## Website of the Week

## by Christine Kleck Staff writer

The costume is perfected, the party is all planned, the candy is well...eaten (whoops), but is the "net" ready for October 31, 1999? If you are like most people, by now you've realized that Halloween is on a SUNDAY (darn). With that in mind, a late night of partying, trick-or-treating and junk food is not the best thing to do to begin your school or work week.

Consider the alternatives. You could sleep, and hope those who ARE partying don't attack you. How about a scary movie to remind you of all those junior high sleepovers. (....if the movie

you were like in junior high will!!)

Why not turn to the faithful and reliable Internet (after all, it was there for you the night before your 5,000point paper was due, and even when that "hot" date called and canceled at the last minute). www. hauntedhouse.com, is just one example of the many entertaining, fun and of course "scary" sites designed for the Halloween season. It's is perfect for downloading haunting images, planning tricks to play on your roommate (or teacher), costume ideas, and even stories and legends to make your skin crawl.

www.halloweennet.com is the mother of all Halloween sites. From the minute you enter the site you will

While inside the haunted site, don't forget to play the Halloween game, check out the list of TV Halloween specials, and even read some ghost stories, if you dare. Whatever you decide to do this

Halloween remember these five things. There is safety in numbers, don't trust anything in a mask, have your mom check your candy before you eat it (how old are we?), make sure you put those orange reflective stickers on everything you own, and VISIT THESE SPOOKY SITES. You never know what will happen if you don't.

## **STUDENT CLUB OF THE WEEK** Commuter Council

## by Deanna Symoski features editor

The Commuter Council is a student-run organization that focuses on the concerns of commuters and off-campus students. They work to keep commuters updated on campus activities and solve problems such as parking, speeding, and and getting on and off campus.

Besides all this, the Commuter Council also participates in service projects, such as last year's Wish-A-Thon. This was sponsored by the Make-A-Wish Foun-

dation, an organization that helps the wishes of sick children come true. Last year, the members of this group raised enough money to send a young girl to Disney World. Right now, they are currently looking for new projects.

"We just have a good time," says Kim Burkey, 07, ACC. In early October, four members had the opportunity to attend a Leadership Conference at Peek n' Peak, where they learned how to get people involved with the group and how to incorporate effective leadership within the organization. In September, the Commuter Council sponsored a bus

trip to Cedar Point. The lines were short, the sun was bright, and everybody had a great time.

The group consists of about twenty members, but they are always encouraging interested students to sign up. "It's a good way to meet new people," says Lynn Pierson, 07, S&BS. They have weekly meetings at 1 p.m. in Reed 112, and all are welcome. The Commuter Council also had a booth at Parents and Families Weekend here on campus and is in the preliminary stages of setting up a website to help get the word out about this worthwhile organization.
