

Jenny Zhang

Freshman Senator is not a title of popularity, but an important role of leadership. Each senator carries the responsibility to work with the freshman class and ensure them an exceptional and enjoyable year of growth. To fulfill this duty, ability and intelligence are important, even more important are the availability and passion which I would bring to serving you and keep the freshman class as one community. I believe together we can achieve our potentials.

Audrey Kowal

I feel that if I were to be elected as an SGA Senator, I would enthusiastically represent the student body of Penn State Behrend. I wish to become more involved in Behrend and its activities, and feel that being an SGA Senator would enable me to become more active and allow me to apply my dedication to the best interests of the student body. I am looking forward to serving you as a responsible and dependable SGA Senator.

Jennie Ellison

I feel I would be a good senator because I feel I am very aware of the needs and desires of the students at Behrend. I would like to see all the organizations and activities at Behrend get the support and recognition they deserve.

Keenan Hansen

I do have a lot of experience with student government, but I believe the only important thing about me, concerning being Freshman Rep, is that I want to be your representative. I'm not doing this because I think some future employer will look favorably upon it. I want to get involved in SGA. I will always strive to do what has never been done, and to get what has never been got.

Demian Blair

Even though I have only been with us a few weeks, and I am not yet a senator, I am already quite active on campus and in the SGA. I am a member of the technology fee committee, that is working to find out where the fee is going and if it could better reflect student interests. I will also be traveling to University Park with Andrea for Commonwealth College Student Government Meetings.

Christopher S. Cairns

I believe I would make a good SGA Senator because I would pay heed to the interests of the student body and try to further those interests to the limits of my office.

Kolby Baker

I want to help adapt the Behrend campus to better fit students wants and needs. As an SGA Senator, I am confident that I can properly represent the opinions and interests of the student body. Currently, I am also an Interfraternal Council (IFC) representative, which is similar to SGA but represents the interests of Greek fraternities, and a member of the Sigma Tau Gamma national fraternity. I feel that my organization, dedication and experience will help make Behrend campus fitter, happier and more productive.
