pages. Its purpose is to provide a navigational aid for the users of CAAIS.

Students must have a current Access account provided by the Center for Academic Computing to gain access to the Interactive and OASIS components. To learn more about CAAIS and to use its many services, access the CAAIS Home Page on the World Wide Web.

Jennifer Jacob of Meadville, center, will model bridal attire for "A Night of Style," chaired by Channasa Taylor, left, and Erika Forde, right. Tammy Freeman, a freshman from Virginia Beach, is also chairing the fashion show and dinner.
